Introduction

Introduction

The Governor submitted his Executive Budget proposal for Fiscal Year (FY) 2020 to the Legislature on January 15, 2019. The Governor submitted amendments to the Executive Budget for FY 2020 on February 14, 2019. The Executive Budget Financial Plan herein sets forth the multi-year (FY 2019 through FY 2023) forecast of receipts and disbursements based on the Governor's amended FY 2020 budget proposal. The State's FY 2020 will begin on April 1, 2019 and end on March 31, 2020.

The factors affecting the State's financial condition are numerous and complex. This Financial Plan contains "forward-looking statements" relating to future results and economic performance as defined in the Private Securities Litigation Reform Act of 1995. Since many factors may materially affect fiscal and economic conditions in the State, the inclusion in this Financial Plan of forecasts, projections, and estimates should not be regarded as a representation that such forecasts, projections, and estimates will occur. The forward-looking statements contained herein are based on the State's expectations at the time they were prepared and are necessarily dependent upon assumptions, estimates, and data that it believes are reasonable as of publication, but that may be incorrect, incomplete, or imprecise or not reflective of results. Forecasts, projections, and estimates are not intended as representations of fact or guarantees of results. The words "expects", "forecasts", "projects", "intends", "anticipates", "estimates", "assumes", and analogous expressions are intended to identify forward-looking statements in this Financial Plan. Any such statements are inherently subject to a variety of risks and uncertainties that could cause results to differ materially and adversely from projections. Such risks and uncertainties include, but are not limited to: general economic and business conditions; changes in political, social, economic, and environmental conditions, including climate change and extreme weather events; cybersecurity events; impediments to the implementation of gap-closing actions; regulatory initiatives and compliance with governmental regulations; litigation; actions by the Federal government to reduce or disallow expected aid, including Federal aid authorized or appropriated by Congress but subject to sequestration, administrative actions, or other actions that would reduce aid to the State; and various other events, conditions, and circumstances. Many of these risks and uncertainties are beyond the control of the State. These forward-looking statements are based on the State's expectations as of the date of this Financial Plan.

Significant Budgetary and Accounting Practices

Unless clearly noted otherwise, all financial information in this Financial Plan is presented on a cash basis of accounting.¹

The State accounts for receipts and disbursements by the fund in which the activity takes place (such as the General Fund), and the broad category or purpose of that activity (such as State Operations). The Financial Plan tables present State projections and results by fund and category.

Fund types of the State include: the General Fund; State Special Revenue Funds, which receive certain dedicated taxes, fees, and other revenues that are used for a specified purpose; Federal Special Revenue Funds, which receive certain Federal grants; State and Federal Capital Projects Funds, which account for costs incurred in the construction, maintenance, and rehabilitation of roads, bridges, prisons, university facilities, and other infrastructure projects; and Debt Service Funds, which account for the payment of principal, interest, and related expenses for debt issued by the State and on the State's behalf by its public authorities.

The State's **General Fund** receives most State taxes and all income not earmarked for a specified program or activity. State law requires the Governor to submit, and the Legislature to enact, a General Fund budget that is balanced on a cash basis of accounting. The State Constitution and State Finance Law do not provide a precise definition of budget balance. In practice, the General Fund is considered balanced if sufficient resources are, or are expected to be, available during the fiscal year for the State to: (a) make all planned payments, including Personal Income Tax (PIT) refunds, without the issuance of deficit notes or bonds, or extraordinary cash management actions, (b) restore the balances in the Tax Stabilization Reserve and Rainy Day Reserve to levels at or above the levels on deposit when the fiscal year began, and (c) maintain other reserves, as required by law. For purposes of calculating budget balance, the General Fund includes transfers to and from other funds.

The General Fund is the sole financing source for the School Tax Relief (STAR) fund and is typically the financing source of last resort for the State's other major funds, including the Health Care Reform Act (HCRA) funds, the Dedicated Highway and Bridge Trust Fund (DHBTF), and the Lottery Fund. Therefore, General Fund projections account for any estimated funding shortfalls in these funds. Since the General Fund is required by law to be balanced, the focus of the State's budgetary and gap-closing discussion in this Financial Plan is generally weighted toward the General Fund.

From time to time, the Division of the Budget (DOB) will informally designate unrestricted balances in the General Fund for specific policy goals (e.g., the payment of costs related to potential labor contracts covering prior contract periods). These amounts are typically, but not uniformly, identified with the phrase "reserved for," are not held in distinct accounts within the General Fund, and may be used for other purposes.

¹ State Finance Law also requires DOB to prepare a pro forma financial plan using, to the extent practicable, generally accepted accounting principles (GAAP). The GAAP-basis financial plan is informational only. DOB does not use it to manage State finances during the fiscal year or update it on a quarterly basis. The GAAP-basis financial plan follows, to the extent practicable, the accrual methodologies and fund accounting rules applied by the Office of the State Comptroller (OSC) in preparation of the audited Basic Financial Statements, but there can be no assurance that the pro forma GAAP financial plan conforms to all GAAP principles.

State Operating Funds is a broader measure of spending on operations (as distinct from capital purposes) funded with State resources. It includes financial activity in the General Fund, as well as State-funded Special Revenue Funds and Debt Service Funds (spending from Capital Project Funds and Federal Funds is excluded). As a significant amount of financial activity occurs in funds outside of the General Fund, the State Operating Funds perspective is, in DOB's view, a more comprehensive measure of operations funded with State resources (e.g., taxes, assessments, fees, and tuition). The State Operating Funds perspective eliminates certain distortions in operating activities that may be caused by, among other things, the State's complex fund structure, and the transfer of money between funds. For example, the State funds its share of the Medicaid program from both the General Fund and State Special Revenue Funds. The State Operating Funds perspective captures Medicaid disbursements from both fund types, giving a more complete accounting of State-funded Medicaid disbursements. Accordingly, projections often emphasize the State Operating Funds perspective. The State's adherence to a 2 percent annual spending growth benchmark is calculated on a State Operating Funds basis.

As described later, the Financial Plan reflects some actions that have affected, or are intended to affect, the amount of annual spending reported on a State Operating Funds basis. Such actions include but are not limited to: (a) realignment of certain operating costs to the capital budget to provide greater consistency in reporting across all agencies, and a more accurate accounting of the overall capital budget; (b) the payment of certain operating costs using available resources outside of the State Operating Funds basis of reporting; (c) the restructuring of the STAR program such that certain benefits are provided as a tax credit rather than a disbursement, consistent with other State tax credits; (d) appropriation of certain operating costs for the Department of Transportation (DOT) and Department of Motor Vehicles (DMV) from the General Fund instead of the DHBTF, a change which increases reported disbursements from State Operating Funds; and (e) no longer appropriating certain receipts payable to the Metropolitan Transportation Authority (MTA). On balance, if these and other transactions are not executed or reported in a manner consistent with DOB's interpretation of legislation included with the FY 2019 Enacted Budget and FY 2020 Executive Budget, then annual spending growth in State Operating Funds would be higher than Financial Plan projections.

The State also reports disbursements and receipts activity for **All Governmental Funds** (All Funds), which includes spending from Capital Project Funds and Federal Funds, in addition to State Operating Funds. The All Funds basis provides the most comprehensive view of the cash-basis financial operations of the State.

Financial Plan projections for future years may show budget gaps or surpluses in the General Fund. Budget gaps represent the difference between: (a) the projected General Fund disbursements, including transfers to other funds, needed to maintain current services levels and specific commitments, and (b) the projected level of resources, including transfers from other funds, available to pay for these disbursements. The General Fund projections are based on many assumptions and are developed by DOB in conjunction with other State agencies. Some projections are based on specific, known information (e.g., a statutory requirement to increase payments to a prescribed level), while others are based on more uncertain or speculative information (e.g., the pace at which a new program will enroll participants). In general, the Financial Plan assumes that money appropriated in one fiscal year will continue to be appropriated in future years, even for programs that were not created in permanent law and that the State has no obligation to fund. Funding levels for nearly all State programs are reviewed annually in the context of the current and projected fiscal position of the State.

The Financial Plan projections for FY 2021 and thereafter reflect savings that DOB estimates would be realized if the Governor continues to propose, and the Legislature continues to enact, balanced budgets that limit annual growth in State Operating Funds spending, as State Operating Funds is currently constituted in the Financial Plan, to no greater than 2 percent. Total disbursements in the tables and narrative contained in this Financial Plan do not reflect these assumed savings, which are reflected instead on a distinct line and labeled “Adherence to 2% Spending Benchmark.” Financial Plan projections are subject to many risks and uncertainties, as well as future budgetary decisions and other factors that are currently unknown. If the 2 percent annual State Operating Funds spending growth benchmark is exceeded, projected budget gaps would be higher (or projected surpluses would be lower).

Differences may occur from time to time between the State's Financial Plan and OSC's financial reports in presentation and reporting of receipts and disbursements. For example, the Financial Plan may reflect a net expenditure while OSC may report the gross expenditure. Any such differences in reporting between DOB and OSC could result in differences in the presentation and reporting of receipts and disbursements for discrete funds, as well as differences in the presentation and reporting for total receipts and disbursements under different fund perspectives (e.g., State Operating Funds and All Governmental Funds).

Summary of Revisions to the Initial Executive Budget

Summary of Revisions to the Initial Executive Budget

DOB has updated the Executive Budget Financial Plan (the “Updated Financial Plan” or “Updated Plan”) to reflect Governor’s amendments and forecast revisions to the initial Executive Budget Financial Plan (the “Initial Financial Plan” or “Initial Plan”). The changes to the Initial Plan are summarized here and are followed by the official Financial Plan projections reflecting the amended FY 2020 Executive Budget proposal. The forecast revisions rely on updated information on receipts and disbursements through January 2019.

Initial Financial Plan

On January 15, 2019, the Governor submitted to the Legislature the Initial Financial Plan for FY 2020. At the time of submission, DOB reported that the General Fund was expected to remain in balance in the current fiscal year (FY 2019), and that the Executive proposal for FY 2020, if enacted without modification, would eliminate the estimated budget gap for FY 2020 and reduce the budget gaps projected for FY 2021 through FY 2023.

In the Initial Plan, DOB noted that a shortfall in PIT receipts “appeared abruptly in the final weeks of December 2018 and has persisted through the early part of January 2019, a period that is typically marked by a relatively heavy flow of PIT receipts compared to the rest of the fiscal year.” The shortfall was observed in the estimated payment and withholding components of the PIT. In response to data available at the time, DOB reduced the annual estimates for General Fund tax receipts by \$396 million in FY 2019, \$1.6 billion in FY 2020, \$3 billion in FY 2021, \$3.4 billion in FY 2022, and \$4.1 billion in FY 2023.² DOB speculated on the factors that may have been contributing to the shortfall, including taxpayer behavior in response to Federal tax law changes, in particular, the Federal limit on state and local tax (SALT) deductions (the “SALT limit”), and weakness in the financial markets.

Update on Tax Receipts

PIT collections through January 2019 continued to be disappointing, making it clear that the downward revisions made in the Initial Financial Plan were not steep enough. PIT receipts from estimated payments in the current year were \$2.3 billion below the estimate in the Initial Plan. In addition, receipts from the withholding component were marginally below expectations.

² In comparison to the Mid-Year Update to the FY 2019 Financial Plan (November 2018). The revisions are exclusive of (a) changes in debt service on state revenue bonds, which affect the amount of tax receipts transferred to the General Fund after debt service requirements are satisfied, and (b) proposals to increase tax receipts in the Initial Financial Plan.

PIT Estimated Payments

Estimated payments are due quarterly on (or around) the 15th of April, June, September, and January. Prior to the SALT limit, taxpayers making estimated payments generally had an incentive to make the January payment in December to claim a deduction when they filed their Federal tax return due in April. The SALT limit, which effectively eliminated the incentive to make estimated payments by December 31, appears to have dramatically altered the estimated payment pattern. Estimated payments received in December 2018 were 88 percent lower than in December 2017. By late January 2019, the year-over-year decline in estimated payments for December/January had been reduced to 55 percent, as payments were received by the January deadline.

In the Initial Plan, DOB had estimated a year-over-year decline in estimated payments of approximately 28 percent in the current fiscal year. The steeper decline translates into a \$2.3 billion loss in PIT receipts in the current fiscal year compared to the Initial Plan.

As collections of PIT estimated payments in the current fiscal year are virtually complete, the estimated recuperation of the receipts shortfall will remain unknown until late April, when taxpayers will have either finalized their 2018 returns or filed for an extension accompanied by a payment. In the Updated Financial Plan, DOB estimates that approximately \$1.4 billion of the \$2.3 billion shortfall will be recovered in the April settlement that occurs in first quarter of FY 2020. This forecast for the April 2019 settlement implies a \$900 million reduction in receipts related to 2018 non-wage income. The reduction is consistent with DOB's downward revision of \$10.5 billion to 2018 non-wage income compared to the Initial Financial Plan. Capital gains, which comprise about 42 percent of non-wage income, are now estimated to decline by approximately 3.1 percent for the 2018 tax year, compared to a decline of 0.1 percent in the Initial Financial Plan.

PIT Withholding

Withholding which largely comes from current wages, including bonus income, was marginally weaker than expected compared to the Initial Plan. Preliminary January withholding receipts fell short of the Executive target by \$117 million due to weakness in bonus payments. A substantial decline in early January withholding had been expected, due to late December bonus payments, but the remainder of January proved disappointing, growing at just 1.2 percent over the same period last year. Based on this information, DOB is reducing the estimate for withholding by \$261 million in the current fiscal year and \$344 million in FY 2020. The changes are consistent with DOB's updated estimates for finance and insurance-sector bonuses and wage growth.

Summary of Revisions to the Initial Executive Budget

Updated Financial Plan

In the Updated Financial Plan, DOB has reduced the annual estimate for tax receipts in total by \$2.6 billion in FY 2019, \$1.2 billion in FY 2020, and similar amounts in the following fiscal years as PIT receipts grow from a lower collections base. DOB believes that the revisions are reasonable and consistent with available data, but there can be no assurance that actual receipts collections will not vary materially and adversely from these revised estimates.

In addition to the revision to PIT receipts, the Updated Financial Plan reflects the costs of a new labor contract with the union representing State correctional officers, whose members ratified a seven-year contract on January 24, 2019. The contract, which is patterned on the agreements of other State employee unions, covers FY 2017 through FY 2023. The Updated Financial Plan expects that the Legislature will authorize the necessary pay bill and that retroactive payments for the contract period from April 1, 2016 through the present will be paid in the current fiscal year.

The Updated Financial Plan reflects a combination of legislative and administrative actions to address the receipts shortfall and costs of the labor contract. DOB expects that the actions will be sufficient to maintain budget balance in the current year and ensure a balanced budget proposal for FY 2020.³

The following table shows the revisions to the Initial Plan and is followed by a discussion of significant proposals and revisions.

³ Assumes the Governor's Executive Budget, as amended, is enacted without modification by the Legislature.

Summary of Amendments and Revisions

The Updated Financial Plan is balanced in FY 2019 and FY 2020. The reduction in PIT receipts and the labor contract costs are fully offset by a combination of new proposals and administrative actions. Recurring savings reflect new gap-closing proposals, as described below, and revisions to General Fund spending and available resources across most Financial Plan categories. The savings are derived from the cautious estimation of expenses and enacting budgets annually that include savings actions in excess of what is needed to ensure budget balance.

With less than two months remaining in FY 2019, it is necessary to cover a portion of the revenue shortfall in the current fiscal year with one-time resources, including the use of fund balances. These resources include: \$750 million from reimbursing General Fund capital advances made in prior fiscal years; \$250 million of the \$500 million in settlements that the Executive Budget had proposed to fund a share of new \$2.5 billion water grants (these grants will now be funded with bonds); \$86 million in new settlements received since the Initial Plan; and \$310 million from balances accumulated in other funds.

General Fund Receipts

- **Tax Receipts.** Revisions to the Initial Plan are largely concentrated in the PIT, which is reduced by \$2.6 billion in FY 2019 and \$1.2 billion in FY 2020. Specifically, the estimated payment component of PIT has been lowered by \$2.3 billion in the current year and \$900 million in FY 2020, and the withholding component by \$261 million and \$344 million, respectively. The impact of the reductions is carried through the outyears of the Financial Plan, consistent with a lower base for both components. In addition, the Executive amendments accelerates the implementation date of the proposed internet fairness conformity tax from September 1 to June 1. This revision is expected to generate an additional \$71 million in State sales tax receipts in FY 2020.
- **Monetary Settlements.** The State has received another \$86 million in new settlements since the Initial Plan. DOB plans to use the full amount in FY 2019 to maintain a balanced budget.
- **Non-Tax Receipts.** The increase mainly reflects the transfer to the General Fund of excess balances identified by DOB and not needed to fund program commitments. Many of the transfers were planned in prior years but held aside when they were not needed.

General Fund Disbursements

- **Local Assistance.** The Updated Plan includes \$1.4 billion in savings over the two years. As part of the gap-closing plan, an amendment to the Initial Budget has been introduced to provide additional savings actions within the Medicaid program (\$550 million). Other savings reflect cautious estimates of expenses in the General Fund and an increase in the amount of HCRA receipts expected to be available to offset General Fund Medicaid costs. In addition, the amended Executive Budget will ensure that towns and villages are held harmless from the impact of the elimination of AIM in low-reliance municipalities by requiring counties to use additional sales tax revenue from the Executive proposed internet fairness conformity tax to make any affected town or village whole.
- **State Operations (including Fringe Benefits):** NYSCOPBA members on January 24, ratified a seven-year contract covering FY 2017 through FY 2023. The contract terms are similar to those of the other employee unions for this period. The FY 2019 cost is estimated at \$205 million, which includes retroactive payments from FY 2017 to the present. The FY 2020 cost is estimated at \$157 million. The costs of the contract will be funded with the money reserved for potential labor agreements (\$155 million), and savings from agency operations, consistent with other labor agreements.

Savings in State Operations compared to the Initial Plan reflect the cautious estimation of costs for agency operations and the recurring impact of routine cost controls. In addition, an amendment submitted to the Executive Budget would allow for the closure of up to three prisons in FY 2020. Lastly, in the outyears of the Financial Plan, the cost of agency operations is further reduced by accelerating the repayment prior-year pension debt using \$500 million in cash set aside for debt management.

- **Transfers.** The Updated Plan includes \$750 million in FY 2019 and \$100 million in FY 2020 from reimbursing General Fund capital advances made in prior fiscal years, as well as revisions based on program commitments.

Summary of Revisions to the Initial Executive Budget

Use of Fund Balance

- **Reserves.** The Updated Financial Plan includes the use of money reserved for labor contracts and debt reduction as described above.
- **Monetary Settlements.** To help offset the PIT receipts revisions in the current year, DOB proposes using \$250 million of the \$500 million in monetary settlements previously earmarked for water grants and the \$86 million in new settlements noted above.

The Executive Budget Financial Plan that follows reflects the Governor's FY 2020 budget proposal inclusive of the amendments and forecast revisions described above.

Overview of the Financial Plan

¹ Results as reported by the State Comptroller's Annual Report to the Legislature on State Funds Cash Basis of Accounting, released July 2018.

² For comparability purposes, FY 2019 and FY 2020 General Fund disbursements, before and after transfers, are adjusted to exclude (1) the reclassification of mental hygiene funds to the General Fund from Special Revenue Funds and (2) movement of certain DOT and DMV operating expenses to the General Fund from the DHBT, both of which took effect in FY 2019.

³ As reported in the FY 2019 Mid-Year Update. Before Executive Budget proposals to balance the FY 2020 Budget.

⁴ Includes the planned transfer of Extraordinary Monetary Settlements from the General Fund to other funds to support designated purposes.

⁵ All Funds disbursements are expected to exceed receipts (including other financing sources) in FY 2019 and FY 2020 with the difference funded from other available resources, including Extraordinary Monetary Settlements and bond proceeds used to reimburse capital spending planned from other funding sources in the first instance.

⁶ Includes capital spending that occurs outside the All Funds budget financed directly from State-supported bond proceeds held by public authorities.

Executive Summary

FY 2020 Executive Budget

The Executive Budget is balanced in the General Fund, eliminating a FY 2020 budget gap estimated at \$3.1 billion in the Mid-Year Update, as well as the additional shortfall caused by the reduction in projected tax receipts. The budget gaps for future years are reduced to \$4.8 billion in FY 2021, \$4.6 billion in FY 2022, and \$5.2 billion in FY 2023, before actions to hold spending growth at the 2 percent limit.

The following table summarizes the multi-year impact of the Executive Budget Financial Plan on General Fund operations. It is followed by a discussion of significant proposals and revisions in each major Financial Plan category. The estimates assume that the Executive Budget is adopted as proposed without modification.

FY 2020 EXECUTIVE BUDGET GAP-CLOSING PLAN GENERAL FUND BUDGETARY BASIS OF ACCOUNTING SAVINGS/(COSTS) (millions of dollars)				
	FY 2020 Proposed	FY 2021 Projected	FY 2022 Projected	FY 2023 Projected
MID-YEAR UPDATE SURPLUS/(GAP)	(3,070)	(6,429)	(6,551)	(6,735)
Tax Receipts Reestimates	(2,811)	(4,747)	(5,241)	(5,970)
Spending Changes	4,463	1,994	1,569	1,639

EXECUTIVE BUDGET SURPLUS/(GAP) ¹	0	(4,759)	(4,578)	(5,152)
Adherence to 2% SOF Spending - Calculated Savings ²	0	2,721	4,088	5,869
EXECUTIVE BUDGET SURPLUS/(GAP)	0	(2,038)	(490)	717

¹ Before actions to adhere to the 2 percent benchmark.

² Savings estimated from limiting annual spending growth in future years to 2 percent (calculation based on FY 2019 estimate). The Governor is expected to propose, and negotiate with the Legislature to enact, a Budget in each fiscal year that restricts State Operating Funds spending growth to 2 percent. The "Surplus/(Gap)" estimate assumes that all savings from holding spending growth to 2 percent are made available to the General Fund.

Overview of the Financial Plan

DOB estimates that if future budgets hold spending growth in State Operating Funds to 2 percent annually, the General Fund would have budget gaps of \$2.0 billion in FY 2021 and \$490 million in FY 2022, followed by a surplus of \$717 million in FY 2023.⁴ These calculations assume that all savings from the reductions in spending are made available to the General Fund.

The Executive Budget Financial Plan reductions include re-estimates to spending based on updated information, specific cost-containment and tax action proposals, and the prepayment of FY 2020 expenses from excess resources expected to be available in FY 2019.

Local Assistance

In comparison to the current services estimate, General Fund disbursements would be reduced by \$2.9 billion in FY 2020 if the Executive Budget is adopted as proposed. Savings from the reductions, which consist of specific actions and re-estimates to the spending base, are expected to increase in value over the Financial Plan period.

School Aid and Medicaid are the State's largest local assistance programs, comprising over 45 percent of the State Operating Funds budget. The Executive Budget provides for the following:

- **School Aid.** The Executive Budget recommends \$27.7 billion in School Aid for school year (SY) 2020, an increase of \$1 billion (3.6 percent). Starting in FY 2020, the Budget proposes legislation to amend and align the School Aid growth cap to the ten-year average growth in personal income. This is consistent with the Medicaid spending cap (or "Global Cap") index, which is based on the ten-year rolling average of the Medical Care Consumer Price Index (CPI). The FY 2020 Executive Budget proposed School Aid increase of 3.6 percent is consistent with the proposed change to the index.
- **Health Care/Medicaid.** Spending under the Global Cap is expected to total \$19.4 billion in FY 2020, an increase of \$568 million, consistent with the statutory index of 3 percent. The Global Cap is expected to provide \$990 million in General Fund savings in FY 2020. Total Medicaid spending, including spending outside the Global Cap, is expected to increase by \$735 million to \$21.1 billion in FY 2020.

Other General Fund savings in local assistance are from deferring the planned human services Cost-of-Living Adjustment (COLA) in FY 2020, modifying cost-sharing arrangements with local governments, and updating cost estimates for a range of State programs, which reflect, in part, the continuing impact of cost containment and spending controls enacted in prior years.

⁴ As State Operating Funds is currently constituted.

Agency Operations

Continued cost controls and measures to reduce operating costs, including fringe benefits, for Executive agencies are expected in FY 2020. The Budget proposes flat spending on agency operations with limited exceptions, such as costs associated with the Raise the Age initiative. Agencies are expected to continue to reduce the cost of service delivery, improve administrative practices, and pursue statewide solutions, including Lean initiatives to streamline operations and management. The Budget also includes savings from the closure of up to three prisons and interest savings from the payment of the State's pension bill in April 2019.

Between FY 2011 and FY 2016 the State borrowed from the retirement system at interest rates of 3 to 5 percent under the statutory pension contribution stabilization program, to smooth pension costs after heavy investment losses during the 2008 recession. The Executive Budget proposes accelerating the repayment of \$500 million of prior-year pension obligations in FY 2020 if fiscal conditions permit. The FY 2020 payment will reduce loans with above market interest rates and generate \$33 million of interest savings through FY 2023.

Debt Service

Savings are expected from the sale of at least 50 percent of bonds on a competitive basis; the refunding of bonds that meet DOB's savings criteria; the reimbursement of first-instance capital expenditures made in prior years with available bond proceeds; and other measures. Savings are expected to be offset in part by new debt service on bonds issued to finance capital projects.

In addition, the Executive Budget gap-closing plan assumes payment in FY 2019 of \$620 million of debt service due in FY 2020. This is in addition to \$145 million in debt service prepayments included in the prior Financial Plan update. The level of prepayments may change, depending on FY 2019 operating results.

Tax Actions/Revisions

The Executive Budget extends the current top income tax rate for high-income earners for five years, through calendar year 2024⁵. The current rate has been in place since January 1, 2012, when the top rate was scheduled to revert to 6.85 percent from 8.97 percent but was instead renewed at 8.82 percent. The Budget also extends for five years the provision that limits the amount of charitable contributions that can be deducted by high-income taxpayers from State taxes.

Proposed tax actions also include requiring online marketplace providers to collect sales taxes, a tax on vapor products, the discontinuation of the sales tax exemption on energy services, and various tax credit extensions.

⁵ The FY 2022 and FY 2023 estimates for the proposed extension have been revised in this Financial Plan compare to the estimates included in the Initial Financial Plan.

Other Changes

Other changes include upward revisions to the estimated Federal share of mental hygiene expenses and increases in the level of resources available in other funds, as well as accounting changes for certain transactions.

Cash Position

DOB estimates the General Fund would end FY 2020 with a closing balance of \$5.0 billion, a decrease of \$1.5 billion from FY 2019, if the Executive Budget is adopted without modification. The decrease reflects the planned use of Extraordinary Monetary Settlements to fund activities appropriated from capital projects funds (\$1 billion) and the planned use of the debt management reserve to payoff pension obligations incurred in prior years (\$500 million). In addition, the Financial Plan reflects a \$238 million deposit to the Rainy Day reserve in FY 2020 funded from settlements.

DOB expects that the State will have sufficient liquidity in FY 2020 to make all planned payments as they become due without having to temporarily borrow from the Short-Term Investment Pool (STIP). The State continues to reserve money on a quarterly basis for debt service payments that are financed with General Fund resources. Money to pay debt service on bonds secured by dedicated receipts, including PIT bonds and Sales Tax bonds, continues to be set aside as required by law and bond covenants.

Other Financial Plan Matters

State Response to Federal Tax Changes

The FY 2019 Enacted Budget included State tax reforms intended to mitigate issues arising from the Federal law, including decoupling many State tax provisions from the Federal changes, the creation of an optional payroll tax program, and the establishment of a new State charitable giving vehicle. For Tax Year 2019, 262 employers have elected to participate in the Employer Compensation Expense Program (ECEP). DOB estimates employers will remit roughly \$2 million under the new program. Amounts on deposit in the Charitable Gifts Trust Fund at the close of calendar year 2018 are appropriated for authorized purposes in the FY 2020 Budget, as planned. The State has \$93 million on deposit in the Charitable Gifts Trust Fund for healthcare and education (\$58 million and \$35 million, respectively).

Managing Risks

Economic uncertainties and actions by the Federal government continue to pose a heightened risk to State finances. Similar to FY 2019, the Executive Budget includes several measures to respond to uncertainties and Federal risks, including the following provisions:

- Legislation is proposed that would allow for across-the-board reductions to certain local assistance disbursements if the annual estimate for tax receipts in FY 2020 is revised downward by \$500 million or more during the fiscal year. The legislation provides for a uniform reduction of up to 3 percent to local assistance appropriations and related cash disbursements in the General Fund and State Special Revenue Funds. Programs that are exempt from the across-the-board reductions include School Aid, Medicaid, and public assistance.
- State legislation, proposed with the FY 2020 Executive Budget, continues authorization for a process by which the State would manage significant reductions in Federal aid during FY 2020 should they arise. Specifically, the legislation allows the Budget Director to prepare a plan for consideration by the Legislature in the event that Federal policymakers (a) reduce Federal Financial Participation (FFP) in Medicaid funding to New York State or its subdivisions by \$850 million or more; or (b) reduce FFP or other Federal aid in funding to New York State that affects the State Operating Funds Financial Plan by \$850 million or more, exclusive of any cuts to Medicaid. Each limit is triggered separately and is not additive. The plan prepared by the Budget Director must equally and proportionally reduce appropriations and cash disbursements in the General Fund and State Special Revenue Funds. Upon receipt of the plan, the Legislature has 90 days to prepare its own corrective action plan, which may be adopted by concurrent resolution passed by both houses, or the plan submitted by the Budget Director takes effect automatically.
- The Governor's Executive Budget amendments include proposed legislation to protect the State's fiscal integrity by requiring bills with a fiscal impact passed after the budget has been enacted to be accompanied by a plan to pay for the costs of such bills.

Annual Spending Growth

DOB estimates spending in State Operating Funds will grow at 1.8 percent from FY 2019 to FY 2020, consistent with the 2 percent spending growth benchmark. The table below illustrates the change in annual State spending by major program, purpose and fund.

STATE SPENDING MEASURES (millions of dollars)				
	FY 2019	FY 2020	Annual Change	
	Current	Proposed	\$	%
LOCAL ASSISTANCE	66,338	67,421	1,083	1.6%
School Aid (School Year Basis)	26,734	27,690	956	3.6%
DOH Medicaid ¹	20,400	21,135	735	3.6%
Transportation	3,936	3,534	(402)	-10.2%
STAR ²	2,424	2,186	(238)	-9.8%
Social Services	2,846	2,831	(15)	-0.5%
Higher Education	3,002	2,945	(57)	-1.9%
Mental Hygiene ³	2,176	1,978	(198)	-9.1%
All Other ⁴	4,820	5,122	302	6.3%
STATE OPERATIONS/GENERAL STATE CHARGES	27,831	28,843	1,012	3.6%
State Operations	19,403	19,609	206	1.1%
Personal Service:	<u>13,795</u>	<u>14,052</u>	<u>257</u>	<u>1.9%</u>
Executive Agencies	7,651	7,675	24	0.3%
University Systems	4,060	4,232	172	4.2%
Elected Officials	2,084	2,145	61	2.9%
Non-Personal Service:	<u>5,608</u>	<u>5,557</u>	<u>(51)</u>	<u>-0.9%</u>
Executive Agencies	2,890	2,894	4	0.1%
University Systems	2,115	2,068	(47)	-2.2%
Elected Officials	603	595	(8)	-1.3%

Pension Contribution	2,422	2,963	541	22.3%
Health Insurance	4,196	4,307	111	2.6%
Other Fringe Benefits/Fixed Costs	1,810	1,964	154	8.5%
DEBT SERVICE	5,975	5,694	(281)	-4.7%
TOTAL STATE OPERATING FUNDS	100,144	101,958	1,814	1.8%
Capital Projects (State and Federal Funds)	13,131	13,426	295	2.2%
Federal Operating Aid	58,456	59,759	1,303	2.2%
TOTAL ALL GOVERNMENTAL FUNDS	171,731	175,143	3,412	2.0%

¹ Total State share Medicaid funding excludes Master Settlement Agreement (MSA) payments to the State that will be deposited directly to a Medicaid Escrow Fund to defray the cost of the State's takeover of Medicaid costs for counties and New York City.

² The FY 2018 Enacted Budget converted the New York City Personal Income Tax (PIT) rate reduction benefit to a nonrefundable State PIT credit. This change has no impact on STAR benefits received by homeowners; it will decrease reported disbursements for STAR and decrease reported PIT receipts by an identical amount. See "STAR Program" in "State Financial Plan Multi-Year Projections" herein.

³ Mental Hygiene spending is estimated at \$4.0 billion in FY 2020, an increase of 4.8 percent from FY 2019. However, a large portion of funding occurs under the Medicaid Global Cap.

⁴ "All Other" includes a reconciliation between school year and State fiscal year spending for School Aid. On a State fiscal year basis, School Aid is estimated to total \$27.2 billion in FY 2020, an increase of \$749 million from FY 2019. It also reflects a reduction for the portion of the State's takeover of Medicaid costs for counties and New York City that will be funded from MSA payments deposited directly to a Medicaid Escrow Fund (\$435 million in FY 2019 and \$327 million in FY 2020), which reduces reported disbursements. Lastly, it includes spending for public health, other education, local government assistance, parks, environment, economic development, and public safety, as well as reclassifications.

State Operating Funds Spending

State Operating Funds encompasses a wide range of State activities funded from income sources outside of the General Fund, including dedicated tax revenues, tuition, patient income, and assessments. Activities funded with these income sources often have no direct bearing on the State's ability to maintain a balanced budget in the General Fund, but nonetheless are captured in State Operating Funds and subject to the 2 percent spending limit. Activities funded from these "own-source" revenues contribute to annual spending growth.

State Operating Funds spending growth in recent years also reflects the State's effort to address long-standing public policy issues. In FY 2015, the State absorbed the full cost of growth in Medicaid on behalf of local governments, creating the most significant mandate relief initiative for counties in decades. The State takeover of local government Medicaid costs had been proposed as early as 1991, followed by many subsequent unsuccessful attempts. In FY 2017, the State enacted a law that provides for predictable increases in the minimum wage. In 1970, the State's minimum wage was \$1.85. Over the following 45 years, the State increased the minimum wage sporadically, with long periods of no change. By 2013, in inflation-adjusted dollars, the value of the State's minimum wage had fallen to about 65 percent of its 1970 value. FY 2020 State Operating Funds spending increases by roughly \$700 million for these two policy initiatives.

Summary of Annual Spending Change

Local Assistance

Local assistance spending includes financial aid to local governments and nonprofit organizations, as well as entitlement payments to individuals. Medicaid and School Aid are the State's largest local aid programs, comprising over 45 percent of State Operating Funds spending.

In SY 2020, School Aid is expected to total \$27.7 billion, an increase of nearly \$1 billion (3.6 percent), including a \$338 million increase in Foundation Aid. Medicaid spending subject to the Global Cap) will grow at the indexed rate of 3.0 percent (\$568 million) to \$19.4 billion. In total, local Medicaid spending funded from State resources will increase by \$735 million to \$21.1 billion in FY 2020.

Several factors are responsible for the annual decline in transportation spending in State Operating Funds. In FY 2019, the State made an extraordinary operating aid payment of \$194 million for the Subway Action Plan and remitted \$135 million in residual payroll mobility tax (PMT) collections held in fund balances to the MTA. In addition, similar to changes made in FY 2019 related to PMT, the Executive Budget proposes that several taxes and fees collected by the State and remitted to MTA will no longer be subject to annual appropriation by the State Legislature. Previously, the State collected these revenues on behalf of, and disbursed the entire amount to, the MTA. Similar to the PMT, these taxes would be remitted directly to MTA, increasing timeliness and removing any uncertainty related to the annual appropriation process. Consistent with the proposed statutory change, the Financial Plan does not include the receipts and related local assistance disbursements for FY 2020 of these taxes and fees. The estimated value of the taxes and fees in FY 2020 is approximately \$300 million. The annual decline is offset in part by a \$160 million increase in disbursements from the Mass Transportation Operating Assistance Fund, which is funded by the expected growth in dedicated taxes and existing fund balance.

STAR spending is affected by the conversion of STAR benefits to State PIT credits. The conversion has no impact on the value of the STAR benefits received by taxpayers. It does, however, decrease the level of reported PIT receipts and reported disbursements for STAR on a State Operating Funds basis by an identical amount (estimated at \$937 million in FY 2019 and \$1.2 billion in FY 2020). Additionally, proposed Executive Budget actions to reduce the income limit for the Basic STAR exemption from \$500,000 to \$250,000 and hold annual growth in the STAR exemption benefit flat will decrease STAR program spending over the course of the Financial Plan as participation shifts from the exemption program to the credit program.

Social services spending reflects the use of available Temporary Assistance for Needy Families (TANF) funding to offset state costs in Child Care and Advantage Afterschool programs, deferral of the FY 2020 human services COLA, and the proposed establishment of a New York City (NYC) share for the Family Assistance Program.

Higher Education spending is offset by a change in accounting for Tuition Assistance Program (TAP) payments made to State operated the State University of New York (SUNY) campuses. The Executive Budget Financial Plan reflects a modification to the accounting and Higher Education Services Corporation (HESC) TAP payments made to SUNY on behalf of student recipients. This change eliminates recording the payment twice on a State Funds basis – first from the General Fund to SUNY and again by SUNY to fund operating expenses. The TAP payment will now be reflected as a transfer to SUNY, like Medicaid payments made to State-operated health facilities on behalf of Medicaid recipients. These changes are partly offset by the third phase of the Excelsior Free Tuition Program and City University of New York (CUNY) fringe benefit growth.

Mental hygiene spending increases reflect enhancements in community mental health services, community-based employment opportunities for individuals with disabilities, increased funding to not-for-profit providers for minimum wage increases, and additional resources to address the heroin and opioid crisis. However, the State Operating Funds growth is more than offset by the fact that a significant portion of mental hygiene spending is funded with available resources from the Medicaid Global Cap. This technical adjustment lowers reported mental hygiene spending and increases Medicaid spending by an identical amount. This transaction has no impact on mental hygiene service delivery or operations.

Local assistance spending reported in the Financial Plan is affected by the accounting treatment of State payments to the Sales Tax Asset Receivable Corporation (STARC). Pursuant to legislation enacted in FY 2017, NYC is remitting savings to the State from a 2014 refunding of STARC bonds, which are supported solely by the annual payment of State aid. The legislation specified that the money refunded from STARC could be received by the State as a miscellaneous receipt or directed by the State to a public authority to offset debt service costs on State-supported bonds. The Legislature authorized, via specific language in the STARC appropriation, that the STARC refunding money recouped from NYC be treated as an offset to State spending. The Financial Plan reflects an offset to spending of \$170 million in FY 2019 and \$17 million in FY 2020. In prior years, the reimbursement money was reflected as a miscellaneous receipt.

State Operations

Operating costs for State agencies include salaries, wages, fringe benefits, and non-personal service costs (e.g., supplies, utilities). Spending for Executive agency operations is expected to increase by 0.3 percent in FY 2020. Growth is mainly due to the annualization of certain DOT operating costs related to snow and ice removal and pay increases.

Operations spending for the University Systems and elected officials -- the Attorney General, Comptroller, Legislature and Judiciary -- is expected to increase by 2 percent.

The annual spending growth for fringe benefits is due mainly to rising health care and prescription drug costs for State employees and retirees, and Workers' Compensation expenses. In addition, DOB plans to accelerate the repayment of \$500 million of amortized pension costs in FY 2020 if fiscal conditions permit, which is expected to generate \$33 million of interest savings through FY 2023.

Debt Service

Debt service declines from FY 2019 to FY 2020 due to the prepayment of debt service. DOB determines the level of prepayments each year based on operating results, resources on hand, and other factors. DOB has made prepayments of debt annually for several years. In FY 2020, the effect of prepayments is offset in part by the expected growth in debt service on State-supported debt.

General Fund Financial Plan

General Fund Cash-Basis Financial Plan

FY 2019 Financial Plan Update

The General Fund Financial Plan reflects two fund reclassifications approved in the FY 2019 Enacted Budget. The changes had no net impact on General Fund operations but affect the reporting of total receipts and disbursements, as well as financial plan categories.

The reclassifications affect the comparability of FY 2018 results to FY 2019 estimates. In addition, General Fund receipts and disbursements continue to be affected by the receipt and use of Extraordinary Monetary Settlements. The following comparison of FY 2019 receipts and disbursements to FY 2018 results excludes (a) the receipt and use of Extraordinary Monetary Settlements and (b) the fund reclassifications for mental hygiene activity and the DHBTf that took effect in FY 2019. See “Financial Plan Tables and Accompanying Notes” herein for the unadjusted estimates for FY 2019.

Receipts

General Fund receipts, including transfers from other funds, are projected to total \$68.5 billion in FY 2019, a decrease of \$2.1 billion (3.0 percent) from FY 2018 results. The annual change is affected by taxpayers responding to the Tax Cuts and Jobs Act of 2017 (TCJA) by increasing current estimated payments in the final year of uncapped SALT deductions. Specifically, FY 2019 receipts are negatively affected by an increase in FY 2018 current estimated payments, at the expense of FY 2019 extensions. In addition, FY 2019 receipts are negatively affected by a decrease in FY 2019 current estimated payments, to the benefit of FY 2020 extensions.

General Fund PIT receipts, including transfers after payment of debt service on State PIT Revenue Bonds, are expected to total \$43.2 billion, a decrease of \$3.8 million. This decline is attributable to the shifting payment pattern described above.

General Fund consumption/use tax receipts, including transfers after payment of debt service on Local Government Assistance Corporation (LGAC) and Sales Tax Revenue Bonds, are estimated to total \$13.5 billion, an annual increase of \$278 million (2.1 percent). This reflects projected growth in disposable income and taxable consumption.

General Fund business tax receipts are estimated at \$5.4 billion, an annual increase of \$480 million (9.8 percent) from FY 2018 results. This growth is due to projected higher gross receipts due to a projected increase in corporate profits and various TCJA flow-through impacts.

Other tax receipts to the General Fund are expected to total \$2.0 billion after payment of debt service on Clean Water/Clean Air (CW/CA) bonds, a decrease of \$246 million (10.8 percent). This decrease reflects a return to an average number of estate tax payments exceeding \$25 million.

Non-tax receipts are estimated at \$4.4 billion, an increase of \$1.1 billion. The growth is mainly due to the expected transfer of resources from the Health Care Transformation Fund (HCTF) and the transfer of balances accumulated in other funds.

General Fund receipts are affected by the deposit of dedicated taxes in other funds for debt service and other purposes, the transfer of balances between funds of the State, and other factors. For a more comprehensive discussion of the State's projections for tax receipts, miscellaneous receipts, and transfers, presented on a State Funds and All Funds basis, see "State Financial Plan Multi-Year Projections" herein.

Disbursements

General Fund disbursements, including transfers to other funds, are expected to total \$71.3 billion in FY 2019, an annual increase of \$2.0 billion (2.9 percent) from FY 2018 results.

Local assistance grants are expected to total \$48.1 billion in FY 2019, an annual increase of \$2.0 billion (4.3 percent). The largest increases are for School Aid (\$1.1 billion on a State fiscal year basis) and Medicaid (\$874 million).

General Fund disbursements for agency operations, including fringe benefits and fixed costs, are expected to total \$14.5 billion, an annual increase of \$664 million (4.8 percent). Personal and non-personal service costs is expected to increase \$379 million from FY 2018, reflecting labor agreements, including retroactive payments related to the NYSCOPBA contract ratified in January 2019. Fringe benefit costs associated with State employees, including retiree health insurance costs, are expected to increase by \$285 million (5.1 percent), mainly due to medical cost inflation. The State's costs for Workers' Compensation are expected to increase by \$101 million, due to underlying growth in the average weekly wage benefit and medical costs (\$51 million), as well as a reduction in other resources available to offset costs (\$50 million).

General Fund transfers to other funds are estimated to total \$8.8 billion, a decrease of \$661 million. The decline is mainly due to the timing of General Fund capital reimbursements from bond proceeds.

General Fund disbursements are affected by the level of financing sources available in other funds, transfers of balances between funds of the State, and other factors that may change from year to year. For a more comprehensive discussion of the State's disbursement projections by major activity, presented on a State Operating Funds basis, see "State Financial Plan Multi-Year Projections" herein.

FY 2019 General Fund Revisions

The following table summarizes revisions to FY 2019 General Fund projections since the Mid-Year Update. A brief summary of changes follows the table below.

SUMMARY OF REVISIONS TO MID-YEAR UPDATE GENERAL FUND BUDGETARY BASIS OF ACCOUNTING SAVINGS/(COSTS) (millions of dollars)	
	Current FY 2019
MID-YEAR UPDATE SURPLUS/(GAP)	0
Receipts Revisions¹	(2,137)
Tax Receipts (before Debt Service)	(2,958)
Debt Service (impact on Tax Receipts) ²	(436)
STAR (impact on Tax Receipts)	35
Non-Tax Receipts	559
Monetary Settlement	663
Disbursements Revisions	2,226
Local Assistance	1,229
Agency Operations	315
Debt Service Transfers ²	(29)
Capital Projects Transfers	755
Monetary Settlement Transfers	(83)
Other Transfers	39
Use/(Reserve) of Fund Balance	(89)
Settlements Received	(663)
Settlement Transfers	83
Settlements Used for Operations	336
Reserve Used for Labor Contracts	155
EXECUTIVE BUDGET SURPLUS/(GAP)	0
¹ Includes the impact of changes to estimated debt service and STAR that alter the amount of tax receipts transferred to the General Fund.	
² The prepayment of \$620 million of additional FY 2020 debt service costs in FY 2019 is reflected as both a transfer from dedicated funds (\$536 million) and transfers to debt service funds (\$84 million), as well as other changes.	

Receipts Revisions

General Fund receipts, including transfers from other funds, have been reduced by \$2.1 billion compared to the Mid-Year Update. As described earlier in this Financial Plan, the estimate for tax receipts in the current year has been lowered by nearly \$3 billion, excluding the impact of debt service changes. The revisions are due to weaker than expected PIT collections.

Two significant factors affect reported General Fund tax receipts that are unrelated to actual collections. First, changes in debt service costs impact General Fund tax receipts. The State has three bonding programs where tax receipts are deposited into dedicated debt service funds (outside of the General Fund) and used to make debt service payments on bonds issued by the State. After satisfying debt service requirements for these bonding programs, the residual is transferred back to the General Fund. Debt service costs in FY 2019 are projected to increase by \$436 million compared to the Mid-Year Update, largely due to debt service prepayments, resulting in less tax revenue being transferred back to the General Fund. Second, the STAR program is funded from PIT receipts, with changes in the cost of the program affecting reported PIT receipts. In the current fiscal year, the estimated cost of the STAR program has been lowered based on updated claims.

Miscellaneous receipts and transfers from other funds have been increased mainly to reflect the transfer of excess balances identified by DOB and not needed to fund program commitments. Many of the transfers were planned in prior years but held aside when they were not needed. In addition, the State has received \$663 million in Extraordinary Monetary settlements since the Mid-Year Update. Of this amount, \$336 million will be used for operations in the current fiscal year. Other adjustments to non-tax receipts are based on results to date, updated information and the transfer of balances accumulated in other funds.

Disbursements Revisions

General Fund disbursements, including transfers to other funds, have been reduced by \$2.2 billion. The lower estimates reflect program-specific information and the cautious estimation of expenses in the General Fund to create an informal reserve against risks. The estimates for Local Assistance and State Operations have been reduced for a range of programs and activities, based on updated data and operating results to date. Agency operations includes the expected payment of salary increases, which includes retroactive payments for FY 2017 to the present, consistent with recently ratified labor contracts. These costs were previously planned and are expected to be offset by continued cost controls.

Capital transfers have been lowered due to the timing of General Fund reimbursements of eligible capital expenses with bond proceeds. The increase in debt service is due to the planned prepayment of expenses. Other transfer revisions reflect routine adjustments to the timing of transactions.

FY 2019 Closing Balance

DOB projects the State will end FY 2019 with a total General Fund cash balance of \$6.5 billion, a decrease of \$2.9 billion from FY 2018. The General Fund closing balance excluding Extraordinary Monetary Settlements is estimated at \$2.6 billion, or \$1.8 billion lower than the closing balance at the end of FY 2018. The change is due mostly to the expected use of the \$1.9 billion in cash received in FY 2018. These funds are attributed to the acceleration of tax payments in response to the Federal limit on SALT deductibility, which became effective January 1, 2018. In addition, the closing balance is reduced due to the use of the labor reserve to fund a portion of the NYSCOPBA contract.

Balances in the State’s principal "rainy day" reserves, the Tax Stabilization Reserve and the Rainy Day Reserve, are expected to increase by \$250 million after planned deposit of a portion of new monetary settlements. The Financial Plan maintains a reserve of \$500 million for debt management purposes, which DOB expects to use in FY 2020 to accelerate the repayment of amortized pension costs.

The balance of Extraordinary Monetary Settlements is expected to total \$3.9 billion at the close of FY 2019, a decrease of \$1.1 billion from FY 2018. The anticipated decrease reflects \$1 billion in planned transfers to the Dedicated Infrastructure Investment Fund (DIIF) and other funds for authorized purposes; \$194 million in funding for the MTA’s Subway Action Plan; a \$250 million deposit to rainy day reserves (the first of two planned deposits); and \$719 million for operating expenses. These uses are offset in part by \$1.2 billion in new settlements received.

TOTAL BALANCES (millions of dollars)			
	FY 2018 Results	FY 2019 Current	Annual Change
TOTAL GENERAL FUND BALANCE	9,445	6,545	(2,900)
Statutory Reserves:

Closing Balance (Extraordinary Monetary Settlements)	3,943	2,684	(1,259)	-31.9%
Closing Fund Balance (Including Extraordinary Monetary Settlements)	6,545	4,998	(1,547)	-23.6%

¹ FY 2019 and FY 2020 include the reclassification of mental hygiene funds to the General Fund from Special Revenue Funds and movement of certain DOT and DMV operating expenses to the General Fund from the Dedicated Highway and Bridge Trust Fund, as both took effect in FY 2019.

² Excludes the Extraordinary Monetary Settlements received by the General Fund less amounts retained by the Department of Law.

³ Excludes the use of Extraordinary Monetary Settlements to support transfers from the General Fund to other funds (e.g., Dedicated Infrastructure investment Fund).

⁴ FY 2019: \$719 million is expected to be used for operations and \$250 million is expected to be deposited to the Rainy Day Reserve. FY 2020: \$238 million is expected to be deposited to the Rainy Day Reserve, fiscal conditions permitting.

⁵ Includes the gross value of all settlements received by the State, including funds retained by the Department of Law.

Receipts

General Fund receipts, including transfers from other funds, are estimated to total \$75.1 billion in FY 2020, an increase of \$5.5 billion (7.9 percent) from FY 2019 projections. The annual change is affected by taxpayers responding to TCJA by shifting estimated PIT payments typically made on a quarterly basis into the extension period. Specifically, FY 2020 receipts are positively affected by an increase in extension payments at the expense of FY 2019 estimated payments. In addition, the year-over-year change is impacted by the payment of \$500 million in additional PIT refunds in the last quarter of FY 2019.

PIT receipts, including transfers after payment of debt service on State PIT Revenue Bonds are estimated to total \$47.6 billion, an increase of \$4.4 billion (10.2 percent) from FY 2019. A large share of the increase is due to the change in timing of PIT receipts whereby a large amount of receipts was shifted from FY 2019 to FY 2018. Thus, the FY 2020 receipts grow from a lower base. In addition, the accelerated refunds described above also impact year-over-year growth.

Consumption/use tax receipts, including transfers after payment of debt service on LGAC and Sales Tax Revenue Bonds, are estimated to total \$14.5 billion in FY 2020, an increase of \$1 billion (7.4 percent) from FY 2019. The increase mainly reflects projected growth in disposable income and taxable consumption.

Business tax receipts are estimated at \$6.2 billion in FY 2020, an increase of \$767 million (14.2 percent) from FY 2019 projections. The growth is primarily attributable to new for-profit insurance providers subject to premium insurance tax.

Other tax receipts, including transfers after payment of debt service on CWCA Bonds, are expected to total \$2.1 billion in FY 2020, an increase of \$43 million (2.1 percent) from FY 2019.

Non-tax receipts and transfers are estimated at \$4.7 billion in FY 2020, a decrease of \$690 million from FY 2019. The decline which largely reflects the use of certain resources available in FY 2019 that do not recur in FY 2020.

General Fund receipts are affected by the deposit of dedicated taxes in other funds for debt service and other purposes, the transfer of balances among funds of the State, and other factors. For a more comprehensive discussion of the State's projections for tax receipts, miscellaneous receipts, and transfers, presented on a State Funds and All Funds basis, see "State Financial Plan Multi-Year Projections."

Disbursements

General Fund disbursements, including transfers to other funds, are expected to total \$75.6 billion in FY 2020, an increase of \$3.3 billion (4.5 percent) from FY 2019. General Fund disbursements reflect conservative estimates of disbursements in each financial category, a practice that provides a cushion for potential receipts shortfalls and other unanticipated costs.

Local assistance spending is estimated at \$51.0 billion in FY 2020, an increase of \$1.2 billion (2.4 percent) from FY 2019. The increase is primarily driven by School Aid (\$275 million on a State fiscal year basis) and by Medicaid (\$911 million).

General Fund operational costs are expected to total nearly \$20.0 billion in FY 2020, an increase of \$1.0 billion (5.5 percent) from FY 2019. The increase is comprised of the accelerated repayment of amortized pension costs (\$500 million), estimated growth in health insurance costs for State employees and retirees (\$111 million), higher State costs for Workers' Compensation (\$101 million), and projected growth in the State's annual pension payment (\$41 million). In addition, operating costs for the independently elected agencies are projected to increase over FY 2019 levels (\$75 million). Growth in operating cost for executive agencies⁶ is expected to increase partly due to varying levels of offsets and accounting reclassifications such as operating costs related to snow and ice removal that was reclassified from Capital Projects Fund to the General Fund beginning in FY 2019.

General Fund transfers to other funds are projected to total \$4.7 billion in FY 2020, an increase of \$1.0 billion from FY 2019. Transfers for capital projects (excluding transfers funded with Extraordinary Monetary Settlements) are projected to increase by \$931 million due to increased debt service payments for DHBTF bonds and the timing of bond proceeds used to reimburse prior year advances. Debt service transfers are expected to decline by \$267 million, mainly due to prepayments. SUNY transfers are expected to increase by \$154 million primarily due to a change in accounting for TAP payments made to State operated SUNY campuses.

General Fund disbursements are affected by the level of financing sources available in other funds, transfers of balances between funds of the State, and other factors that may change from year to year.

For a more comprehensive discussion of the State's disbursement projections by major activity, presented on a State Operating Funds basis, see "State Financial Plan Multi-Year Projections."

⁶ On a State Operating Funds basis, most executive agencies are expected to hold operations spending at FY 2019 levels with limited exceptions.

FY 2020 Closing Balance

DOB projects the State will end FY 2020 with a General Fund cash balance of \$5.0 billion, a decrease of \$1.5 billion from FY 2019. The General Fund cash balance excluding monetary settlements is estimated at \$2.3 billion, or \$288 million lower than the estimated closing balance at the end of FY 2019. The change is due to the planned use of the entire reserve for debt management (\$500 million) and the projected spending of resources in the Community Projects Fund (\$26 million), partly offset by the planned deposit of Extraordinary Monetary Settlements into the Rainy Day Reserve (\$238 million), if fiscal conditions permit.

Monetary settlements on deposit at the close of FY 2020 are expected to total \$2.7 billion, a decrease of \$1.3 billion from the estimated FY 2019 closing balance. This decrease reflects expected uses and disbursements for initiatives funded with settlements. (See "Extraordinary Monetary Settlements" herein.)

TOTAL BALANCES (millions of dollars)			
	FY 2019 Current	FY 2020 Proposed	Annual Change
TOTAL GENERAL FUND BALANCE	6,545	4,998	(1,547)

FY 2020 Detailed Gap-Closing Plan

The following table and narrative summarize the proposed General Fund gap-closing plan. To the extent the State enacts budgets that adhere to the 2 percent spending benchmark, the level of savings required in each subsequent year to hold spending to 2 percent would be lower.

SUMMARY OF REVISIONS TO MID-YEAR UPDATE GENERAL FUND BUDGETARY BASIS OF ACCOUNTING SAVINGS/(COSTS) (millions of dollars)				
	FY 2020 Proposed	FY 2021 Projected	FY 2022 Projected	FY 2023 Projected
MID-YEAR UPDATE SURPLUS/(GAP)	(3,070)	(6,429)	(6,551)	(6,735)

Debt Management	500	0	0	0
EXECUTIVE BUDGET SURPLUS/(GAP) ¹	0	(4,759)	(4,578)	(5,152)
Adherence to 2% SOF Spending - Calculated Savings ²	0	2,721	4,088	5,869
EXECUTIVE BUDGET SURPLUS/(GAP)	0	(2,038)	(490)	717

¹ Before actions to adhere to the 2 percent benchmark.

² Savings estimated from limiting annual spending growth in future years to 2 percent (calculation based on FY 2019 estimate). The Governor is expected to propose, and negotiate with the Legislature to enact, a Budget in each fiscal year that restricts State Operating Funds spending growth to 2 percent. The "Surplus/(Gap)" estimate assumes that all savings from holding spending growth to 2 percent are made available to the General Fund.

Receipts

Tax Receipts Reestimates. Estimated tax receipts, excluding debt service, have been lowered from the Mid-Year Update due mainly to lower than expected PIT withholding and estimated tax receipts in December 2018 and January 2019.

PIT Top Rate Extension. The Executive Budget extends the current top income tax rate for high-income earners for five years, through calendar year 2024.⁷ The current rate has been in place since January 1, 2012, when the top rate was scheduled to revert to 6.85 from 8.97 percent but was instead renewed at 8.82 percent.

Other Taxes/Miscellaneous Receipts. Other tax actions and receipts changes are expected to provide \$442 million in receipts in FY 2020. The Executive Budget includes the following proposed actions.

- **PIT Limitation on Charitable Contributions.** The limitation on itemized deductions to 25 percent of contributions, applicable to taxpayers with incomes above \$10 million and originally enacted in 2010, would be extended through 2024.
- **Internet Fairness Conformity Tax.** Online providers such as Amazon and eBay supply a marketplace for third-party sellers. Currently, these sellers are required to collect sales tax from New York residents if the seller is located in New York. The Executive Budget requires marketplace providers to collect the tax on any sale to State residents, whether the seller is located within, or outside, New York.
- **Other Tax Actions.** The Budget includes other tax credits, extensions, enforcement initiatives and reforms. These include extension of the clean heating fuel credit and workers with disability credit; a health tax of 10 cents per fluid milliliter of vapor products at the distributor level; and a gross excise tax on adult cannabis.
- **STAR.** The Executive Budget proposes two measures to incentivize participation in the STAR credit program. The STAR benefit for participants would be capped at the FY 2019 benefit level, rather than allowed to grow by up to 2 percent, for the exemption program only. Benefits for participants in the credit program would be allowed to grow by up to 2 percent. In addition, the threshold for receiving the STAR exemption would be set at \$250,000, compared to the current threshold of \$500,000. Beneficiaries in the \$250,000 to \$500,000 bracket who convert to the credit program would maintain the full STAR benefit.
- **Miscellaneous Receipts.** The Executive Budget proposes a \$120 inspection fee levied on for-profit vehicles and an increase in the notice of violation fine for certain regulated vehicles. Other changes include updated estimates of investment income and various other miscellaneous receipts categories.

⁷ The FY 2022 and FY 2023 estimates for the proposed extension have been revised in this Financial Plan compared to the estimates included in the Initial Financial Plan.

Debt Service Transfers. The Executive Budget reflects savings from expected refundings, continued use of competitive bond sales, and other debt management actions, as well as the planned payment of FY 2020 expenses in FY 2019.

Non-Tax Transfers. Other resource changes include updated estimates of various transfers from other funds, including mental hygiene Federal reimbursements.

Disbursements

Local Assistance. Targeted actions and continuation of prior-year cost controls are expected to generate nearly \$2.9 billion in General Fund savings compared to the current services estimate. The Executive Budget includes the following proposed actions.

- **Education.** General Fund savings include a decline in SY 2019 aid compared with the FY 2019 Enacted Budget estimates for expense-based aid, as well as increased revenues from lottery and gaming for education purposes. In addition, the Executive Budget proposes calculating the personal income growth index (PIGI) for School Aid using a ten-year average of annual income growth, rather than a one-year snapshot that is far more volatile. The proposed change is consistent with the Medicaid spending cap index calculation using the ten-year average growth in the medical component of CPI.
- **Health Care.** The Medicaid Budget will include savings totaling \$990 million. To achieve savings within the Global Cap to support these additional costs, the Department of Health (DOH) will continue to implement various Medicaid Redesign Team (MRT) actions to improve the efficiency and delivery of the statewide Medicaid program.

Other health care savings include initiatives to reduce certain public health programs, to provide increased flexibility to support ongoing public health programs and investments in new or emerging public health priorities; adjustment to reimbursements of public health funding for NYC to reflect the availability of alternative funding sources; modifications to pharmacy benefit programs; and reforms to streamline the evaluation process for the Early Intervention (EI) program.

In addition, the Budget includes additional funding to support services for the elderly and reduce childhood lead exposure.

- **Human Services COLA.** The 2.9 percent statutory COLA increase is deferred for mental hygiene and social service providers in FY 2020. Recent budget actions that provided targeted support to direct care and clinical staff, as well as workers in foster care and adoption programs, and costs of the minimum wage in the human services program areas, continue to be funded.

- **Human Services.** Savings reflect the planned use of available TANF to offset state costs in Child Care and Advantage Afterschool programs, proposed rebalancing of fiscal equity shares between the State and NYC for the Family Assistance Program, and revisions to Pay for Success program costs based on updated information.
- **Mental Hygiene.** Spending revisions reflect updated assumptions and revised timelines for ongoing transformation efforts to ensure efficient use of State resources in the mental hygiene service delivery system; enhanced efforts to combat the opioid crisis; and continued expansion of programs and services to ensure individuals with developmental disability and behavioral health needs have appropriate access to care. These investments are supported in part by continued efficiencies in program operations and reductions in unnecessary institutional capacity.
- **All Other.** Savings are expected from targeted actions and updated spending projections across many program areas, including updated enrollment data for SUNY Community Colleges; the continued utilization of JP Morgan Settlement and Mortgage Insurance Fund (MIF) resources to fund housing and homelessness programs; and revisions to the estimates for the County-wide Shared Services Property Tax Savings Plans program. In addition, the Executive Budget proposes to eliminate Aid and Incentives for Municipalities (AIM) to low-reliance towns and villages, which will be replaced by additional sales tax from the applicable county. Counties are expected to receive additional sales tax from the Executive proposed internet fairness conformity tax and will be required to remit to any affected town or village an amount equal to the AIM reduction.

In addition, funding is included for the proposed DREAM Act, which extends student financial assistance to undocumented immigrant students pursuing higher education in New York, and for youth justice and anti-gang violence initiatives.

Agency Operations. Reductions to agency operations and continued cost controls contribute \$396 million to the General Fund gap-closing plan, which is offset by the planned repayment of \$500 million of amortized pension costs due in FY 2021 through FY 2023.

- **Executive Agencies.** The proposed Budget holds spending flat on a State Operating Funds basis, with limited exceptions, such as costs attributable to the Raise the Age implementation. Agencies are expected to continue to use less costly forms of service delivery, improve administrative practices, and pursue statewide solutions, including Lean initiatives to streamline operations and management. In addition, the Executive Budget proposes the closure of up to three prisons to reduce excess capacity due to prison population declines.

Pension estimates reflect the planned payment of the full FY 2020 Employees' Retirement System (ERS)/Police and Fire Retirement System (PFRS) pension bill in April 2019. Health insurance savings are based on eliminating taxpayer-subsidized Income-Related Monthly Adjustment Amount (IRMAA) reimbursements for high income New York State Health Insurance Program (NYSHIP) enrollees and maintaining Medicare Part B premium reimbursements at \$135.50 per month.

The Budget also proposes lowering the interest charged on judgments against the State from as high as 9 percent to a fair-market interest rate. The current rate was established in 1982 when interest rates were at 15 percent to avoid unnecessary taxpayer costs. The recommended rate is in line with the interest rate applied to judgements in Federal courts and would ensure that neither side in a lawsuit will be disadvantaged by an interest rate that is above or below what otherwise could be earned while cases are being adjudicated.

Between FY 2011 and FY 2016 the State borrowed from the retirement system at interest rates of 3 to 5 percent under the statutory pension contribution stabilization program, to smooth pension costs after heavy investment losses during the 2008 recession. The Executive Budget proposes accelerating the repayment of \$500 million of prior-year pension obligations in FY 2020 if fiscal conditions permit. The FY 2020 payment will reduce loans with above market interest rates and generate \$33 million of interest savings through FY 2023.

- **Elected Officials.** The Budget reflects the Judiciary's request for increased operating support to fund salary increases and additional staff in court operations and security. In addition, spending increases requested by the OSC and the Department of Law, mainly due to increased personal service expenses are also reflected.

Debt Service Transfers. The Executive Budget reflects savings from expected refundings, continued use of competitive bond sales, and other debt management actions, as well as the planned payment of FY 2020 expenses in FY 2019.

Capital Projects Transfers. The Executive Budget reflects savings from the use of available bond proceeds to reimburse capital spending expenses from prior years and higher costs for NYC bridge and tunnel security.

Monetary Settlement Transfers. The timing of transfers of settlement reserves has been updated based on FY 2019 spending to date and estimated activity over the multi-year Financial Plan.

Other Transfers. The Executive Budget reflects a modification to the accounting of HESC TAP payments made to SUNY on behalf of student recipients. This change eliminates recording the payment twice on a State Funds basis – first from the General Fund to SUNY and again by SUNY to fund operating expenses. The TAP payment will now be reflected as a transfer to SUNY, like Medicaid payments made to State-operated health facilities on behalf of Medicaid recipients. Other changes include updated estimates of various transfers from other funds, including mental hygiene and Indigent Legal Services.

General Fund Financial Plan

The following table provides a summary of the proposed actions and revisions that provide General Fund gap-closing savings and State Operating Funds spending impact, as summarized above.

FY 2020 EXECUTIVE BUDGET		
SIGNIFICANT SAVINGS AND REVISIONS		
(millions of dollars)		
	General Fund Savings/ (Costs)	Spending Increase/ (Decrease)
Budget and Spending "Gaps"	(3,070)	2,848
Tax Receipts Revisions	(2,811)	0
Total Savings	5,881	(2,848)
PIT Top Rate Extension	771	0
Prepayment of FY 2020 Expenses	620	(620)
Medicaid MRT/Global Cap Savings	990	(990)

Youth Justice and Anti-Gang Violence Initiative	(10)	10
Blood Lead Level Funding	(7)	7
Reimbursement of Prior Year Capital Expenses	525	0
All Other Cost Controls/Reestimates/Actions/Reclassifications	1,122	(534)

Cash Flow

State Finance Law authorizes the General Fund to borrow money temporarily from available funds held in the STIP. Money may be borrowed for up to four months, or until the end of the fiscal year, whichever period is shorter. The State last used this authorization in April 2011 when the General Fund needed to borrow funds from STIP for a period of five days. The amount of resources that can be borrowed by the General Fund is limited to available balances in STIP, as determined by the State Comptroller. Available balances include money in the State’s governmental funds and a relatively small amount of other money belonging to the State. Several accounts in Debt Service Funds and Capital Projects Funds that are part of All Governmental Funds are excluded from the balances deemed available in STIP. These excluded funds consist of bond proceeds and money obligated for debt service payments.

DOB expects that the State will have adequate liquidity in FY 2020 to make all planned payments as they become due without having to temporarily borrow from STIP. The State continues to reserve money on a quarterly basis for debt service payments financed with General Fund resources. Money to pay debt service on bonds secured by dedicated receipts, including PIT bonds and Sales Tax bonds, continues to be set aside as required by law and bond covenants.

PROJECTED MONTH-END CASH BALANCES			
FY 2020			
(millions of dollars)			
	General Fund	Other Funds	All Funds
April	8,894	4,185	13,079

General Fund Financial Plan

Since the Enacted Budget Financial Plan, the State has received \$998 million in monetary settlement payments from firms that have engaged in conduct that violates New York State laws and regulations. The table below shows the past and planned uses of settlements.

GENERAL FUND SUMMARY OF RECEIPTS AND USE/TRANSFER OF FUNDS FROM EXTRAORDINARY MONETARY SETTLEMENTS BETWEEN REGULATORS AND FINANCIAL INSTITUTIONS (millions of dollars)											
	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023	FY 2024	Total

Other Matters Affecting the Financial Plan

General

The Financial Plan is subject to complex economic, social, financial, political, and environmental risks and uncertainties, many of which are outside the ability of the State to control. DOB believes that the projections of receipts and disbursements in the Financial Plan are based on reasonable assumptions, but there can be no assurance that actual results will not differ materially and adversely from these projections. For instance, actual receipts collections have fallen substantially below the levels forecasted in certain fiscal years. In addition, certain projections contained in the Financial Plan assume that annual growth in State Operating Funds spending will be limited to 2 percent in FY 2021, FY 2022, and FY 2023, and that all savings that result from the 2 percent spending growth benchmark will be made available to the General Fund.

DOB routinely executes cash management actions to manage the State's large and complex budget. These actions are intended for a variety of purposes that include improving the State's cash flow, managing resources within and across State fiscal years, assisting in adherence to spending targets, and better positioning the State to address future risks and unanticipated costs, such as economic downturns, unexpected revenue deterioration, and unplanned expenditures. As such, the State regularly makes certain payments above those initially planned, to maintain budget flexibility. All payments made above the planned amount are reflected in the year they occur and adhere to the limit imposed by the State's 2 percent annual spending growth benchmark.

The Financial Plan is based on numerous assumptions, including the condition of the State and national economies, and the concomitant collection of economically sensitive tax receipts in the amounts projected. Other uncertainties and risks concerning economic and receipts forecasts include impacts of national and international events; ongoing financial risks in the eurozone; changes in consumer confidence, the price and supply of oil and gas; major terrorist events and hostilities or war; climate change and extreme weather events; cybersecurity threats; Federal statutory and regulatory changes concerning financial sector activities; Federal tax law; changes to Federal programs; changes concerning financial sector bonus payouts, as well as any future legislation governing the structure of compensation; shifts in monetary policy affecting interest rates and the financial markets; credit rating agency actions; financial and real estate market developments which may adversely affect bonus income and capital gains realizations; tech industry developments and employment; the effect of household debt on consumer spending and State tax collections; and outcomes of litigation and other claims affecting the State.

The Financial Plan is subject to various uncertainties and contingencies relating to wage and benefit increases for State employees that exceed projected annual costs; changes in the size of the State's workforce; the realization of the projected rate of return for pension fund assets, and current assumptions with respect to wages for State employees affecting the State's required pension fund contributions; the willingness and ability of the Federal government to provide the aid projected in the Financial Plan; the ability of the State to implement cost reduction initiatives, including reductions in State agency operations, and the success with which the State controls expenditures; and the ability of the State and its public authorities to issue securities successfully in the public credit markets. Some of these issues are described in more detail herein. The projections and assumptions contained in the Financial Plan are subject to revisions which may

result in substantial change. No assurance can be given that these estimates and projections, which depend in part upon actions the State expects to be taken but which are not within the State's control, will be realized.

Budget Risks and Uncertainties

There can be no assurance that the State's financial position will not change materially and adversely from current projections. If this were to occur, the State would be required to take additional gap-closing actions. Such actions may include, but are not limited to, reductions in State agency operations; delays or reductions in payments to local governments or other recipients of State aid; delays in or suspension of capital maintenance and construction; extraordinary financing of operating expenses; use of non-recurring resources; or other measures. In some cases, the ability of the State to implement such actions requires the approval of the Legislature and cannot be implemented solely by action of the Governor.

Financial Plan projections for FYs 2021 through 2023 assume that School Aid and Medicaid disbursements will be limited to the ten-year rolling average growth of State personal income and the medical component of the CPI, respectively. Starting in FY 2014, the School Aid growth cap was limited to the annual growth in NYS personal income. To reduce volatility and align with the Medicaid cap, the Executive Budget now proposes amending the statutory PIGI for School Aid to reflect average annual income growth over a ten-year period. Consistent with a ten-year average growth cap, the Financial Plan reflects a School Aid increase of 3.6 percent in SY 2020.

State law grants the Commissioner of Health certain powers and authority to maintain Medicaid spending levels assumed in the Financial Plan. The Commissioner's powers are intended to limit the rate of annual growth in DOH State Funds Medicaid spending to the levels estimated for the current fiscal year, through actions which may include reducing rates to providers. These actions may be dependent upon timely Federal approvals and other elements of the program that govern implementation. Over the past six years, DOH State Funds Medicaid spending levels have remained at or below indexed levels without requiring the Commissioner to exercise this authority. However, Medicaid program spending is sensitive to outside factors including fluctuations in economic conditions, which may increase caseload, and changes in Federal aid, which could affect State health care spending. It should further be noted that the Medicaid Global Cap, which is indexed to historical Medical CPI trends, applies to State Operating Funds and, therefore, General Fund spending remains sensitive to revenue performance in the State's HCRA fund. The HCRA fund finances approximately one-quarter of the State's share of Medicaid costs.

The Financial Plan forecast assumes various transactions that could fail to occur as planned including, but not limited to, receipt of certain payments from public authorities; receipt of certain revenue sharing payments under the Tribal-State compact, including payments from the Seneca Nation⁸; receipt of miscellaneous revenues at the levels expected in the Financial Plan; and achievement of cost-saving measures including, but not limited to, transfer of available fund balances to the General Fund at levels currently projected. Such risks and uncertainties, if they were to materialize, could adversely impact the Financial Plan in current or future years, or both.

The Financial Plan also includes actions that affect spending reported on a State Operating Funds basis, including (a) realignment of certain operating costs to the capital budget to provide consistent reporting across all agencies and a more accurate accounting of the overall capital budget; (b) payment of certain operating costs using available resources in accounts outside the State Operating Funds basis of reporting; (c) restructuring of the STAR program to a tax credit for consistency with the reporting of other State tax credits; and (d) other accounting and reporting changes. If these and other transactions are not implemented as planned, annual spending growth in State Operating Funds would increase above current estimates.

In developing the Financial Plan, DOB attempts to mitigate financial risks from receipts volatility, litigation, and unexpected costs, with an emphasis on the General Fund. It does this by, among other things, exercising caution when calculating total General Fund disbursements and managing the accumulation of financial resources that can be used to offset new costs (including, but not limited to, fund balances not needed each year, acceleration of tax refunds above the level budgeted each year, and prepayment of expenses). There can be no assurance that such resources will be enough to address risks that may materialize in a given fiscal year.

Federal Issues

The State receives a substantial amount of Federal aid for health care, education, transportation, and other governmental purposes, as well as Federal funding to respond to, and recover from, severe weather events and other disasters. Many policies that drive this Federal aid may be subject to change under the Trump Administration and the new Congress. Current Federal aid projections, and the assumptions on which they rely, are subject to revision because of changes in Federal policy.

In addition, the Financial Plan may also be adversely affected by other Federal government actions, including audits, disallowances, and changes to Federal participation rates or other Medicaid rules. For instance, the Financial Plan includes reimbursement to the Federal government of \$100 million annually through FY 2027 pursuant to a March 2015 agreement between the State and the Centers for Medicare & Medicaid Services (CMS). The agreement resolved a pending disallowance for FY 2011 and all related payment disputes for State-operated services prior to April 1, 2013, including home and community-based waiver services. Pursuant to the agreement, the State must adjust

⁸ The Seneca Nation withheld payments to the State that were expected in FY 2018 and FY 2019 (between April 1, 2017 and December 31, 2018), so the State and the Seneca Nation entered into arbitration. On January 7, 2019, the majority of an arbitration panel concluded that the Seneca Nation is obligated to make any past due payments and resume payments going forward. The Financial Plan assumes the full settlement payment by March 2019.

the Federal/State share of future Medicaid costs to reimburse the Federal government. The State used \$850 million in Extraordinary Monetary Settlement payments, previously set aside for financial risks, to finance the initial repayment amount in FY 2016.

Given the Federal uncertainty, the FY 2019 Enacted Budget and the proposed FY 2020 Budget includes legislation to continue authorization for a process by which the State could manage any potentially significant reductions in Federal aid during FYs 2020 and 2021. Specifically, the legislation allows the Budget Director to prepare a plan for consideration by the Legislature if Federal policymakers (a) reduce FFP in Medicaid funding to New York State or its subdivisions by \$850 million or more; or (b) reduce FFP or other Federal aid funding to New York State that affects the State Operating Funds financial plan by \$850 million or more, exclusive of any cuts to Medicaid. Each limit is triggered separately and is not additive. The plan prepared by the Budget Director must equally and proportionally reduce appropriations and cash disbursements in the General Fund and State Special Revenue Funds. Upon receipt of the plan, the Legislature has 90 days to prepare its own corrective action plan, which may be adopted by concurrent resolution passed by both the Senate and Assembly. Otherwise, the plan submitted by the Budget Director takes effect automatically.

Current Federal Aid

The President has proposed significant cuts to mandatory and discretionary domestic programs in Federal Fiscal Years (FFYs) 2018 and 2019. The proposed cuts for FFY 2018 were largely rejected by the Consolidated Appropriations Act of 2018, which was enacted in March 2018, and by the portions of the FFY 2019 budget that have passed thus far, including appropriations for the Departments of Health and Human Services, Labor and Education – which supply most of the Federal funding to the State.

Uncertainty concerning the funds that flow to the State via the remaining FFY 2019 appropriations bills is complicated further by the recent partial government shutdown and the short term continuing resolution (CR) currently in place through February 15. Congress has passed a bill to avert another shutdown that is pending the President's approval.

The Budget Control Act (BCA) of 2011 temporarily raised the debt limit, established discretionary spending caps on the Federal government through Federal FY 2021, and instituted sequestration of some mandatory funds on which the State relies. Despite modest legislative adjustments to the discretionary caps contained in the BCA, the possibility of reductions in Federal support is elevated as long as the caps remain in place. Congress passed legislation in 2013, 2015, and 2018 that temporarily increased the discretionary spending caps imposed by the BCA through FFY 2019. Similar adjustments will need to be made to the BCA for the upcoming FFY 2020 to forestall potential cuts in discretionary programs on which the State relies.

Other Matters Affecting the Financial Plan

Medicaid Disproportionate Share Hospital (DSH) Payments

Provisions within the Medicaid statute allow for a capped amount of payments to hospitals that treat a disproportionate number of Medicaid recipients. Changes made initially in the Affordable Care Act (ACA) to reduce the aggregate amount of Federal reimbursements for DSH payments are scheduled to take effect in FFY 2020, beginning October 1, 2019. DOB estimates that if the changes take effect as scheduled, New York will experience the largest reduction among all states, costing the State \$7.2 billion in lost Federal DSH payments when fully phased in.

Federal Health Care Policy

In 2017, the Federal government attempted to end the Basic Health Program Essential Plan (EP) in New York State, reverse the ACA's Medicaid expansion, and shift a larger share of growth in Medicaid costs to states by imposing per capita caps on Medicaid spending in lieu of Medicaid's current open-ended policy. If enacted into law, these policies would have had a substantial adverse impact on the State.

Additionally, the Trump Administration withheld Cost Sharing Reduction (CSR) payments, threatening low-cost health insurance coverage for income-eligible recipients purchasing Qualified Health Plan (QHP) or EP coverage through the New York State of Health (NYSOH), New York's official health plan marketplace. Recent actions by the Trump Administration in response to litigation brought by the State will allow the State to recoup some of the withheld EP funding through changes to the reimbursement methodology for 2018. However, the State has not received any guidance on whether it will receive Federal reimbursement in the EP for CSR's in 2019 and beyond. This funding represents about 25 percent of the total Federal funding for the program and, absent any action by Congress, the State Financial Plan remains at risk. The Financial Plan continues to reflect support for the EP program.

Excise Tax on High-Cost Employer-Sponsored Health Coverage ("Cadillac Tax")

The Excise Tax on High-Cost Employer-Sponsored Health Coverage (26 USC 4980I) is a 40 percent excise tax assessed on the portion of the premium for an employer-sponsored health insurance plan that exceeds a certain annual limit. The provision was initially included in the ACA to offset mandatory spending increases but has since been altered by intervening laws that delay the implementation of the tax until 2022.

Regulations from the Internal Revenue Service (IRS) have yet to be published. DOB has no current estimate as to the potential impact from this Federal excise tax.

MRT Medicaid Waiver

The Federal CMS and the State have an agreement authorizing up to \$8 billion in new Federal funding for Medicaid over several years to transform New York's health care system and ensure access to quality care for all Medicaid beneficiaries. This funding, provided through an amendment to the State's Partnership Plan 1115 Medicaid waiver, is divided among the Interim Access Assurance Fund (IAAF), the Delivery System Reform Incentive Payment (DSRIP) Program, Health Homes, and various other Medicaid redesign initiatives.

Since January 1, 2014, in accordance with provisions of the ACA, the State has been eligible for enhanced Federal Medical Assistance Percentage (FMAP) funding associated with childless adults. DOH continues to work with the CMS and to refine eligibility data systems to draw the appropriate amount of enhanced FMAP funding. This reconciliation may result in a modification of payments to the State and local governments.

Federal Debt Limit

On February 9, 2018, the Federal government enacted legislation suspending the Federal debt limit through March 1, 2019, forestalling possible default by the Federal government until at least that time. A Federal government default on payments, particularly for a prolonged period, could have a materially adverse effect on both national and State economies, financial markets, and intergovernmental aid payments. The specific effects of a future Federal government default on the Financial Plan are unknown and impossible to predict. However, data from past economic downturns suggest that the State's revenue loss could be substantial if the economy goes into a recession due to a Federal default.

A payment default by the United States may adversely affect the municipal bond market. Municipal issuers, including the State, could face higher borrowing costs and impaired access to capital markets. This would jeopardize planned capital investments in transportation infrastructure, higher education facilities, hazardous waste remediation, environmental projects, and economic development projects. Additionally, the market for and market value of outstanding municipal obligations, including municipal obligations of the State, could be adversely affected.

Impact of Federal Tax Law Changes

On December 22, 2017, President Trump signed into law the TCJA (H.R. 1, P.L. 115-97), making major changes to the Federal Internal Revenue Code, most of which were effective in the 2018 Tax Year. The Federal tax law makes extensive changes to Federal personal income taxes, corporate income taxes, and estate taxes.

The State's income tax system interacts with the Federal system in numerous ways. The changes to the Federal tax code have significant flow-through effects on state tax burdens and state tax receipts. From the standpoint of individual New York State taxpayers, one of the most onerous provisions in the TCJA is a new \$10,000 limit on the deductibility of SALT payments, effective for Tax Year 2018. The TCJA's SALT deduction limit represents a large increase in the State's effective tax rate relative to historical experience and may adversely affect New York's economic competitiveness.

DOB and the Department of Taxation and Finance (DTF) estimate that the SALT deduction limit raises Federal tax liability for New York taxpayers by \$14.3 billion for Tax Year 2018, relative to what taxpayers would have paid absent the limitation. Over the course of the eight years the SALT deduction limit is scheduled to be in effect, the State estimates that resident taxpayers who itemize at the Federal level for each year through 2025 will collectively pay an additional \$121 billion in Federal taxes relative to what they would have paid absent the SALT deduction limit.

Moreover, the TCJA contains numerous provisions that may adversely affect residential real estate prices in New York State and elsewhere, of which the SALT deduction limit is the most significant. A loss of wealth associated with a decline in home prices could have a statistically significant impact on household spending in the State through the wealth effect, whereby consumers perceive the rise and fall of the value of an asset, such as a home, as a corresponding increase or decline in income, causing them to alter their spending practices. Reductions in household spending by New York residents, if they were to occur, would be expected to result in lower sales for the State's businesses, which, in turn, would cause further reductions in economic activity and employment. Lastly, falling home prices could result in homeowners delaying the sale of their homes. The combined impact of lower home prices and fewer sales transactions could result in lower real estate transfer tax collections.

In sum, the Federal tax law changes may intensify migration pressures and erode the value of home prices, thereby posing risks to the State's tax base.

State Response to Federal Tax Law Changes

The FY 2019 Enacted Budget included State tax reforms intended to mitigate issues arising from the Federal law, including decoupling many State tax provisions from the Federal changes, the creation of an optional payroll tax program, and the establishment of a new State charitable giving vehicle, all of which are described below. The State is evaluating other tax law changes in response to the TCJA, including the feasibility of an unincorporated business tax.

On July 17, 2018, the State, joined by Connecticut, Maryland, and New Jersey, filed a lawsuit intended to protect New York taxpayers from the new Federal limit on the SALT deduction. The lawsuit argues that the new SALT limit was enacted to target New York and similarly situated states, that it interferes with states' rights to make their own fiscal decisions, and that it will disproportionately harm taxpayers in these states.

Decoupling From Federal Tax Code

The State tax code is closely aligned in many respects with the Federal tax code. The FY 2019 Enacted Budget included legislation that decouples the State tax code from the Federal tax code, where appropriate, to minimize roughly \$1 billion in State tax increases that would otherwise have been the result of the Federal tax changes. Those decoupled Federal changes, which would have affected the General Fund budget gaps projected in FY 2020 and beyond, include:

- **Federal Limit on SALT Deduction.** The TCJA capped the itemized deductions for SALT at \$10,000. The State tax code is updated to decouple from this limit, preventing a State tax increase from the linkage of this Federal limit to State income tax returns.
- **Federal Changes and Eliminations to Certain Deductions.** The State decoupled from new Federal limits on other deductions.
- **Temporary Federal Medical Expense Deduction Increase.** Federal changes impose a two-year increase in the itemized medical expense deduction, thereby lowering taxpayer liability. The State has not changed its tax code.
- **Child Tax Credit.** Federal law changes the value of, and eligibility for, the child tax credit. The Empire State Child Tax Credit program will remain unchanged.
- **New York Single Filer Standard Deduction.** The Federal repeal of personal exemptions would have eliminated the ability of New York single-filer taxpayers to claim the standard deduction on their State tax returns. The FY 2019 Enacted Budget included legislation to address this issue. Absent this legislation, New York State taxpayers would have been subject to an annual State tax increase of \$840 million, beginning in FY 2020.

Employer Compensation Expense Program (ECEP)

Under legislation approved with the FY 2019 Enacted Budget, employers may opt in to a new ECEP, which is intended to mitigate the tax burden for employees affected by the SALT deduction limit. While the TCJA limits deductibility for individuals, it does not cap deductibility for ordinary and necessary business expenses paid or incurred by employers in carrying on a trade or business.

Employers that elect to participate in the ECEP will be subject to a 5 percent State tax on all annual payroll expenses in excess of \$40,000 per employee, phased in over three years beginning on January 1, 2019 as follows: 1.5 percent in Tax Year 2019, 3 percent in Tax Year 2020, and 5 percent in Tax Year 2021. Employers must elect to participate in the ECEP for the upcoming tax year by December 1 of the preceding calendar year, with the first annual election due by December 1, 2018, for the tax year beginning on January 1, 2019.

The ECEP is intended to be revenue neutral, with any decrease in New York State PIT receipts expected to be offset by a comparable increase in ECEP revenue. Remittance of ECEP revenue to the State is expected to occur on the same schedule as PIT withholdings, with remittances starting in the fourth quarter of FY 2019. A new State PIT credit will be available to employees whose wages are subject to the tax; any decrease in New York State PIT receipts is expected to be offset by a comparable increase in ECEP revenue because the formula used to calculate the State PIT credit corresponds in value to the ECEP.

For the 2019 Tax Year, 262 employers elected to participate in the ECEP and are expected to remit \$2 million.

State Charitable Gifts Trust Fund

The FY 2019 Enacted Budget created a new State Charitable Gifts Trust Fund to accept gifts, starting in Tax Year 2018, for the purposes of funding health care and education in New York State. Taxpayers who itemize deductions may claim these charitable contributions as deductions on their Federal and State income tax returns. Any taxpayer making a donation may also claim a State tax credit equal to 85 percent of the donation amount for the tax year after the donation is made. State PIT receipts will be reduced by the State tax deduction and 85 percent tax credit.⁹

To date, the State has received \$93 million in charitable gifts that have been deposited to the Charitable Gifts Trust Fund for healthcare and education (\$58 million and \$35 million, respectively). The FY 2020 Executive Budget appropriates these funds for authorized purposes. See the discussion below under “Impact of Tax Changes on PIT Revenue Bonds” for a stress test projection of the potential impact to PIT bondholders from charitable giving.

⁹ The FY 2019 Enacted Budget also provided that the SUNY Research Foundation, CUNY Research Foundation, and Health Research, Inc. may accept up to \$10 million each in charitable gifts on an annual basis. State PIT receipts will also be reduced by the State tax deduction and an 85 percent credit for those donations that will be available beginning in Tax Year 2019.

Impact of Tax Law Changes on PIT Revenue Bonds

To offset the potential reduction in the level of New York State PIT receipts resulting from activity of the ECEP and the State Charitable Gifts Trust Fund, the FY 2019 Enacted Budget amended the State Finance Law provisions creating the Revenue Bond Tax Fund (RBTF) to increase the percentage of New York State PIT receipts required to be deposited upon receipt in the RBTF from 25 percent to 50 percent. In addition, the legislation that created the ECEP required that 50 percent of ECEP receipts received by the State be deposited to the RBTF. These changes became effective April 1, 2018.

The amendments also increased the amount of all New York State PIT receipts collected from payroll withholding and ECEP receipts that must be deposited in the RBTF in the event that (a) the State Legislature fails to appropriate amounts required to make all debt service payments on State PIT Revenue Bonds or (b) having been appropriated and set aside pursuant to a certificate of the Director of the Budget, debt service payments and other cash requirements under the applicable financing agreements have not been made when due on the State PIT Revenue Bonds. Under prior law, New York State PIT receipts from payroll withholding were to be deposited to the RBTF until amounts on deposit in the RBTF equaled the greater of 25 percent of annual New York State PIT receipts or \$6 billion. Under the new law, New York State PIT receipts and ECEP receipts are deposited to the RBTF until amounts on deposit in the RBTF equal the greater of 40 percent of the aggregate of annual New York State PIT receipts and ECEP receipts or \$12 billion.

Donations to the Charitable Gifts Trust Fund could reduce State PIT receipts by nearly one dollar for every dollar donated. Accordingly, the amount of donations to the State Charitable Gifts Trust Fund is the principal direct risk to the amount of New York State PIT receipts deposited to the RBTF under the tax law changes enacted by the State as part of the FY 2019 Enacted Budget. To address this risk, the State increased the amount of PIT receipts deposited into the RBTF from 25 percent to 50 percent.

DOB and DTF performed a calculation of the maximum amount of charitable donations to the State Charitable Gifts Trust Fund that could occur annually under varying assumptions. The calculation of this ceiling is intended as a stress test on State PIT receipts that may flow to the RBTF under different levels of assumed taxpayer participation. It should not, under any circumstances, be viewed as a projection of likely donations. The factors that may influence donation activity are complex and include, but are not limited to, possible statements, actions, or interpretive guidance by the IRS or other governmental actors relating to the deductibility of such donations; the liquidity position, risk tolerance, and knowledge of individual taxpayers; advice or guidance of tax advisors or other professionals; changes in general economic conditions; adoption of similar trusts in other states; and tax reciprocity agreements among states.

The ceiling on the amount of potential donations is calculated to be in the range of \$28 billion annually, on average (2018 through 2022).¹⁰ The calculation of the ceiling assumes that every

¹⁰ The calculation of maximum potential donations is based on current law, including the scheduled reversion of the top PIT rate from 8.82 percent to 6.85 percent starting in Tax Year 2020.

Other Matters Affecting the Financial Plan

resident taxpayer who has an incentive to donate will do so, and such donations will be equal to the total value of each resident taxpayer's SALT payments, less the value of the \$10,000 Federal SALT deduction limit, up to the value of the taxpayer's total State tax liability. The calculation is dependent on several assumptions concerning the number of itemized filers. It relies on the most recent PIT population study file (2016), as trended forward, as well as the impact of the TCJA and State law changes on the number and distribution of itemized and standardized filers. The calculation also assumes that (a) no further changes in Federal tax law occur, and (b) DOB projections of the level of State taxpayer liability for the forecast period as set forth in the Financial Plan are materially accurate.

In general, assumptions made regarding taxpayer behavior were intended to maximize the calculated impact of charitable giving on PIT receipts in each year. After these adjustments and with inclusion of ECEP revenues, receipts to the RBTF are projected to remain above the level of receipts that would have been expected under statutes effective prior to April 2018, even in a maximum participation scenario.

The DOB and DTF calculation of the projected ceiling on the amount of donations is necessarily based on many assumptions that may change materially over time. While DOB believes that these factors can be expected to constrain donation activity, there can be no assurance that, under conditions of maximum participation, the amount of annual charitable gifts will not reduce the level of PIT receipts deposited into the RBTF below the levels projected in February 2018. If that were to occur, it is DOB's expectation that changes to the tax law would be recommended to further increase the percentage of PIT receipts deposited into the RBTF.

Accordingly, although the calculation of a maximum amount of charitable donations to the State Charitable Gifts Trust Fund reflects DOB's and DTF's current best judgment and estimates, such amount may be higher.

IRS Guidance

On August 23, 2018, the IRS issued proposed regulations – IRS REG-112176-18 – that seek to provide new rules governing the availability of Federal income tax deductions for charitable contributions when a taxpayer receives or expects to receive a state or local tax credit for such charitable contributions. In the case of state tax credits received by a taxpayer making a charitable contribution, the proposed regulations would require the taxpayer to reduce the Federal income tax deduction by the amount of the state tax credit received for such charitable contribution; provided, however, this rule would not apply if the value of the state tax credit to be received does not exceed 15 percent of the charitable contribution. If finalized, the effective date of these proposed regulations would be August 27, 2018. The Treasury Department and the IRS have collected comments from the public on these proposed regulations and held a public hearing on November 5, 2018. Based on its review of the proposed regulations, DOB anticipates that if the proposed regulations are adopted in their current form, then contributions to the State Charitable Gifts Trust Fund may decline. The proposed regulations, by their terms, do not impact the Federal tax reduction that DOB expects would result for certain taxpayers employed by entities that may enroll in the ECEP.

Implementation

The State developed the ECEP and Charitable Gifts Trust Fund based on a review of existing laws, regulations, and precedents. However, there can be no assurance that the IRS will allow taxes paid under the ECEP by an electing employer, or donations made by taxpayers to the Charitable Gifts Trust Fund, to be deductible for Federal tax purposes under current law and the TCJA. As noted above, the IRS has proposed regulations that would impair the ability of taxpayers to deduct donations to the Charitable Gifts Trust Fund from Federally taxable income while receiving State tax credits for such donations.

The FY 2019 Enacted Budget allows taxpayers to claim reimbursement from the State for interest on underpayments of Federal tax liability for the 2019, 2020 and 2021 tax years if the underpayments arise from reliance on amendments to State tax law enacted in 2018. To receive reimbursement, taxpayers are required to submit their reimbursement claims to DTF within 60 days of making an interest payment to the IRS.

There could be a material expense to the State if taxpayer participation in the ECEP and Charitable Gifts initiatives for the 2019, 2020 and 2021 tax years results in Federal determinations of underpayment of Federal income tax. Any cost to the Financial Plan from State reimbursement of interest charges would occur in FY 2021 at the earliest, for determinations on 2019 tax payments due in April 2020, or thereafter.

Other Matters Affecting the Financial Plan

The Financial Plan does not include any estimate of the magnitude of the possible interest expense to the State, which depends on several factors, including rates of participation in the ECEP; the magnitude of donations to the State Charitable Gifts Trust Fund; the amount of determinations of underpayment attributable to reliance on other changes in State tax law made in 2018; the amount of time between the due date of the return and the date any Federal determination is issued; the interest rate applied; and the frequency at which taxpayers submit timely reimbursement claims to the State. Interest on unpaid Federal tax generally accrues from the due date of the return until the date of payment in full. Under current Federal law, the interest rate is determined quarterly and is the Federal short-term rate plus 3 percent, compounded daily.

Current Labor Negotiations and Agreements (Current Contract Period)

The State has multi-year labor agreements in place with most of the unionized workforce. The Civil Service Employees Association (CSEA) and DC-37 (Local 1359 Rent Regulation Service Employees) have five-year labor contracts that provide annual salary increases of 2 percent for FYs 2017 through 2021 and additional compensation changes, offset by benefit design changes within NYSHIP and reductions in overtime costs.

United University Professions (UUP) has a six-year collective bargaining agreement that covers academic years 2017 through 2022. The agreement provides for a 2 percent general salary increase in each year of the contract and additional compensation changes, which are partly offset by benefit design changes within NYSHIP. The cost of the agreement (approximately \$253 million in FY 2020) has been included in the Financial Plan and is primarily funded by SUNY except for the related fringe benefit costs, which are paid by the State. At the request of SUNY, the State will advance approximately \$110 million in planned payments for State-operated SUNY campuses from November 2019 to June 2019, to make resources available for retroactive payments.

On October 10, 2018, the Police Benevolent Association of the New York State Troopers (NYSTPBA) ratified a five-year collective bargaining agreement for FY 2019 through FY 2023. The agreement provides for a 2 percent annual general salary increase in each year of the contract and additional compensation changes, which are partly offset by changes to health insurance benefit design within NYSHIP, like UUP and CSEA. The cost of this agreement is expected to be offset by agency management plan savings, consistent with past practice.

Employees represented by the Public Employees Federation (PEF) and the Graduate Student Employees Union (GSEU) have three-year collective bargaining agreements providing 2 percent annual salary increases in FYs 2017 through 2019. Salary increases provided to PEF and GSEU employees were also extended to Management/Confidential (M/C) employees. Negotiations on the next contracts with PEF and GSEU are expected to commence later in the year.

Other Matters Affecting the Financial Plan

The State and NYSCOPBA recently agreed to a seven-year contract covering fiscal years 2017 through 2023, which was ratified by the membership on January 24, 2019. The agreement provides for a 2 percent general salary increase each year, and additional compensation changes, offset by benefit design changes within NYSHIP and reductions in overtime costs. The agreement is estimated to cost approximately \$360 million in FY 2019 and FY 2020, including retroactive payments. The cost of the agreement, which is reflected in this update, is expected to be offset by reserves previously included in the Financial Plan.

The State is in negotiations with all other employee unions whose contracts concluded in previous fiscal years, including the New York State Police Investigators Association (NYSPIA) and Council 82. Negotiations also continue with the Police Benevolent Association of New York State (PBANYS), whose contract expired at the end of FY 2015.

The contract periods for State employee union contracts are illustrated below.

		UNION LABOR CONTRACTS IN PLACE (Annual Salary Increase Percentages)								
	Current/Expired Contract Period	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023
NYSPBA	FY 2019 - FY 2023	2%	2%	2%	2%	2%	2%	2%	2%	2%
NYSCOPBA	FY 2017 - FY 2023	2%	2%	2%	2%	2%	2%	2%	2%	2%
UUP	AY 2017 - AY 2022	2%	2%	2%	2%	2%	2%	2%	2%	
CSEA	FY 2017 - FY 2021	2%	2%	2%	2%	2%	2%	2%		
DC-37	FY 2017 - FY 2021	2%	2%	2%	2%	2%	2%	2%		
PEF	FY 2017 - FY 2019	2%	2%	2%	2%	2%				
GSEU	FY 2017 - FY 2019	2%	2%	2%	2%	2%				
CUNY	FY 2011 - FY 2018	2.5%	2%	2%	1.5%					
NYSPIA	FY 2012 - FY 2018	2%	2%	1.5%	1.5%					
Council 82	FY 2010 - FY 2016	2%	2%							
PBANYS	FY 2006 - FY 2015	2%								

The Judiciary also has agreements with all 12 unions represented within its workforce. The contract periods are as follows: FY 2018 to FY 2020 for CSEA; FY 2012 to FY 2019 for Court Officers Benevolent Association of Nassau County (COBANC); FY 2012 to FY 2021 for the NYS Supreme Court Officers Association, the NYS Court Officers Association and the Court Clerks Association; and FY 2017 to FY 2019 for seven other unions.

Pension Contributions

Overview

The State makes annual contributions to the New York State and Local Retirement System (NYSLRS) for employees in the New York State and Local Employees' Retirement System (ERS) and the New York State and Local Police and Fire Retirement System (PFRS). This section discusses contributions from the State, including the Judiciary, to the NYSLRS, which account for the majority of the State's pension costs.¹¹ All estimates are based on projected market returns and numerous actuarial assumptions which, if unrealized, could change these projections materially.

During FY 2016, the NYSLRS updated its actuarial assumptions based on the results of the 2015 five-year experience study. In September 2015, the NYSLRS announced that employer contribution rates would decrease beginning in FY 2017 and the assumed rate of return would be lowered from 7.5 percent to 7 percent. The salary scale assumptions were also changed – for ERS the scale was reduced from 4.9 percent to 3.8 percent and for PFRS the scale was reduced from 6.0 percent to 4.5 percent. During FY 2019, salary scale assumptions were further changed via a one-time 10 percent increase for both ERS and PFRS, which will be reflected in FY 2020 contribution rates.

FY 2019 Projections

The State's FY 2019 ERS/PFRS pension liability projection of \$2.2 billion is based on the most recent estimate prepared by OSC as of December 2018. The estimate includes payment of \$432 million towards the balance outstanding on prior-year deferrals (i.e., amortizations) and additional interest savings from paying the majority of the pension bill in April 2018. The State's FY 2019 ERS/PFRS pension estimate was revised downward based on the actual FY 2018 salary base (used to calculate the FY 2019 bill), which was lower than previously projected.

FY 2020 Projections

The preliminary FY 2020 ERS/PFRS pension liability estimate of \$2.2 billion is impacted by FY 2018 investment returns of 11.4 percent, which was above the Comptroller's assumed rate of return (7 percent). The estimate also reflects the impact of past investment performance and growth in the number of lower cost Tier 6 members. As a result, the average contribution rate for ERS will decrease from 14.9 percent to 14.6 of payroll, while the average contribution rate for PFRS will remain stable at 23.5 percent of payroll.¹² In addition to the \$2.2 billion liability, the FY 2020 estimate reflects a \$500 million repayment in FY 2020 of amortized pension costs due in FY 2021 through FY 2023. The accelerated repayment would save approximately \$33 million in interest expense. DOB will evaluate fiscal conditions before executing the accelerated amortization repayment.

¹¹ The State's aggregate pension costs also include costs for State employees in the Teachers' Retirement System (TRS) for both SUNY and the State Education Department (SED), the Optional Retirement Program (ORP) for both SUNY and SED, and the New York State Voluntary Defined Contribution Plan (VDC).

¹² Average contribution rates include the Group Life Insurance Program (GLIP), and thus differ from the system average normal rates reported in the pension amortization section.

The pension liability also reflects changes to military service credit provisions found in Section 1000 of the Retirement and Social Security Law (RSSL) enacted during the 2016 legislative session (Chapter 41 of the Laws of 2016). All veterans who are members of NYSLRS may, upon application, receive extra service credit for up to three years of military duty if such veterans (a) were honorably discharged, (b) have achieved five years of credited service in a public retirement system, and (c) have agreed to pay the employee share of such additional pension credit. Costs to the State for employees in the ERS will be incurred at the time each member purchases credit, as documented by OSC at the end of each calendar year, while costs for employees in PFRS will be distributed across PFRS employers and billed on a two-year lag (e.g. FY 2017 costs were first billed in FY 2019). Additionally, Section 25 of the RSSL requires the State to pay the ERS employer contributions associated with this credit on behalf of local governments. The State is also permitted to amortize the cost of past service credits newly incurred in a given fiscal year; however, the State does not anticipate choosing this option as there would be an interest rate of 7 percent applied to this amortization. The ERS cost to the State (including the costs covered for local ERS) was \$27 million in FY 2019 based on actual credit purchased through December 31, 2018. DOB currently estimates ERS costs of \$30 million in FY 2020 and ongoing costs of \$7 million beginning in FY 2021 as additional veterans become eligible to purchase the credit.

Outyear Projections

Pension liability estimates for FY 2021 and beyond, as projected by DOB, reflect growth in normal costs primarily based on the expectation that collective bargaining will result in continued salary increases, and that investment returns will be below the actuarially assumed 7 percent rate of return in the near-to-mid-term.

Pension Amortization

Under legislation enacted in August 2010, the State and local governments may amortize (defer paying) a portion of their annual pension costs. Amortization temporarily reduces the pension costs that must be paid by public employers in a given fiscal year, but results in higher costs overall when repaid with interest.

The State and local governments are required to begin repayment on each new amortization in the fiscal year immediately following the year in which the amortization was initiated. The full amount of each amortization must be repaid within ten years at a fixed interest rate determined by OSC. Legislation included in the FY 2017 Enacted Budget authorized the State to prepay a portion of remaining principal associated with an amortization, and then pay a lower recalculated interest installment in any subsequent year for which the principal has been prepaid. This option does not allow the State to delay the original ten-year repayment schedule, nor does it allow for the interest rate initially applied to the amortization amount to be modified.

The portion of an employer's annual pension costs that may be amortized is determined by comparing the employer's amortization-eligible contributions as a percentage of employee salaries (e.g., the normal rate¹³) to a system-wide amortization threshold (e.g., the graded rate). Graded rates are determined for ERS and PFRS according to a formula enacted in the 2010 legislation, and generally move toward their system's average normal rate by up to one percentage point per year. When an employer's normal rate is greater than the system-wide graded rate, the employer can elect to amortize the difference. However, when the normal rate of an employer that previously amortized is less than the system-wide graded rate, the employer is required to pay the graded rate. Additional contributions are first used to pay off existing amortizations and are then deposited into a reserve account to offset future increases in contribution rates. Chapter 48 of the Laws of 2017 changed the graded rate computation to provide an employer specific graded rate based on the employer's own tier and plan demographics.

The State, including the Office of Court Administration (OCA), has not amortized its pension costs, since FY 2016.

¹³ For the purpose of this discussion, the "normal rate" refers to all amortization-eligible costs (e.g., normal and administrative costs, as well as certain employer-provided options such as sick leave credit) divided by salary base.

Other Matters Affecting the Financial Plan

The amortization threshold is projected to equal the normal rate in upcoming State fiscal years. The following table reflects projected pension contributions and amortizations exclusively for Executive branch and Judiciary employers participating in ERS and PFRS.

EMPLOYEE RETIREMENT SYSTEM AND POLICE AND FIRE RETIREMENT SYSTEM (millions of dollars)									
Fiscal Year	Statewide Pension Payments ¹				Interest Rate on Amortization Amount (%) ³	Excess Contributions			
	Normal Costs ²	(Amortization Amount) / Excess Contributions	Repayment of Amortization	Total Statewide Pension Payments		System Average Normal Rate ⁴		Amortization Threshold (Graded Rate)	
						PFRS			
						ERS (%)	(%)	ERS (%)	PFRS (%)
2011	1,543.2	(249.6)	0.0	1,293.6	5.00	11.5	18.1	9.5	17.5
2012	2,037.6	(562.9)	32.3	1,507.0	3.75	15.9	21.6	10.5	18.5
2013	2,076.1	(778.5)	100.8	1,398.4	3.00	18.5	25.7	11.5	19.5
2014	2,633.8	(937.0)	192.0	1,888.8	3.67	20.5	28.9	12.5	20.5
2015	2,325.7	(713.1)	305.7	1,918.3	3.15	19.7	27.5	13.5	21.5

2017	1,788.6	0.0	432.1	2,220.7	2.33	15.1	24.3	15.1	23.5
2018	1,786.6	0.0	432.1	2,218.7	2.84	14.9	24.3	14.9	24.3
2019 Est.	1,762.9	0.0	432.1	2,195.0	3.64	14.4	23.5	14.4	23.5
2020 Est. ⁵	1,799.0	0.0	932.1	2,731.1	TBD	14.2	23.5	14.2	23.5
-----Projected by DOB ⁶ -----									
2021	1,967.8	0.0	212.9	2,180.7	TBD	15.2	24.5	15.2	24.5
2022	2,188.6	0.0	212.8	2,401.4	TBD	16.2	25.5	16.2	25.5
2023	2,392.6	0.0	204.1	2,596.7	TBD	17.2	26.5	17.2	26.5
2024	2,607.8	0.0	240.1	2,847.9	TBD	18.2	27.5	18.2	27.5
2025	2,815.5	0.0	126.4	2,941.9	TBD	19.2	28.5	19.2	28.5
2026	3,028.2	0.0	42.2	3,070.4	TBD	20.2	29.5	20.2	29.5

¹ Pension Contribution values in this table do not include pension costs related to the ORP, VDC, and TRS for SUNY and SED, whereas the projected pension costs in other Financial Plan tables include such pension disbursements.

² Normal costs include payments from amortizations prior to FY 2011, which ended in FY 2016 as a result of early repayments.

³ Interest rates are determined by the Comptroller based on the market rate of return on comparable taxed fixed income investments (e.g., Ten-Year Treasuries). The interest rate is fixed for the duration of the ten-year repayment period.

⁴ The system average normal rate represents system-wide amortization-eligible costs (i.e. normal and administrative costs, as well as the cost of certain employer options) as a percentage of the system's total salary base. The normal rate does not include the following costs, which are not eligible for amortization: Group Life Insurance Program (GLIP) contributions, deficiency contributions, previous amortizations, incentive costs, administrative costs, costs of new legislation in some cases, and prior-year adjustments. "(Amortization Amount) / Excess Contributions" are calculated for each employer in the system using employer-specific normal rates, which may differ from the system average.

⁵ FY 2020 liability is \$2.2 billion before pre-payment of \$500 million of amortization principal due in FY 2021 through 2023.

⁶ Outyear projections are prepared by DOB. The Retirement System does not prepare, or make available, outyear projections of pension costs.

The “Normal Costs” column shows the State’s underlying pension cost in each fiscal year, before the effects of amortization. The “(Amortization Amount) / Excess Contributions” column shows amounts amortized. The “Repayment of Amortization” column provides the amount paid in principal and interest towards the outstanding balance on prior-year amortizations. The “Total Statewide Pension Payments” column provides the State’s actual or planned pension contribution, inclusive of amortization. The “Interest Rate on Amortization Amount (%)” column provides the interest rate at which the State will repay the amortized contribution, as determined by OSC. The remaining columns provide information on the normal rate and graded rate, which are used to determine the maximum allowed "(Amortized)" amount or the mandatory "Excess Contributions" amount for a given fiscal year.

Other Post-Employment Benefits (OPEB)

State employees become eligible for post-employment benefits (e.g., health insurance) if they reach retirement while working for the State; are enrolled in either NYSHIP or the NYSHIP opt-out program at the time they reach retirement; and have at least ten years of eligible service. The cost of providing post-retirement health insurance is shared between the State and the retired employee. Contributions are established by law and may be amended by the Legislature. The State pays its share of costs on a Pay-As-You-Go (PAYGO) basis as required by law.

In accordance with Governmental Accounting Standards Board (GASB) Statement 45, the State must perform an actuarial valuation every two years for purposes of calculating OPEB liabilities. As disclosed in Note 13 of the State's Basic Financial Statements for FY 2018, the State's Annual Required Contribution (ARC) represents the annual level of funding that, if set aside on an ongoing basis, is projected to cover normal costs each year, and to amortize any unfunded liabilities of the plan over a period not to exceed 30 years. Amounts required but not actually set aside to pay for these benefits are accumulated, with interest, as part of the net OPEB obligation, after adjusting for amounts previously required.

As reported in the State's Basic Financial Statements for FY 2018, the unfunded actuarial accrued liability for FY 2018 is \$90.5 billion (\$72.8 billion for the State and \$17.7 billion for SUNY), an increase of \$3.3 billion from FY 2017 (attributable entirely to SUNY). The unfunded actuarial accrued liability for FY 2018 used an actuarial valuation of OPEB liabilities as of April 1, 2016. These valuations were determined using the Frozen Entry Age actuarial cost method and are amortized over an open period of 30 years using the level percentage of projected payroll amortization method. A significant portion of the annual growth in the State's unfunded actuarial accrued liability is due to the reduction of the discount rate from 3.155 to 2.637 percent, calculated as the average STIP rate for the past 20 years at the time of valuation. The decline in the discount rate increases the present value of the projected benefit obligation.

The actuarially determined annual OPEB cost for FY 2018 totaled \$5.5 billion (\$4.3 billion for the State and \$1.2 billion for SUNY), an increase of \$1.3 billion from FY 2017 (\$1 billion for the State and \$264 million for SUNY). The actuarially-determined cost is calculated using the Frozen Entry Age actuarial cost method, allocating costs on a level percentage of earnings basis. The actuarially determined cost was \$3.6 billion (\$2.7 billion for the State and \$878 million for SUNY) greater than the PAYGO required cash payments for retiree costs made by the State in FY 2018. This difference between the State's PAYGO costs, and the actuarially determined ARC under GASB Statement 45, reduced the State's net position at the end of FY 2018 by \$3.6 billion.

GASB has no authority to require the additional costs to be funded on the State's budgetary (cash) basis, and no additional funding is assumed for this purpose in the Financial Plan. The State continues to fund these costs, along with all other employee health care expenses, on a PAYGO basis, meaning the State pays these costs as they become due.

There is no provision in the Financial Plan to fund the ARC for OPEB. If the State began contributing, the additional cost above the PAYGO amounts would be lowered. However, it is not expected that the State will alter its current PAYGO funding practice.

The FY 2018 Enacted Budget included legislation creating a Retiree Health Benefit Trust Fund (the “Trust Fund”) that authorizes the State to reserve money for the payment of health benefits of retired employees and their dependents. Under the legislation, the State may deposit into the Trust Fund, in any given fiscal year, up to 0.5 percent of total then-current unfunded actuarial accrued OPEB liability. The Financial Plan does not include any deposits to the Trust Fund.

The provisions of GASB Statement 75 (Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions), which amends GASB Statement 45 and GASB Statement 57, is expected to be incorporated into the State’s FY 2019 Basic Financial Statements. The FY 2019 Basic Financial Statements are expected to be issued in July 2019. The GASB Statements, as amended by GASB Statement 75, alter the actuarial methods used to calculate OPEB liabilities, standardize asset smoothing and discount rates, and require the unfunded net OPEB obligation to be reported by the State in its Statement of Net Position. Reporting the unfunded OPEB liability on the Statement of Net Position, rather than as a note to the Basic Financial Statements, is expected to significantly increase the State’s total long-term liabilities and show the State in a negative net position.

GASB Statement 75 is not expected to alter the Financial Plan cash PAYGO projections for health insurance costs. DOB’s methodology for forecasting these costs over a multi-year period already incorporates factors and considerations consistent with the new actuarial methods and calculations required by the GASB Statement.

Litigation

Litigation against the State may include, among other things, potential challenges to the constitutionality of various actions. The State may also be affected by adverse decisions that are the result of various lawsuits. Such adverse decisions may not meet the materiality threshold to warrant individual description but, in the aggregate, could still adversely affect the Financial Plan.

Climate Change Adaptation

Climate change poses significant long-term threats to physical, biological, and economic systems in New York and around the world. Potential hazards and risks related to climate change for the State include, among other things, rising sea levels, more severe coastal flooding and erosion hazards, and more intense storms. Storms in recent years, including Superstorm Sandy, Hurricane Irene, and Tropical Storm Lee, have demonstrated vulnerabilities in the State's infrastructure (including mass transit systems, power transmission and distribution systems, and other critical lifelines) to extreme weather events including coastal flooding caused by storm surges. The potential effects of climate change could adversely impact the Financial Plan in current or future years. To mitigate and manage these impacts, significant long-term planning and investments by the Federal government, the State of New York, municipalities, and public utilities are expected to be needed to adapt existing infrastructure to climate change risks.

On October 8, 2018, the United Nations' Intergovernmental Panel on Climate Change (IPCC) released a special report on the impacts of global warming. The report found that human activity has already caused approximately 1.0°C of warming and is continuing to increase average global temperatures at 0.2°C per decade due to past and ongoing emissions. The IPCC states that global warming is likely to reach 1.5°C of warming between 2030 and 2052 if temperatures continue to increase at the current rate. This increase is expected to produce a range of adverse outcomes ("reasons for concern"). For example, the IPCC rates global risks of extreme weather events and coastal flooding as increasing from moderate ("detectable") today, to high ("severe and widespread") at 1.5°C of warming. The risk of severe impacts increases further at higher temperatures. Using current trends, climate change risks increasingly fall within the term of current outstanding bonds of the State, its public authorities and municipalities. State bonds may be issued with a term of up to 30 years under State statute.

Participants in financial markets are increasingly acknowledging climate change risks. In June 2017, an industry-led Task Force on Climate-Related Financial Disclosure convened by the Financial Stability Board (an international body which monitors the global financial system), published recommendations stating that climate risk affects most market sectors and that climate-related risk should be publicly disclosed to investors in annual financial filings.¹⁴ In November 2017, Moody's Investors Service issued guidance to state and local governments that climate change is forecast to heighten exposure to economic losses, placing potential pressure on credit ratings. The

¹⁴ For further context to the June 2017 disclosure recommendations, the Financial Stability Board was asked by an international coalition of G20 Finance Ministers and Central Bank Governors to address concerns that undisclosed climate risk could destabilize global financial markets.

Moody's report identified rising sea levels and the effect on coastal infrastructure as the primary climate risks for the northeastern United States, including New York State. These risks are heightened by population concentration in coastal counties.

The State continues to recover from the damage sustained during three powerful storms that crippled entire regions. In August 2011, Hurricane Irene disrupted power and caused extensive flooding in various State counties. In September 2011, Tropical Storm Lee caused flooding in additional State counties and, in some cases, exacerbated the damage caused by Hurricane Irene two weeks earlier. On October 29, 2012, Superstorm Sandy struck the East Coast, causing widespread infrastructure damage and economic losses to the greater New York region. The frequency and intensity of these storms present economic and financial risks to the State. Reimbursement claims for costs of the immediate response, recovery, and future mitigation efforts continue, largely supported by Federal Funds. In January 2013, the Federal government approved approximately \$60 billion in Federal disaster aid for general recovery, rebuilding, and mitigation activity nationwide. It is anticipated that the State, its localities, and the MTA may receive approximately one-half of this amount for response, recovery, and mitigation costs. To date, a total of \$17 billion has been committed to repairing impacted homes and businesses, restoring community services, and mitigating future storm risks across the State. There can be no assurance that all anticipated Federal disaster aid described above will be provided to the State and its affected entities over the coming years.

Cybersecurity

New York State government, like many other large public and private entities, relies on a large and complex technology environment to conduct its operations. As a recipient and provider of personal, private, or sensitive information, the State and its public corporations and municipalities face multiple cyber threats including, but not limited to, hacking, viruses, malware and other attacks on computer and other sensitive digital networks and systems. Entities or individuals may attempt to gain unauthorized access to the State's digital systems for the purposes of misappropriating assets or information or causing operational disruption and damage. To mitigate the risk of business operations impact and/or damage from cyber incidents or cyber-attacks, the State invests in multiple forms of cybersecurity and operational controls. The State's Chief Information Security Office (CISO) within the State's Office of Information Technology Services (ITS) maintains comprehensive policies and standards, programs, services relating to the security of State government networks and geographic information systems¹⁵, and annually assesses the implementation of security policies and standards to ensure compliance through the Nationwide Cyber Security Review. In addition, the CISO maintains the New York State Cyber Command Center team, which provides a security operations center, digital forensics capabilities, and related procedures for cyber incident reporting and response, distributes real-time advisories and alerts, provides managed security services, and implements statewide information security training and exercises. While controls are routinely reviewed and tested, no assurances can be given that such security and operational control measures will be completely successful at guarding against cyber

¹⁵ Statewide cybersecurity policies can be found at: <https://its.ny.gov/eiso/policies/security>.

Other Matters Affecting the Financial Plan

threats and attacks. The results of any such attack could impact business operations and/or damage State digital networks and systems, and the costs of remedying any such damage could be substantial.

The State has also adopted regulations designed to protect the financial services industry from cyber-attacks. Banks, insurance companies and other covered entities regulated by the Department of Financial Services (DFS) unless eligible for limited exemptions, are required to (a) maintain a cybersecurity program, (b) create written cybersecurity policies and perform risk assessments, (c) designate a CISO with responsibility to oversee the cybersecurity program, (d) annually certify compliance with the cybersecurity regulations, and (e) report to DFS cybersecurity events that have a reasonable likelihood of materially harming any material part of the entity's normal operation(s) or of which notice is required to any government body, self-regulatory agency, or supervisory body.

Financial Condition of New York State Localities

The State's localities rely in part on State aid to balance their budgets and meet their cash requirements. As such, unanticipated financial need among localities can adversely affect the State's financial plan projections. Certain localities outside New York City, including cities and counties, have experienced financial problems and have requested and received additional State assistance during the last several State fiscal years. In 2013, the Financial Restructuring Board for Local Governments was created to aid distressed local governments. The Restructuring Board performs comprehensive reviews and provides grants and loans on the condition of implementing recommended efficiency initiatives. For additional details on the Restructuring Board, please visit www.frb.ny.gov.

Bond Market

Successful implementation of the Financial Plan is dependent on the State's ability to market bonds. The State finances much of its capital spending, in the first instance, from the General Fund or the STIP, which it then reimburses with proceeds from the sale of bonds. If the State or its public authorities cannot sell bonds at the levels (or on the timetable) expected in the capital plan, the State's overall cash position and capital funding plan may be adversely affected. The success of projected public sales will be subject to prevailing market conditions and related ratings issued by national credit rating agencies, among other factors. Future developments in the financial markets, including possible changes in Federal tax law relating to the taxation of interest on municipal bonds, as well as future developments concerning the State and public discussion of such developments generally, may affect the market for outstanding State-supported and State-related debt. The TCJA adversely impacts the State and its public authorities by removing certain refunding opportunities for Federal tax exempt financing, including advance refundings for debt service savings when interest rates are favorable.

Other Matters Affecting the Financial Plan

Debt Reform Act Limit

The Debt Reform Act of 2000 (“Debt Reform Act”) restricts the issuance of State-supported debt funding to capital purposes only and limits the maximum term of bonds to 30 years. The Debt Reform Act limits the amount of new State-supported debt to 4 percent of State personal income, and new State-supported debt service costs to 5 percent of All Funds receipts. The restrictions apply to all new State-supported debt issued after April 1, 2000. DOB, as administrator of the Debt Reform Act, determined that the State was in compliance with the statutory caps in the most recent calculation period (FY 2018).

Current projections indicate that debt outstanding and debt service will continue to remain below limits imposed by the Debt Reform Act. Based on the most recent personal income and debt outstanding forecasts, the available debt capacity under the debt outstanding cap is expected to decline from \$5.8 billion in FY 2019 to about \$24 million in FY 2023. This includes the estimated impact of funding increased capital commitment levels with State bonds. The debt service costs on debt issued after April 1, 2000 and estimated new issuances is projected at \$5.1 billion in FY 2020, or roughly \$3.5 billion below the statutory debt service limitation.

¹ Assumes that SUNY Dormitory Facilities lease revenue bonds will be refunded into the new SUNY Dormitory Facilities Revenue Bond credit at their call dates.

Other Matters Affecting the Financial Plan

The projected debt capacity under the debt outstanding cap depends on expected growth in State personal income. The State uses personal income estimates published by the Federal government, specifically the Bureau of Economic Analysis (BEA), to calculate the cap on debt outstanding, as required by statute. The BEA revises these estimates on a quarterly basis and such revisions can be significant. The BEA increased its calendar year 2017 personal income estimate by \$70 billion from March to October 2018, resulting in a \$2.8 billion increase in debt outstanding capacity. Notably, this material fluctuation in statutory debt capacity occurred between the end of FY 2018, when debt outstanding is measured, and the final compliance determination in October 2018. While, in this instance, the State benefitted from the significant increase in BEA’s estimate of New York State personal income, this volatility could have compromised the State’s ability to manage within its statutory debt cap had the personal income estimate been unexpectedly revised downward by a similar amount. Absent such swings in personal income estimates, the State traditionally has relied on adjustments to capital spending priorities and debt financing practices to preserve available debt capacity and stay within the statutory limits.

Such volatility in New York State personal income estimates has prompted DOB to reexamine the manner in which BEA calculates personal income, in particular the apportionment of income among states. For Federal reporting purposes, BEA reassigns income from the state where it was earned to the state in which a person resides, for situations where a person lives and earns income in different states (the “residency adjustment”). The BEA residency adjustment has the effect of reducing New York State personal income because income earned in New York by nonresidents regularly exceeds income earned in other states by New York residents. The net residency adjustment reported by BEA decreased the measure of 2017 State personal income by \$73 billion at the time of the FY 2018 debt outstanding calculation. The State taxes all personal income earned in New York, regardless of place of residency. Therefore, including the BEA personal income residency adjustment in the debt cap calculation reduces alignment with the State tax base and understates the PIT revenues available to support State debt. To date, in administering the debt reform cap, DOB has used State personal income, as reduced by the BEA residency adjustment, in debt outstanding cap calculations and projections which correspondingly reduces the State’s debt capacity under the Debt Reform Act.

Changes in the State's available debt capacity since the Mid-Year Update to the Financial Plan, as illustrated below, reflect the impact of several factors, including BEA personal income forecast adjustments and capital spending revisions. The State may adjust capital spending priorities and debt financing practices from time to time to preserve available debt capacity and stay within the statutory limits, as events warrant.

DEBT OUTSTANDING SUBJECT TO CAP REMAINING CAPACITY SUMMARY					
(millions of dollars)					
	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023

FY 2020 Executive Budget Financial Plan as Amended	5,831	3,373	2,112	1,146	24

Secured Hospital Program

Under the Secured Hospital Program, the State entered into service contracts to enable certain financially distressed not-for-profit hospitals to have tax-exempt debt issued on their behalf, to pay for upgrading their primary health care facilities. Revenues pledged to pay debt service on the bonds include hospital payments made under loan agreements between the Dormitory Authority of the State of New York (DASNY) and the hospitals, and certain reserve funds held by the applicable trustees for the bonds. In the event of revenue shortfalls to pay debt service on the Secured Hospital bonds, the service contracts obligate the State to pay debt service, subject to annual appropriations by the Legislature, on bonds issued by DASNY through the Secured Hospital Program. As of December 31, 2018, there were approximately \$193 million of bonds outstanding for this program.

Three of the four remaining hospitals in the State's Secured Hospital Program are in poor financial condition. In relation to the Secured Hospital Program, the State's contingent contractual obligation was invoked to pay debt service for the first time in FY 2014. Since then the State has paid \$125 million for debt service costs. DASNY also estimates the State will pay debt service costs of approximately \$31 million in FY 2020 and FY 2021, \$25 million in FY 2022, and \$20 million in FY 2023 and FY 2024. These amounts are based on the actual experience to date of the participants in the program and would cover debt service costs for one hospital whose debt service obligation was discharged in bankruptcy, a second hospital which closed in 2010, and a third hospital that is currently delinquent in its payments. The State has estimated additional exposure of up to \$7 million annually, if all hospitals in the Program failed to meet the terms of their agreements with DASNY and if available reserve funds were depleted.

SUNY Downstate Hospital and the Long Island College Hospital (LICH)

In May 2011, the New York State Supreme Court issued an order that approved the transfer of real property and other assets of LICH to a New York State not-for-profit corporation (“Holdings”), the sole member of which is SUNY. Subsequent to such transfer, Holdings leased the LICH hospital facility to SUNY University Hospital at Brooklyn. In 2012, DASNY issued tax exempt State PIT Revenue Bonds (“PIT Bonds”), to refund approximately \$120 million in outstanding debt originally incurred by LICH and assumed by Holdings.

Pursuant to a court-approved settlement in 2014, SUNY, together with Holdings, issued a request for proposals (RFP) seeking a qualified party to provide or arrange to provide health care services at LICH and to purchase the LICH property.

In accordance with the settlement, Holdings has entered into a purchase and sale agreement with (a) the Fortis Property Group (FPG) Cobble Hill Acquisitions, LLC (the “Purchaser”), an affiliate of Fortis Property Group, LLC (“Fortis”) (also party to the agreement), which proposes to purchase the LICH property, and (b) NYU Hospitals Center, which proposes to provide both interim and long-term health care services. The Fortis affiliate plans to develop a mixed-use project. The agreement was approved by the Offices of the Attorney General and the State Comptroller, and the sale of all or substantially all of the assets of Holdings was approved by the State Supreme Court in Kings County. The initial closing was held as of September 1, 2015, and on September 3, 2015 sale proceeds of approximately \$120 million were transferred to the trustee for the PIT Bonds, which were paid and legally defeased from such proceeds. Titles to 17 of the 20 properties were conveyed to the special purpose entities formed by the Purchaser to hold title.

The next closing, when title to the New Medical Site (NMS) portion of the LICH property is to be conveyed to NYU Hospitals Center (the NMS Closing), is anticipated to occur within 30 days after all buildings on the NMS are fully demolished and all environmental issues remediated by the Purchaser. The physical demolition has been completed, and final review of the environmental paperwork is nearing completion.

As the NMS Closing did not occur on or before June 30, 2016, NYU Hospitals Center has the right to terminate its obligations under the purchase and sale agreement upon 30 days prior notice to Purchaser and Holdings. There can be no assurance that NYU Hospitals Center will not exercise its right to terminate. If NYU Hospitals Center terminates its obligations under the purchase and sale agreement, it has the contractual right to close its interim emergency department services immediately, but that right would be subject to obtaining regulatory approval for the closure. Also, if NYU Hospitals Center terminates its obligations under the purchase and sale agreement, the Purchaser has the ability under the purchase and sale agreement to continue with the final closing if, among other criteria, the Purchaser can identify a replacement provider with a confirming letter of interest to provide certain of the health care services expected to be provided by NYU Hospitals Center. To date, Holdings has received no indication that NYU Hospitals Center intends to terminate its obligations under the purchase and sale agreement.

Other Matters Affecting the Financial Plan

The final closing is anticipated to occur within 36 months after the NMS Closing. At the final closing, titles to the two remaining portions of the LICH properties will be conveyed to special purpose entities of Fortis, and Holdings will receive the balance of the purchase price, \$120 million less the remaining down payment. The final closing is conditioned upon completion of the New Medical Building by NYU Hospitals Center and relocation of the emergency department to the New Medical Building.

There can be no assurance that the resolution of legal, financial, and regulatory issues surrounding LICH, including the payment of outstanding liabilities, will not have a materially adverse impact on SUNY.

State Financial Plan Multi-Year Projections

Introduction

This section presents the State’s multi-year Financial Plan projections for receipts and disbursements, reflecting the impact of forecast revisions in FYs 2020 through FY 2023, with an emphasis on the FY 2020 projections, which reflect the impact of the Financial Plan.

The State’s cash-basis budgeting system, complex fund structure, and practice of earmarking certain tax receipts for specific purposes complicate the discussion of the State’s receipts and disbursements projections. Therefore, to minimize the distortions caused by these factors and to highlight relevant aspects of the projections, DOB has adopted the following approaches in summarizing the projections:

- **Receipts.** The detailed discussion of tax receipts covers projections for both the General Fund and State Funds (including capital projects). The State Funds perspective reflects estimated tax receipts before distribution to various funds and accounts, including tax receipts dedicated to capital projects funds (which fall outside of the General Fund and State Operating Funds accounting perspectives). DOB believes this presentation provides a clearer picture of projected receipts, trends, and forecast assumptions, by factoring out the distorting effects of earmarking tax receipts for specific purposes.
- **Disbursements.** Roughly 30 percent of projected State-financed spending for operating purposes (excluding transfers) is accounted for outside of the General Fund, primarily concentrated in the areas of health care, School Aid, higher education, and transportation. To provide a clear picture of spending commitments, the multi-year projections and growth rates are presented, where appropriate, on both a General Fund and State Operating Funds basis.

In evaluating the State’s multi-year operating forecast, it should be noted that the reliability of the estimates and projections as a predictor of the State’s future financial position is likely to diminish particularly in later years of the Financial Plan. Accordingly, in terms of outyear projections, the first “outyear” of the FY 2020 Budget, FY 2021, is the most relevant from a planning perspective.

Summary

The Financial Plan reflects 1.8 percent annual growth in State Operating Funds, consistent with the expectation of adherence to a 2 percent annual spending growth benchmark.

The projections for FY 2021 and thereafter as set forth in the Financial Plan reflect savings that DOB estimates would be realized if the Governor continues to propose, and the Legislature continues to enact, balanced budgets in future years that limit annual growth in State Operating Funds spending to no greater than 2 percent. The calculations are developed using the State Operating Funds accounting perspective, as it is currently reflected in the Financial Plan. From time to time, the State has approved legislation that has affected the spending reflected in State Operating Funds.

Estimated savings are labeled on a distinct line in the Financial Plan tables as “Adherence to 2% Spending Benchmark.” The total disbursements in the Financial Plan tables do not assume these savings. Such savings will be developed and proposed in future budgets. If the State exceeds the 2 percent State Operating Funds spending benchmark in FY 2021, FY 2022, and FY 2023, the projected operating position could decline.

The following tables present the Financial Plan multi-year projections for the General Fund and State Operating Funds, as well as reconciliation between the State Operating Funds projections and the General Fund budget gaps. The tables are followed by a summary of the multi-year receipts and disbursements forecasts.

State Financial Plan Multi-Year Projections

¹ Total State share Medicaid funding excludes the utilization of tobacco MSA payments which will be directly deposited to a Medicaid Escrow Fund to cover a portion of local Medicaid growth.

² All Other includes other education, parks, environment, economic development, public safety, and reconciliation between school year and State fiscal year spending on School Aid.

³ Before actions to adhere to the 2 percent spending growth benchmark.

⁴ Savings estimated from limiting annual spending growth in future years to 2 percent (calculation based on FY 2019 estimate). The Governor is expected to propose, and negotiate with the Legislature to enact, a Budget in each fiscal year that restricts State Operating Funds spending growth to 2 percent. The "Surplus/(Gap)" estimate assumes that all savings from holding spending growth to 2 percent are made available to the General Fund.

The National Economy

The economic outlook for the national economy is virtually unchanged from the Executive Budget forecast due in part to the National Income and Product Account (NIPA) data vacuum that persists as a result of the government shutdown. However, global data points toward even more weakness than was reflected in January, which in turn will result in further downward pressure on inflation. Increased global weakness, combined with less inflation, is consistent with the Federal Reserve remaining cautious about future rate increases. Moreover, the national labor market entered 2019 with some additional unexpected strength. On balance, DOB continues to project U.S. Gross Domestic Product (GDP) growth of 2.4 percent for 2019, following estimated growth of 2.9 percent for 2018.

Although the national outlook for 2019 is little changed, the projected quarterly growth path has been altered by the impact of the government shutdown. The partial shutdown lasted five weeks, from December 22, 2018, through January 25, 2019, making it the longest in U.S. history. Almost 800,000 Federal government workers were either furloughed or worked without pay; based on Congressional Budget Office (CBO) estimates, a total of approximately \$18 billion in Federal discretionary spending was delayed.¹⁶ The updated Executive Budget forecast incorporates CBO's estimates of the altered path of Federal spending due to the shutdown.

Based on CBO estimates, we assume the government shutdown lowered the level of U.S. real GDP by one-tenth relative to what it otherwise would have been, reflecting the negative impact from delayed Federal government spending, weaker consumer spending due to the delayed payment of Federal government workers, and second-round effects of lower private-sector income resulting from Federal spending delays. This lost inflation-adjusted level of output is estimated to have resulted in lower growth of 0.2 percent on a seasonally adjusted annualized basis (see Table 1). Additional weakness in housing and net exports has resulted in a total downward revision to fourth quarter growth of three-tenths of a percentage point, to 2.4 percent.

CBO estimates that the partial government shutdown will continue to shave growth from the first quarter of 2019 since not all forgone economic activity will be recoverable in February and March. Furloughed Federal employees may try to make up for forgone activity once they resume work, but in the NIPA data, the contribution of Federal salaried workers to real GDP is usually measured as a function of their regular hours and thus will not be recorded. However, it is assumed that all of the recoverable activity will be recouped before September 30, 2019, the end of the Federal fiscal year. Therefore, a boost to economic output is expected for both the second and third quarters of 2019, as Federal workers spend their back pay and Federal agencies resume making purchases and providing services. The following table shows the estimated economic impact of the partial government shutdown for each affected quarter.

¹⁶ Congressional Budget Office, "The Effects of the Partial Shutdown Ending in January 2019," January 28, 2019. See <https://www.cbo.gov/publication/54937>, viewed February 8, 2019. CBO's estimates do not account for the uncertainty caused by the delayed publication of economic data from the Federal agencies affected by the shutdown.

Estimated Economic Impact of the Partial Federal Government Shutdown					
	2018Q4	2019Q1	2019Q2	2019Q3	2019Q4
Effect on the Level of Real GDP (Percent)	-0.1	-0.2	0.1	0.1	close to 0
Effect on the Annualized Quarterly Growth Rate of Real GDP (Percentage Points)	-0.2	-0.4	1.0	close to 0	-0.3
Source: CBO					

The government shutdown is expected to have had a small temporary impact on both the level of employment and the unemployment rate. The estimated 800,000 Federal employees who were either furloughed or working without pay will receive back pay, so they should be counted as employed in the establishment survey conducted by the Bureau of Labor Statistics (BLS). Based on the household survey, from which the unemployment rate is derived, only the 300,000 Federal workers who were furloughed in January would be counted as unemployed on temporary layoff, which may have elevated January’s unemployment rate. But the temporary decrease in private-sector activity that resulted from the shutdown might have slowed hiring and increased layoffs in the private sector. On balance, January employment posted a strong monthly gain of 304,000. However, household survey data indicate that the number of individuals working part-time for economic reasons increased by 490,000 in January. This jump could include unpaid Federal workers who took temporary part-time jobs to replace a portion of their lost income, in which case the January monthly gain could have overstated the strength of the labor market.

In addition, the annual benchmark revisions to the payroll survey data raised the average monthly gain for 2018 to 223,000, an increase of 3,000. As a result, DOB’s current outlook for the labor market is marginally stronger than reflected in the Executive Budget, with average monthly gains of 166,000 now projected for 2019. However, DOB continues to expect employment growth to slow as the expansion matures. Total nonagricultural employment growth of 1.6 percent is projected for 2019, representing an upward revision of 0.2 percentage point from the Executive Budget, though that is still a deceleration from an upwardly revised 1.7 percent for 2018.

State Financial Plan Multi-Year Projections

In an effort to normalize interest rates, the Federal Reserve raised its Federal funds target rate three times in 2017 and four times in 2018. However, as the outlook for both the domestic and global economies becomes murkier, the outlook for monetary policy has become more uncertain. The Federal Open Market Committee (FOMC) removed references to “further gradual increases” in its January 2019 meeting statement and included new language signaling a more patient, data-dependent stance. DOB’s economic outlook is consistent with a single rate hike at the end of 2019, followed by one more rate hike in 2020. This would bring the upper end of the target range close to 3 percent by the end of 2020, 25 basis points lower than the Executive Budget forecast.

Several factors are at work prompting a change in the monetary policy outlook. First, the global economic outlook has only deteriorated since the completion of the Executive Budget forecast. The failure to produce a Brexit deal has clouded the outlook for the U.K. economy, while the Italian economy appears to be in recession. Moreover, China’s fragile growth outlook has reduced momentum in all of its neighboring trading partners. While currency pressures eased in 2018, growth in other emerging markets is not expected to be able to offset the weakness in developed markets. World GDP is thus expected to be weaker than was reflected in the Executive Budget forecast. Accordingly, real export growth for 2019 has been revised down by two-tenths of a percentage point to 2.5 percent.

Second, financial conditions have tightened. The most recent results from the Federal Reserve’s Senior Loan Officer Survey indicate a tightening of bank lending standards. The risk spread (as measured by difference between corporate bond yields and risk-free long-term treasury yields) widened over the course of 2018 and continued widening in early 2019. Meanwhile, the yield curve, which tracks the difference between long- and short-term rates, remains relatively flat, putting downward pressure on banking system profits, particularly now that the rates that banks pay their depositors are finally rising from historically low levels, as banks are forced to compete with the rise in risk-free short-term Treasury yields. The ten-year Treasury yield has fallen about 10 basis points since the middle of December, despite a 25 basis-point increase in the Federal funds rate. The sluggishness of the ten-year Treasury yield is due in large part to the safe-haven status of U.S. Treasury securities and is therefore likely to persist, particularly as the global economy decelerates.

Finally, inflation remains moderate from a historical perspective and well within the Federal Reserve’s target range. Domestic oil prices appear to be stabilizing between \$50 and \$55 per barrel, with slowing global growth and expanding U.S. production providing a counterweight to the uncertainty that a complicated geopolitical landscape is having on supply. Thus, there is little evidence that inflation is poised to rise significantly above the Federal Reserve’s 2 percent target over the near term. Therefore, consumer price inflation is estimated to fall from 2.4 percent in 2018 to 2.0 percent in 2019 on an annual average basis, 0.2 percentage points below the Executive Budget forecast.

Overall, the economic outlook is slightly weaker than reflected in the Executive Budget, but many risks remain. Recent analysis by the U.S. Government Accountability Office indicates that many households may have under-withheld during the 2018 tax year under the new tax law, resulting in fewer and smaller refunds paid out by the IRS in the first and second quarters of 2019 than anticipated. If this phenomenon is sufficiently widespread, household spending for the first half of

this year could be weaker than reflected in this forecast. If the U.S. and China fail to strike a trade deal by the March 1 deadline, yet another escalation in the tariff war could cause world trade to contract further, possibly damaging U.S. corporate profits if companies are forced to shift away from east Asian supply chains to more expensive countries. In addition, if tariffs result in even higher input prices than anticipated, the current relatively benign inflation environment could deteriorate, possibly resulting in lower job and investment growth than reflected in this forecast. Slower global growth than projected could result in lower demand for U.S. exports, resulting in weaker growth in corporate profits, investment, and employment than reflected in this forecast.

Finally, all of the risks mentioned above have injected a large degree of volatility into equity markets in recent months. Lower and more volatile equity prices can result in lower household spending through both the wealth effect and as a signal that the road ahead is uncertain. This volatility could be further exacerbated by the risk surrounding the long-term impact of declining Federal tax receipts due to TCJA on budget deficits and the national debt. On the positive side, if global growth is stronger than reflected in this outlook, or lower long-term interest rates spark a stronger housing market than expected, growth in corporate profits, investment, and employment could be stronger than anticipated in this forecast.

The New York State Economy

New York State private sector job growth appears to be stabilizing at a historically healthy pace. Following 1.5 percent growth for 2017, the first half of 2018 had slightly stronger growth of 1.6 percent. However, the State economy will not be immune to slowing global growth and a weakening national economy going forward. Indeed, preliminary data for the second half of the year indicates a slight stepdown from the first half, resulting in estimated growth of 1.4 percent for all of 2018. Slower growth of 1.3 percent is projected for 2019 as national and global economic growth continues to taper off. Both of these estimates are virtually unchanged from the Executive Budget forecast.

NEW YORK STATE ECONOMIC INDICATORS (Percent change from prior State fiscal year)			
	FY 2018 (Actual)	FY 2019 (Estimated)	FY 2020 (Forecast)
Personal Income	5.7	3.9	4.1
Wages	4.7	3.2	3.8
Nonagricultural Employment	1.3	1.2	1.1

State Financial Plan Multi-Year Projections

The outlook for finance and insurance sector bonuses has weakened relative to the Executive Budget forecast, because of both weaker estimates of Wall Street's fourth-quarter 2018 revenue performance and evidence that one-time bonus payments paid out in the first quarter of 2018 were likely stronger than originally estimated. Consequently, finance and insurance sector bonuses have been adjusted downward by 5.1 percentage points from the Executive Budget forecast to a decline of 14.7 percent for FY 2019, which contains the bonus season now in progress. With the equity market outlook now a bit stronger for 2019, finance and insurance sector bonus growth for FY 2020 has been revised up from a decline of 1.2 percent to growth of 0.2 percent, although the level of bonus payouts is now expected to be lower due to the lower FY 2019 base level.

Revised Quarterly Census of Employment and Wage data indicate weaker bonus growth but stronger non-bonus wage growth for the second half of 2018. As a result, underlying non-bonus wage growth is revised up by 0.3 percentage points from the Executive Budget forecast to a healthy 4.8 percent for FY 2019, with 4.2 percent growth now projected for FY 2020. On balance, total State wage growth of 3.2 percent is projected for FY 2019, representing a 0.1 percentage point downward revision from the Executive Budget forecast, while FY 2020 wage growth has been revised up by 0.2 percentage points to 3.8 percent, consistent with the revisions to both bonus and non-bonus wage growth.

Equity market volatility and taxpayer responses to both anticipated and actual changes to Federal tax law have resulted in large swings in taxable non-wage income for New York. For example, prior to 2009, hedge fund managers were able to avoid paying U.S. income taxes on fee compensation earned from their offshore funds by deferring and reinvesting it. The Emergency Economic Stabilization Act of 2008 ended this practice and required that all deferred compensation for services performed before January 1, 2009, be repatriated by December 31, 2017, at which point it would be subject to taxation. DOB estimates that approximately \$15 billion in such income was added to New York State adjusted gross income (NYSAGI) for the 2017 tax year. Moreover, the results of the 2016 presidential election created an expectation among high-income taxpayers that Federal PIT rates would be reduced effective in 2017, including the capital gains tax. This expectation likely motivated taxpayers to delay capital gains, wages, and possibly other income-generating activity into 2017, reducing wage and nonwage income for 2016 and increasing it for 2017. State taxpayers are estimated to have delayed \$6 billion in capital-gains generating activity from 2016 into 2017. These developments, combined with fourth quarter financial market activity, are estimated to have boosted growth in the non-wage components of NYSAGI for the 2017 Tax Year, while depressing them for 2018. As a result, positive capital gains realizations are now estimated to have fallen 3.1 percent for the 2018 Tax Year, following growth of 32.2 percent for 2017. Combined positive partnership and S Corp gains are estimated to have fallen 16.1 percent for tax year 2018, following growth of 18.1 percent for 2017.

Although State private sector job growth remains above its historical average, there are many risks to the forecast. All the risks to the U.S. forecast apply to the State forecast as well although as the nation's financial capital, both the volume of financial market activity and the volatility in equity markets pose a particularly large degree of uncertainty for New York. The uncertainty surrounding the macroeconomic outlook for the national and global economies is amplified in the financial markets, as demonstrated by the 19.8 percent decline in the S&P 500 over a scant three months at the end of 2018. Risks related to the impact of tariffs, the strong dollar, and weakening global growth are likely to continue to create volatility and restrain equity market growth over the near term. Due to the disproportionate global tilt of financial markets, the State's finance sector is particularly vulnerable to these risks. Weaker and/or more volatile markets than anticipated could result in weaker bonus and wage growth, as well as lower taxable capital gains realizations, than are reflected in this forecast. In contrast, stronger equity markets, along with stronger national and global growth, could result in stronger employment and wage growth than this forecast reflects.

State Financial Plan Multi-Year Projections

Receipts

The Financial Plan receipts results and projections include a variety of taxes, fees and assessments, charges for State-provided services, Federal grants, and other miscellaneous receipts. The multiyear tax and miscellaneous receipts estimates are prepared by DOB with the assistance of the DTF and other agencies which collect State receipts and are predicated on economic analysis and forecasts.

Overall base growth (i.e. absent law changes) in tax receipts is dependent on many factors. In general, base tax receipts growth rates are determined by economic changes including, but not limited to, changes in interest rates, prices, wages, employment, non-wage income, capital gains realizations, taxable consumption, corporate profits, household net worth, real estate prices and gasoline prices. Federal law changes can influence taxpayer behavior, which often alters base tax receipts. State taxes account for approximately half of total All Funds receipts.

The projections of Federal receipts generally correspond to the anticipated spending levels of a variety of programs including Medicaid, public assistance, mental hygiene, education, public health, and other activities, including extraordinary aid.

Where noted, certain tables in the following section display General Fund tax receipts that exclude amounts transferred to the General Fund in excess of amounts needed for certain debt service obligations (e.g., PIT receipts in excess of the amount transferred for debt service on revenue bonds).

Overview of the Receipts Forecast

All Funds receipts in FY 2019 are projected to total \$169.2 billion, 2.3 percent above FY 2018 results.

¹ The FY 2019 amount does not include MTA PMT receipts as the Enacted Budget provided that the PMT be remitted to MTA without an appropriation beginning in FY 2019.

State tax receipts are projected to decrease 5.4 percent in FY 2019, driven largely by a PIT decline of 7.6 percent. Refer to the Personal Income Tax section herein for additional explanation of the atypical growth rate pattern for FY 2018 and FY 2019.

Consistent with the projected growth in the State economy over the multi-year Financial Plan period beyond FY 2019, all tax categories are projected to exhibit underlying annual outyear growth.

After controlling for the impact of tax law changes, base tax revenue increased 6.5 percent in FY 2018, is projected to decrease by 4.3 percent in FY 2019 and increase by 12.6 percent in FY 2020.

¹Excludes Transfers.

All Funds PIT receipts for FY 2019 are estimated to total \$47.6 billion, a decrease of \$3.9 billion (7.6 percent) from FY 2018 results. This decrease is primarily driven by a decline in estimated payments related to the 2018 Tax Year coupled with an increase in total refunds. This decline is partially offset by expected growth in withholding and final returns.

The following table summarizes, by component, actual receipts for FY 2018 and forecast amounts through FY 2023.

¹These components, collectively, are known as the "settlement" on the prior year's tax liability.

Withholding in FY 2019 is estimated to be \$452 million (1.1 percent) higher than FY 2018 results, driven by the combination of moderate growth in non-bonus wages and a decline in bonus wages. In the initial Executive Budget Financial Plan, DOB projected withholding growth at 1.8 percent over FY 2018 levels. Extension payments related to Tax Year 2017 are expected to increase by \$75 million (2.2 percent), primarily due to one-time payments related to the expiration of the Federal ten-year window to repatriate foreign hedge fund earnings. These one-time payments have been offset by an acceleration of New York State tax liability payments into December 2017 to take advantage of the uncapped Federal itemized deduction for State and local taxes paid for Tax Year 2017, leaving growth in extension payments nearly flat. Estimated payments attributable to Tax Year 2018 are projected to decrease by \$3.9 billion (27.2 percent), driven by a combination of a decline in nonwage income, higher estimated payments made in Tax Year 2017, stemming from the TCJA and repatriation of foreign hedge fund earnings, and higher extensions payments made in Tax Year 2018, due to payment timing behavior in response to the capped Federal itemized deduction for State and local taxes paid for Tax Year 2018. FY 2019 final return payments are projected to increase by \$151 million (6.1 percent) and delinquencies are projected to decline by \$7 million (0.5 percent).

Projected growth in total refunds of \$689 million (6.5 percent) includes increases of \$484 million (79.3 percent) in advanced credit payments related to Tax Year 2018, \$99 million (18.8 percent) in previous tax year (2016 and earlier) refunds, and \$317 million (37 percent) in the state-city offset, partially offset by a decline of \$212 million (3.4 percent) in prior tax year (2017) refunds. The administrative January-March refund cap will remain at the higher level in FY 2019, as in FY 2018.

State Financial Plan Multi-Year Projections

General Fund PIT receipts are net of deposits to the STAR Fund, which provides property tax relief, and the RBTF, which supports debt service payments on State PIT revenue bonds. General Fund PIT receipts for FY 2019 of \$21.4 billion are projected to decrease by \$14.7 billion (40.7 percent) from FY 2018 results, reflecting a combination of enacted legislation that doubled RBTF deposits from 25 percent to 50 percent of net PIT receipts, and the decline in All Funds receipts noted above. As a result, RBTF deposits are projected to nearly double to \$23.8 billion. The FY 2019 STAR transfer is projected to be \$2.4 billion.

All Funds PIT receipts for FY 2020 of \$51.8 billion are projected to increase by \$4.2 billion (8.8 percent) from FY 2019 estimates. Gross PIT receipts are projected to increase 7.8 percent, reflecting increases of \$1.8 billion (4.4 percent) in withholding, \$527 million (5.1 percent) in estimated payments related to Tax Year 2019, \$2.1 billion (59.2 percent) in extension payments related to Tax Year 2018, \$119 million (4.5 percent) in final returns, and \$64 million (4.3 percent) in delinquencies. Total refunds are projected to increase by \$401 million (3.6 percent), due to increases of \$800 million (73.1 percent) in advanced credit payments, \$248 million (4.1 percent) in prior tax year (2018) refunds, and \$27 million (4.3 percent) in previous tax years (2017 and earlier) refunds, partially offset by a \$500 million (22.2 percent) expected decline in the administrative refund cap and a \$174 million (14.8 percent) decline in the state-city offset.

General Fund PIT receipts for FY 2020 of \$23.7 billion are projected to increase by \$2.3 billion (10.9 percent) from current year estimates, mainly reflecting the increase in All Funds receipts noted above. RBTF deposits are projected to be \$25.9 billion and the STAR transfer is projected to be \$2.2 billion.

All Funds PIT receipts for FY 2021 of \$54 billion are projected to increase by nearly \$2.2 billion (4.2 percent) from FY 2020 projections. Gross PIT receipts are projected to increase 3.3 percent, primarily reflecting projected withholding growth of \$1.6 billion (3.8 percent). Total refunds are projected to decline by \$117 million (1 percent).

Total estimated payments are projected to increase by \$197 million (1.2 percent) due to a \$623 million (5.7 percent) increase in estimated payments for Tax Year 2020, partially offset by a \$426 million (7.6 percent) decline in extensions for Tax Year 2019. Final returns are expected to increase by \$160 million (5.8 percent) and delinquencies are projected to increase by \$97 million (6.2 percent). The decline in total refunds is attributable to the scheduled expiration of the Property Tax Relief Credit.

General Fund PIT receipts for FY 2021 of \$24.9 billion are projected to increase by \$1.2 billion (5.1 percent). RBTF deposits are projected to be \$27 billion, and the STAR transfer is projected to be \$2.1 billion.

All Funds PIT receipts in FY 2022 are projected to increase by \$3.2 billion from FY 2021 projections to reach \$57.1 billion, while General Fund PIT receipts are projected to total \$26.6 billion in FY 2022.

¹Excludes Transfers.

All Funds consumption/use tax receipts for FY 2019 are estimated to total \$17.4 billion, a \$734 million (4.4 percent) increase from FY 2018 results. Sales tax receipts are estimated to increase \$717 million (4.9 percent) from FY 2018 results, reflecting base growth (i.e., absent law changes) of 6.4 percent. Cigarette and tobacco tax collections are projected to decrease by \$59 million (5 percent), reflecting a decline in taxable cigarette consumption. Highway Use Tax (HUT) collections are estimated to increase by \$51 million (54.8 percent) due to the return to normal refund levels after FY 2018 litigation-induced historic refund payouts. Motor fuel tax receipts are estimated to increase by \$19 million (3.7 percent) reflecting higher-than-expected gasoline consumption. Taxicab surcharge receipts are estimated to decline by \$6 million (10.7 percent) as consumers choose alternative transportation services not subject to the surcharge. Auto rental tax receipts are estimated to increase by \$7 million (5.7 percent).

General Fund sales tax receipts are net of deposits to the Local Government Assistance Tax Fund (25 percent), and the Sales Tax Revenue Bond Fund (25 percent), which support debt service payments on bonds issued under the LGAC and State Sales Tax Revenue Bond programs. Receipts in excess of the debt service requirements of the funds and the local assistance payments to New York City, or its assignee, are transferred back to the General Fund.

General Fund consumption/use tax receipts for FY 2019 are projected to total \$7.7 billion, a \$332 million (4.5 percent) increase from FY 2018 results. This increase largely reflects the All Funds sales and use tax and cigarette tax trends noted above.

State Financial Plan Multi-Year Projections

All Funds consumption/use tax receipts for FY 2020 are projected to total \$18.2 billion, a \$741 million (4.2 percent) increase from FY 2019 estimates. The projected \$895 million (5.9 percent) increase in sales tax receipts reflects tax base growth of 3.7 percent and an additional \$273 million in projected revenue related to FY 2020 Executive Budget legislation. This increase is partially offset by the continued decline in taxable cigarette consumption, as well as shifting certain MTA receipts directly to the MTA.

General Fund consumption/use tax receipts are projected to be \$8.1 billion in FY 2020, a \$410 million (5.3 percent) increase from FY 2019. The projected increase largely reflects the All Funds sales and use tax and cigarette tax trends, noted above.

All Funds consumption/use tax receipts for FY 2021 are projected to increase to over \$18.9 billion, an \$762 million (4.2 percent) increase from FY 2020. Increases in sales tax receipts reflects base growth of 3.5 percent, and an additional \$389 million in projected revenue related to Executive Budget legislation. The vapor excise tax will be fully phased-in and is projected to generate \$39 million. The excise tax, along with the license fees for adult use cannabis, is projected to generate \$83 million. These increases are partially offset by a continued decline in taxable cigarette consumption, as well as shifting certain MTA receipts directly to the MTA. FY 2021 General Fund consumption/use tax receipts are projected to increase to \$8.4 billion, a \$315 million (3.9 percent) increase from FY 2020 projections.

All Funds consumption/use tax receipts are projected to increase to nearly \$19.5 billion (2.8 percent growth) in FY 2022, largely representing base growth in sales tax receipts, which is slightly offset by a continued decline in taxable cigarette consumption, as well as shifting certain MTA receipts directly to the MTA. General Fund consumption/use tax receipts are projected to increase to nearly \$8.7 billion (3.1 percent growth) in FY 2022, reflecting the All Funds sales and use tax and cigarette tax trends, noted above.

Bank Tax	410	102	-75.1%	60	-41.2%	0	-100.0%	0	0.0%	0	0.0%
Petroleum Business Tax	0	0	0.0%	0	0.0%	0	0.0%	0	0.0%	0	0.0%

All Funds business tax receipts for FY 2019 are estimated to total \$7.7 billion, an increase of \$580 million (8.1 percent) from FY 2018 results. The estimate reflects increases in corporate franchise tax, insurance tax and petroleum business tax (PBT) receipts. Corporation and utilities tax and bank tax receipts are estimated to decline primarily due to higher receipts in FY 2018 that are not expected to recur in FY 2019.

Corporation franchise tax receipts are estimated to increase \$897 million (29.1 percent) in FY 2019, reflecting higher gross receipts. FY 2018 results were negatively impacted by a shortfall in cash remittances from taxpayers that continue to apply remaining overpayment balances from Tax Year 2015 that they can use to offset current year liability. It will likely be several years before many larger taxpayers exhaust these overpayment balances and need to remit cash payments for current liability. FY 2019 estimates also include \$60 million resulting from taxable interest associated with the Federal TCJA repatriated earnings provision and \$20 million from other TCJA flow-through impacts.

Corporation and utilities tax receipts are estimated to decrease by \$63 million (8.4 percent) from FY 2019. Audit receipts are projected to fall by \$44 million due to one-time payments from telecommunication companies in FY 2018. Gross receipts from telecommunications companies are expected to decline due to industry competitiveness and the movement of most communications to internet-based solutions which are not taxable. In 2017, over 90 percent of the population owned a smartphone.

Insurance tax receipts for FY 2019 are estimated to increase \$39 million (2.2 percent) from FY 2018. Projected growth in Tax Year 2018 liability reflects expected decreases in credit claims for assessments paid to the Life Insurance Company Guaranty Corporation (LICGC). The LICGC exists to protect policyholders from the insolvency of their life insurers. This is the third year of claims for the credit for assessments paid in prior years.

State Financial Plan Multi-Year Projections

Receipts from the repealed bank tax (all from prior liability periods) are estimated to decrease by \$344 million (73.7 percent), reflecting lower audit receipts (\$176 million) and increased refunds. PBT receipts are estimated to increase \$51 million (4.7 percent) in FY 2019, primarily due to the 5 percent increase in the PBT rate index.

General Fund business tax receipts for FY 2019 of \$5.4 billion are projected to increase by \$480 million (9.8 percent) from FY 2018 results, reflecting the All Funds trends discussed above.

All Funds business tax receipts for FY 2020 of \$8.6 billion are projected to increase by \$867 million (11.2 percent) from FY 2019 estimates. The corporation franchise tax receipts increase of \$385 million (9.7 percent) reflects projected growth in corporate profits, increased audit receipts, and a stabilization of liability as taxpayers adjust to all aspects of State corporate tax reform (effective Tax Year 2015). This projection includes \$71 million in TCJA flow-through impacts in the corporation franchise tax. The increase in corporation and utilities tax receipts of \$25 million (3.6 percent) is primarily attributable to growth in the utilities section of the tax.

Insurance tax receipts for FY 2020 of \$2.3 billion are projected to increase by \$491 million (27 percent) from current year estimates. This projected increase is primarily due to the conversion of a not-for-profit health insurer to a for-profit health insurer in addition to projected growth in insurance tax premiums combined with lower expected LICGC credit claims. Receipts from the repealed bank tax are projected to decrease by \$52 million (42.3 percent) in FY 2019, due to lower projected audit receipts. PBT receipts are projected to increase by \$18 million (1.6 percent) in FY 2020 due to the 5 percent increase in the PBT rate index effective January 1, 2019.

General Fund business tax receipts for FY 2020 of nearly \$6.2 billion are projected to increase by \$767 million (14.2 percent) from current year estimates, reflecting the All Funds trends discussed above.

All Funds business tax receipts for FY 2021 of nearly \$8.8 billion are projected to increase by \$173 million (2 percent), and General Fund business tax receipts are projected to increase to nearly \$6.4 billion (3.2 percent growth) from FY 2020 projections. The increase is primarily reflective of growth in corporation franchise tax receipts driven by higher gross receipts and lower refunds. Increases in projected corporation and utilities tax and insurance tax receipts are partially offset by a decline in projected bank tax and PBT receipts. This projection includes \$52 million in TCJA flow-through impacts in the corporation franchise tax.

All Funds business tax receipts for FY 2022 reflect projected trends in corporate profits, taxable insurance premiums, electric utility consumption and prices, the consumption of taxable telecommunications services, and automobile fuel consumption and fuel prices. In FY 2022, All Funds business tax receipts are projected to increase to \$8.9 billion (1.7 percent growth), and General Fund business tax receipts are projected to increase to nearly \$6.5 billion (1.6 percent growth). This projection includes \$53 million in TCJA flow-through impacts.

¹Excludes Transfers.

All Funds other tax receipts for FY 2019 are estimated to total over \$2.2 billion, a decrease of \$247 million (10.1 percent) from FY 2018 results. This is primarily due to an estimated \$252 million (19.3 percent) decrease in estate tax receipts resulting from a return to historical levels in both the number and average payment value of super-large (i.e., over \$25 million) payments. Real estate transfer tax receipts are expected to increase by \$5 million (0.4 percent) due to weak estimated growth in housing starts and housing prices.

General Fund other tax receipts are estimated to be near \$1.1 billion in FY 2019, a decrease of \$252 million (19 percent) from FY 2018 results, reflecting the decrease in estate tax receipts noted above.

All Funds other tax receipts for FY 2020 are projected to total well over \$2.2 billion, a \$38 million (1.7 percent) increase from FY 2019 estimates. The \$18 million (1.7 percent) projected increase in estate tax receipts reflects projected growth in household net worth, partially offset by a projected decline of one super-large payment compared to the prior year. Real estate transfer tax receipts are projected to increase by \$18 million (1.6 percent), reflecting continued weak projected growth in housing starts and prices.

General Fund other tax receipts for FY 2020 are projected to be nearly \$1.1 billion, an increase of \$19 million (1.8 percent) from FY 2019 estimates due to the projected increase in estate tax receipts noted above.

State Financial Plan Multi-Year Projections

All Funds other tax receipts for FY 2021 are projected to be well over \$2.3 billion, a \$102 million (4.5 percent) increase from FY 2020 projections. Estate tax receipts are projected to increase by \$61 million (5.7 percent) in FY 2021, reflecting projected growth in household net worth. The \$35 million (3 percent) projected increase in real estate transfer tax receipts in FY 2021 reflects projected growth in housing starts and prices.

General Fund other tax receipts for FY 2021 are projected to total below \$1.2 billion, an increase of \$64 million (5.9 percent), resulting from the projected increase in estate tax receipts noted above.

All Funds other tax receipts for FY 2022 reflect projected trend growth in household net worth, housing starts, and housing prices. All Funds other tax receipts are projected to be nearly \$2.5 billion in FY 2022, an increase of \$112 million (4.8 percent).

General Fund other tax receipts are projected to be over \$1.2 billion in FY 2022, an increase of \$69 million (6 percent).

Miscellaneous Receipts

All Funds miscellaneous receipts include moneys received from HCRA financing sources, SUNY tuition and patient income, lottery receipts for education, assessments on regulated industries, Tribal-State compact revenue, Extraordinary Monetary Settlements and a variety of fees. As such, miscellaneous receipts are driven in part by year-to-year variations in health care surcharges and other HCRA resources, bond proceeds, tuition income revenue and other miscellaneous receipts.

MISCELLANEOUS RECEIPTS											
(millions of dollars)											
	FY 2018	FY 2019	FY 2020		FY 2021		FY 2022		FY 2023		
	Results	Current	Change	Proposed	Change	Projected	Change	Projected	Change	Projected	Change
ALL FUNDS	27,262	31,345	15.0%	27,797	-11.3%	25,163	-9.5%	25,569	1.6%	25,397	0.0%
General Fund	3,129	3,195	2.1%	2,071	-35.2%	2,049	-1.1%	1,906	-7.0%	1,896	-0.5%
Special Revenue Funds	17,933	19,496	8.7%	17,816	-8.6%	16,374	-8.1%	16,707	2.0%	16,247	-2.8%
Capital Projects Funds	5,729	8,156	42.4%	7,516	-7.8%	6,346	-15.6%	6,563	3.4%	6,862	4.6%
Debt Service Funds	471	498	5.7%	394	-20.9%	394	0.0%	393	-0.3%	392	-0.3%

All Funds miscellaneous receipts are projected to total \$31.3 billion in FY 2019, an increase of 15 percent from FY 2018 results. This increase is primarily due to growth in bond financed capital spending on a year-over-year basis. Bond-financed capital expenses are paid from the General Fund (or STIP) in the first instance and subsequently reimbursed with PIT or Sales Tax Revenue Bond proceeds, at which time they are captured as miscellaneous receipts.

All Funds miscellaneous receipts are projected to decline annually after FY 2019, reflecting the impact of Extraordinary Monetary Settlements received and a decrease in bond proceed reimbursements in later years, which corresponds to prior year capital expenses.

Federal Grants

FEDERAL GRANTS (millions of dollars)											
	FY 2018	FY 2019	FY 2020		FY 2021		FY 2022		FY 2023		
	Results	Current	Change	Proposed	Change	Projected	Change	Projected	Change	Projected	
ALL FUNDS	58,942	62,879	6.7%	63,772	1.4%	64,460	1.1%	66,187	2.7%	68,776	0.0%
General Fund	0	0	0.0%	0	0.0%	0	0.0%	0	0.0%	0	0.0%
Special Revenue Funds	56,744	60,372	6.4%	61,470	1.8%	62,200	1.2%	63,928	2.8%	66,520	4.1%
Capital Projects Funds	2,125	2,433	14.5%	2,229	-8.4%	2,187	-1.9%	2,187	0.0%	2,187	0.0%
Debt Service Funds	73	74	1.4%	73	-1.4%	73	0.0%	72	-1.4%	69	-4.2%

Aid from the Federal government helps to pay for a variety of programs including Medicaid, public assistance, mental hygiene, School Aid, public health, transportation, and other activities. Annual changes to Federal grants generally correspond to changes in Federally-reimbursed spending. Accordingly, DOB typically projects Federal reimbursements will be received in the State fiscal year in which spending occurs, but due to the variable timing of Federal grant receipts, actual results often differ from projections.

All Funds Federal grants projections primarily reflect the continuation of growth in Federal Medicaid spending related to Federal health care transformation initiatives, partly offset by the projected phase-down of Federal disaster assistance aid. All Federal receipts are subject to Congressional authorization, appropriations and budget action.

Under the current administration and congress, many of the policies that drive Federal aid may be subject to change. At this time, it is not possible to assess the potential fiscal impact of future policies that may be proposed and adopted. If Federal funding to the State were reduced, this could have a materially adverse impact on the Financial Plan. The FY 2020 Executive Budget includes proposed authorization to develop a mitigation plan to offset the impact of significant Federal funding reductions.

State Financial Plan Multi-Year Projections

Disbursements

In FY 2020, disbursements from the State's General Fund, including transfers, are expected to total \$76.6 billion and disbursements from State Operating Funds are expected to total \$102 billion. School Aid, Medicaid, pensions, debt service, and health benefits are significant drivers of annual spending growth, as further described in this section.

The multi-year disbursements projections consider various factors including statutorily-indexed rates, agency staffing levels, program caseloads, inflation, and funding formulas contained in State and Federal law. Factors that affect spending estimates vary by program. For example, public assistance spending is based primarily on anticipated caseloads that are estimated by analyzing historical trends and projected economic conditions. Projections also account for the timing of payments, since not all of the amounts appropriated are disbursed in the same fiscal year. Consistent with past years, the aggregate spending projections (e.g., the sum of all projected spending by individual agencies) in State Special Revenue Funds have been adjusted downward in all fiscal years, based on typical spending patterns and the observed variance between estimated and actual results over time. A corresponding downward adjustment is also made to miscellaneous receipts.

Local Assistance Grants

Local assistance spending includes payments to local governments, school districts, health care providers, and other entities, as well as financial assistance to, or on behalf of, individuals, families and not-for-profit organizations. Local assistance spending in State Operating Funds is estimated at \$67 billion in FY 2020, approximately two-thirds of total State Operating Funds spending. Education and health care spending account for nearly three-quarters of State Operating Funds local assistance spending.

Certain key factors considered in preparing the spending projections for the State’s local assistance programs and activities are summarized below.

FORECAST FOR SELECTED PROGRAM MEASURES AFFECTING OPERATING ACTIVITIES (millions of dollars)

¹ Reflects the total State cost of taking over the local share of Medicaid growth, which was initially capped at approximately 3 percent annually, then phased-out completely as of calendar year 2015. A portion of the State takeover costs are funded from Master Settlement Agreement resources.

State Financial Plan Multi-Year Projections

Education

School Aid

School Aid helps support elementary and secondary education for New York pupils enrolled in the 674 major school districts throughout the State. State funding is provided to districts based on statutory aid formulas and through reimbursement of categorical expenses, such as prekindergarten programs, education of homeless children, and bilingual education. State funding for schools assists districts in meeting locally defined needs, supports the construction of school facilities, and finances school transportation for nearly three million students statewide.

School Year (July 1 – June 30)

School Aid is expected to total \$27.7 billion in SY 2020, an annual increase of \$956 million (3.6 percent), including a \$338 million Foundation Aid increase. A Community Schools set-aside of \$250 million within Foundation Aid (a \$50 million increase from the prior year) provides funds intended to facilitate the transformation of schools into community hubs. In addition, another \$411 million supports increased reimbursement in expense-based and categorical aid programs such as transportation, Boards of Cooperative Educational Services (BOCES), school construction, and other miscellaneous aid categories.

The Financial Plan provides \$50 million for new competitive grant programs, including a \$15 million investment to expand prekindergarten programs for three- and four-year-old students targeted to high-need school districts, and \$10 million to expand the Empire State After-School Program, helping to keep young people safe and engaged during after school hours. The State provides over \$800 million in recurring annual support for three- and four-year old prekindergarten programs, including \$340 million for the Statewide Universal Full-Day Prekindergarten (SUFPK) programs.

Since FY 2013, Financial Plan projections have assumed that year-over-year growth in School Aid disbursements would not exceed the annual percent growth in NYS personal income. However, since FY 2014, the State has annually authorized School Aid increases above PIGI. Starting in FY 2020, the Budget recommends that the statutory growth cap for School Aid be amended to reflect a ten-year average of annual NYS personal income growth. The use of a School Aid growth cap based on a ten-year average is expected to reduce the volatility associated with a one-year average growth cap, limit the impact of the BEA’s frequent revisions to NYS personal income growth estimates, and better align Executive School Aid proposals with the State’s Enacted School Aid increases. Consistent with a ten-year average PIGI, the FY 2020 Executive Budget Financial Plan reflects a School Aid increase of 3.6 percent.

SCHOOL AID - SCHOOL YEAR BASIS (JULY 1 - JUNE 30)									
(millions of dollars)									
	SY 2019	SY 2020	Change	SY 2021	Change	SY 2022	Change	SY 2023	Change
Total	26,734	27,690	956	28,784	1,094	30,036	1,252	31,313	1,277
			3.6%		4.0%		4.3%		4.3%

State Fiscal Year

The State finances School Aid from the General Fund, commercial gaming receipts and Lottery Fund receipts, including video lottery terminals (VLTs). Commercial gaming and Lottery Fund receipts are accounted for and disbursed from dedicated accounts. Because the State fiscal year begins on April 1, the State typically pays approximately 70 percent of the annual school year commitment during the State fiscal year in which the related budget is enacted and pays the remaining 30 percent in the first three months of the following State fiscal year.

The table below summarizes the projected sources of School Aid spending on a State fiscal year basis.

SCHOOL AID - STATE FISCAL YEAR BASIS (millions of dollars)									
	FY 2019	FY 2020		FY 2021		FY 2022		FY 2023	
	Current	Proposed	Change	Projected	Change	Projected	Change	Projected	Change
TOTAL STATE OPERATING FUNDS	26,468	27,217	2.8%	28,352	4.2%	29,557	4.3%	30,826	4.3%
General Fund Local Assistance	23,028	23,324	1.3%	24,738	6.1%	25,949	4.9%	27,218	4.9%
Medicaid	99	78	-21.2%	78	0.0%	78	0.0%	78	0.0%
Core Lottery Aid	2,294	2,679	16.8%	2,427	-9.4%	2,427	0.0%	2,427	0.0%
VLT Lottery Aid	907	975	7.5%	948	-2.8%	948	0.0%	948	0.0%
Commercial Gaming	140	161	15.0%	161	0.0%	155	-3.7%	155	0.0%

State fiscal year spending for School Aid is projected to total \$27.2 billion in FY 2020, a 2.8 percent increase over FY 2019. Over the multi-year Financial Plan, the share of School Aid spending projected to be financed by the General Fund is expected to increase as core lottery, video lottery and commercial gaming revenues are expected to either decline or remain largely flat beginning in FY 2021. In addition to State aid, school districts currently receive more than \$3 billion annually in Federal aid.

State aid payments for School Aid are supplemented by commercial gaming revenues shared with the State by commercial gaming facilities. These receipts are expected to remain flat in FY 2021, decline slightly by \$6 million in FY 2022, and remain flat in FY 2023. Pursuant to State Gaming Commission approval, four casinos were awarded licenses and are now operational. In January 2019, the Monticello Casino and Raceway announced plans to cease its VLT operations in April 2019. The assumption is a significant amount of current gaming activity at Monticello will shift to nearby Resorts World Catskills Casino. This closure and anticipated shift in gaming activity are expected to have a limited net impact on the State’s projected combined VLT and casino revenue resources in FY 2020 and thereafter.

If casino revenue resources do not materialize at the level expected, or as timely as expected, then the additional School Aid projected to be funded from casino revenue resources must be paid from the General Fund.

State Financial Plan Multi-Year Projections

Other Education Funding

In addition to School Aid, the State provides funding and support for various other education-related programs. These include: special education services; programs administered by the Office of Prekindergarten through Grade 12 Education; cultural education; higher and professional education programs; and adult career and continuing education services.

OTHER EDUCATION FUNDING (millions of dollars)									
	FY 2019 Current	FY 2020 Proposed	Change	FY 2021 Projected	Change	FY 2022 Projected	Change	FY 2023 Projected	Change
TOTAL STATE OPERATING FUNDS	2,263	2,310	2.1%	2,352	1.8%	2,445	4.0%	2,546	4.1%
Special Education	1,295	1,350	4.2%	1,417	5.0%	1,483	4.7%	1,550	4.5%
All Other Education	968	960	-0.8%	935	-2.6%	962	2.9%	996	3.5%

The State helps fund special education services for approximately 500,000 students with disabilities, from ages 3 to 21. Major programs under the Office of Prekindergarten through Grade 12 address specialized student needs or reimburse school districts for education-related services, including the school breakfast and lunch programs, after-school programs and other educational grant programs. Cultural education includes aid for operating expenses of the major cultural institutions, State Archives, State Library, and State Museum, as well as support for the Office of Educational Television and Public Broadcasting. Higher and professional education programs monitor the quality and availability of post-secondary education programs, and license and regulate over 50 professions. Adult career and continuing education services focus on the education and employment needs of the State’s adult citizens, ensuring that such individuals have access to a one-stop source for all their employment needs, and are made aware of the full range of services available in other agencies.

The increase in Special Education spending in FY 2020 is primarily attributable to the restoration of State funding to reimburse summer school special education programs, which was reduced in last year’s Enacted Budget. Outyear spending is primarily attributable to projected cost growth in preschool and summer school special education programs.

Projected decrease in All Other Education spending in FY 2020 and FY 2021 primarily reflects the discontinuation of one-time aid and grants. Outyear spending is projected to increase, largely due to continued growth in charter school supplemental tuition and facilities aid payments for charter schools in New York City.

School Tax Relief Program

The STAR program provides school tax relief to taxpayers by exempting the first \$30,000 of every eligible homeowner's property value from the local school tax levy. Lower-income senior citizens will receive a \$68,700 exemption in FY 2020. The DTF oversees local property assessment administration and is responsible for establishing STAR property tax exemption amounts.

The three components of STAR and their approximate shares of projected FY 2020 program costs are: the Basic school property tax exemption for homeowners with incomes under \$250,000 or the Basic school property tax credit for homeowners with incomes under \$500,000 (54 percent); Enhanced school property tax exemption or credit for senior citizen homeowners with incomes under \$86,300 (27 percent); and a credit for income-eligible resident NYC personal income taxpayers (19 percent). The FY 2018 Enacted Budget converted the NYC PIT rate reduction into a PIT tax credit starting with the 2017 tax year. As of FY 2019, NYC STAR payments are no longer a component of State Operating Funds spending. This change has no impact on the value of the STAR benefit received by taxpayers.

Spending on the STAR property tax exemptions reflects reimbursements made to school districts to offset the reduction in the amount of property tax revenue collected from STAR-eligible homeowners. Since 2017, the STAR exemption program has been gradually transitioned from a spending program into an advance refundable PIT credit program. As a result, first-time homebuyers and homeowners who move receive a refundable PIT credit in lieu of a property tax exemption. This change has no impact on the value of the STAR benefit received by homeowners.

SCHOOL TAX RELIEF (STAR) - REVENUE REDUCTION RESULTING FROM STAR ACTIONS									
(millions of dollars)									
	FY 2019	FY 2020		FY 2021		FY 2022		FY 2023

Gross Program Costs	949	922	-2.8%	938	1.7%	961	2.5%	973	1.2%
Personal Income Tax Credit	(51)	(108)	-111.8%	(165)	-52.8%	(221)	-33.9%	(277)	-25.3%
New York City PIT	0	0	0.0%	0	0.0%	0	0.0%	0	0.0%
Gross Program Costs	626	640	2.2%	656	2.5%	673	2.6%	673	0.0%
Personal Income Tax Credit	(626)	(640)	-2.2%	(656)	-2.5%	(673)	-2.6%	(673)	0.0%

The gross program costs and PIT credit values reported in the FY 2019 Enacted Budget Financial Plan table were reported on a tax year basis. The values in the table above have been changed to a State fiscal year basis, and reflect updated PIT credit information. These changes do not impact the projected net cost of the STAR Program.

Much of the spending decline projected in FYs 2020 through 2023 is related to recommended Executive Budget actions to reduce the income limit for recipients of the Basic STAR exemption benefit from \$500,000 to \$250,000 and capping annual growth in the STAR exemption benefit at zero percent; both actions are not applicable to STAR credit benefits.

State Financial Plan Multi-Year Projections

Higher Education

Local assistance for higher education spending includes funding for CUNY, SUNY, and the HESC.

HIGHER EDUCATION (millions of dollars)									
	FY 2019 Current	FY 2020 Proposed	Change	FY 2021 Projected	Change	FY 2022 Projected	Change	FY 2023 Projected	Change

State University	482	469	-2.7%	471	0.4%	471	0.0%	470	-0.2%
Community College	477	465	-2.5%	467	0.4%	467	0.0%	466	-0.2%
Other/Cornell	5	4	-20.0%	4	0.0%	4	0.0%	4	0.0%

SUNY and CUNY administer 47 four-year colleges and graduate schools with a total enrollment of more than 410,000 full- and part-time students. SUNY and CUNY also operate 37 community colleges, serving approximately 309,000 students. State funds support a significant portion of SUNY and CUNY operations. In addition to the spending reflected in the above table, the State also provides more than \$1.0 billion annually for SUNY state-operated campus operations through a General Fund transfer and fully supports the fringe benefits costs of SUNY employees at state-operated campuses, totaling nearly \$2.0 billion. The State also pays debt service for bond-financed capital projects of the university systems. State debt service payments for capital projects at SUNY and CUNY are estimated at nearly \$1.2 billion in FY 2020, an increase of \$38 million from FY 2019 levels.

HESC is New York State’s student financial aid agency and oversees numerous State-funded financial aid programs, including the Excelsior Scholarship, TAP, the Aid for Part Time Study program, and 26 other scholarship and loan forgiveness programs. Along with other sources of tuition assistance, the Excelsior Scholarship will allow approximately 55 percent of full-time SUNY and CUNY in-state students to attend college tuition-free when it is fully phased in. Together, these programs provide financial aid to approximately 400,000 students.

The FY 2020 Executive Budget includes funding to implement the DREAM Act which will give undocumented students access to the Excelsior Scholarship, TAP, as well as other state-administered scholarships. The Executive Budget also provides for the launch of the third and final phase of the Excelsior Scholarship, increasing the income eligibility threshold to \$125,000, and new funding to implement a family empowerment pilot program at SUNY and CUNY community colleges. The family empowerment pilot program will enable single parents to receive financial and academic supports, including on-campus childcare options aligned with the nationally recognized Accelerated Study in Associates Program (ASAP).

State Financial Plan Multi-Year Projections

Higher education spending is projected to decrease by \$57 million, or 1.9 percent, from FY 2019 to FY 2020 and by \$11 million, or 0.4 percent, from FY 2020 to FY 2021. This decrease largely reflects accounting changes for certain payments from HESC to State-operated SUNY campuses, to count these payments as a transfer instead of a disbursement. Projected spending growth in FY 2022 and FY 2023 is largely due to employee fringe benefit growth for CUNY Senior Colleges.

Health Care

Local assistance for health care-related spending includes Medicaid, statewide public health programs and a variety of mental hygiene programs. DOH works with local health departments and social services departments, including those located in New York City, to coordinate and administer statewide health insurance programs and activities. The majority of government-financed health care programs are included under DOH, but a number of programs are also supported through multi-agency efforts.

DOH is also engaged in a multi-year initiative to implement the DSRIP program through an approved Federal waiver amendment to reinvest \$8 billion in Federal savings generated by the MRT reforms. The DSRIP program will promote community-level collaborations and focus on system reform, with the goal of achieving a 25 percent reduction in avoidable hospital use over five years. The Financial Plan reflects the impact of the DSRIP program through additional Federal Funds disbursements of nearly \$8 billion through FY 2021, with the remaining funds expected to be disbursed after FY 2021. A portion of DSRIP funding flows through the SUNY hospital system and other State-operated health care facilities.

Medicaid

Medicaid is a means-tested program that finances health care services for low-income individuals and long-term care services for the elderly and disabled, primarily through payments to health care providers. The Medicaid program is financed jointly by the State, Federal government, and local governments. Eligible services include inpatient hospital care, outpatient hospital services, clinics, nursing homes, managed care, prescription drugs, home care and services provided in a variety of community-based settings (including mental health, substance abuse treatment, developmental disabilities services, school-based services and foster care services).

In FY 2012, legislation was enacted to limit the year-to-year growth in DOH State funded Medicaid spending to the ten-year rolling average of the medical component of the CPI. The statutory provisions of the Medicaid spending cap (or “Global Cap”) also allow for flexibility in adjusting Medicaid projections to meet unanticipated costs resulting from a disaster. Certain authorizations exist which allow the Governor to take actions to reduce Medicaid spending in order to maintain spending within the Global Cap limit.

The FY 2020 Executive Budget reflects the continuation of the “Global Cap” through FY 2023, and the projections assume that statutory authority will be extended in subsequent years. Allowable growth under the cap for medical services is 3.3 percent in FY 2019. Reflecting updated projections for the medical CPI growth, DOB currently forecasts allowable cap growth at 3 percent for FYs 2020 and 2021 and 2.9 percent for FYs 2022 and 2023.

State Financial Plan Multi-Year Projections

MEDICAID GLOBAL CAP FORECAST (millions of dollars)					
	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023
Global Medicaid Cap¹	18,865	19,433	20,006	20,594	21,200
Annual \$ Change		568	573	588	606
Annual % Change		3.0%	3.0%	2.9%	2.9%

¹ Under the Global Cap, forecasted Medicaid services growth is indexed to the 10-year average of the medical component of the CPI.

The indexed provisions of the Global Cap apply to a majority of the State share of Medicaid spending budgeted and expended principally through DOH. However, the Global Cap is adjusted for State costs associated with the takeover of local Medicaid growth and the multi-year assumption of local Medicaid administration costs, increased FFP pursuant to the ACA that became effective in January 2014, as well as the statewide minimum wage increases authorized in the FY 2017 Enacted Budget. State share Medicaid spending also appears in the Financial Plan estimates for other State agencies, including the mental hygiene agencies, child welfare programs, education aid and corrections.

Local Assistance	0	0	0	0	0
State Operations	87	84	79	76	72

¹ DOH spending in the Financial Plan includes certain items that are excluded from the indexed provisions of the Medicaid Global Cap. This includes administrative costs, such as the takeover of local administrative responsibilities; the decision of Monroe County to participate in the Medicaid local cap program, rather than continuing the sales tax intercept option; increased Federal Financial Participation that became effective in January 2014; and a share of minimum wage increases.

² MSA payments will be deposited directly to a Medicaid Escrow Fund to cover a portion of the State share support for Medicaid.

³ The EP is not a Medicaid program; however, State-funded resources for the EP are managed under the Medicaid Global Cap.

State Financial Plan Multi-Year Projections

The State share of DOH Medicaid spending is financed by a combination of the General Fund, HCRA resources, indigent care support, provider assessment revenue, and tobacco settlement proceeds. The following table provides information on the financing sources for State Medicaid spending (more information on HCRA can be found in the section entitled "HCRA Financial Plan").

DEPARTMENT OF HEALTH MEDICAID (millions of dollars)

ALL FUNDING SOURCES	77,529	78,328	1.0%	80,086	2.2%	82,896	3.5%	86,436	4.3%

¹ The DOH Medicaid budget includes resources to fund a portion of Medicaid-related Mental Hygiene program costs under the Global Cap. Effective FY 2020, the Medicaid Global Cap program will assume a portion of the annual costs associated with minimum wage.

² As of County Year (CY) 2015 the State pays the full share of local government Medicaid services growth.

³ MSA payments will be deposited directly to a Medicaid Escrow Fund to cover a portion of the State's share of local Medicaid growth consistent with legislation.

⁴ The Local Share of Medicaid is paid by the Local Social Service Districts (counties), and is not included in the State's All Governmental Funds disbursement totals. Fluctuation in the local share of Medicaid is related to certain supplemental payments made by local districts. Local Medicaid services payments are capped at CY 2015 levels.

The FY 2020 Executive Budget Financial Plan includes \$990 million in annual savings from the Medicaid Global Cap. To achieve savings within the Global Cap necessary to support these additional costs, DOH will continue to implement various MRT actions to improve efficiency and effective delivery of the statewide Medicaid program. These actions include a reduction of Pharmacy Benefit Manager (PBM) costs by narrowing the gap between Managed Care Organization payments to pharmacies and the costs to the Medicaid program; consolidate and establish uniform reimbursement for Fiscal Intermediaries providing support in the consumer directed personal care program; transform the nursing home patient acuity data collection process to provide improved rate adequacy; apply for a waiver to leverage Federal funding for certain supportive housing services currently funded with State-only dollars; investing in the NYSOFA support services targeted to maintain the elderly in their communities, support family and friends in their caregiving roles, and delay future Medicaid costs by intervening with less intensive services earlier.

In FY 2018, bonds secured by annual payments from tobacco manufacturers under the MSA were retired, with no remaining debt service requirements to be paid on these bonds. DOB expects payments under the MSA of approximately \$435 million to be available in FY 2020 (including \$103 million from FY 2019) and additional payments to be available in subsequent years. Existing legislation directs these payments be used to help defray costs of the State’s takeover of Medicaid costs for counties and New York City. The State takeover, in which local Medicaid costs are capped permanently at 2015 calendar year levels, is expected to cost the State \$917 million in FY 2019 and \$1.1 billion in FY 2020. Consistent with State law, DOB expects MSA payments to be deposited directly to a Medicaid Payment Escrow Fund to offset the non-Federal share of annual Medicaid growth, formerly borne by local governments, which the State now pays on behalf of local governments. The deposit mechanism has no impact on overall Medicaid spending funded with State resources but does reduce reported State-supported Medicaid spending accounted for in State Operating Funds. The Financial Plan assumes that the MSA payments will provide financial plan relief through lower annual General Fund Medicaid disbursements. The table below displays the adjusted funding shares.

FUNDING SOURCES FOR STATE MEDICAID CONTRIBUTIONS (millions of dollars)					
	FY 2019 Current	FY 2020 Proposed	FY 2021 Projected	FY 2022 Projected	FY 2023 Projected
State Share Support	<u>23,857</u>	<u>24,231</u>	<u>25,669</u>	<u>26,729</u>	<u>27,799</u>
State Funds Medicaid Disbursements	23,422	23,904	25,298	26,358	27,428
MSA Payments (Local Growth)	435	327	371	371	371

The Financial Plan maintains General Fund support for costs associated with the regionally-based, multi-year increase in the statewide minimum wage, including the impact of legislation (Chapter 56 of the Laws of 2016) which ensures that rates for the total compensation for home health care workers in New York City, and Westchester, Nassau, and Suffolk counties will be increased commensurate with the schedule of statutory minimum wage increases.¹⁷ The impact of these minimum wage initiatives is projected to increase annual Medicaid spending above statutory Global Cap limits by \$703 million in FY 2019, \$1.1 billion in FY 2020, \$1.2 billion in FY 2021, \$1.3 billion in FY 2022, and \$1.4 billion in FY 2023.

¹⁷ Home health care workers in New York City and certain counties receive a benefit portion of total compensation in addition to their wage-based compensation rate levels (\$4.09 for New York City; \$3.22 for Westchester, Nassau, and Suffolk counties), resulting in total compensation which otherwise would have exceeded minimum wage levels and therefore was not factored into previous cost analysis. The impact of this legislation, however, effectively exempts the benefit portion of total compensation from the minimum wage calculation and ensures that home health care workers in these counties will receive incremental growth in wage compensation commensurate to the new minimum wage schedule.

State Financial Plan Multi-Year Projections

Fluctuation in enrollment, costs of provider health care services, and health care utilization levels are among the factors that drive higher Medicaid spending within the Global Cap. The number of Medicaid recipients is expected to reach about 6.3 million by the end of FY 2020, a slight increase from FY 2019. This increase is partly driven by an increase in elderly enrollees in the Medicaid program.

The ability to offset rising costs within the Medicaid Global Cap exists through the Medicaid integrity and efficiency initiative, which was authorized in the FY 2017 Enacted Budget. Upon election by a local service district to participate in this initiative, DOH and such local service districts may formulate a plan to achieve new audit recoveries, efficiencies and other cost avoidance measures to provide savings. Savings associated with the Medicaid program are provided to the Financial Plan through the Mental Hygiene Global Cap Adjustment, which allows for a portion of the Office for People with Developmental Disabilities (OPWDD) and Office of Mental Health (OMH) related Medicaid costs to be paid for under the Global Cap.

Local Medicaid Cap

The Local Medicaid Cap, which was implemented in FY 2006, was designed to relieve pressure on county property taxes and the NYC budget by capping local costs and having the State absorb all local program growth above a fixed statutory inflation rate. In January 2006, counties began making cap payments based on 2005 Medicaid expenditures that were indexed at a growth rate of 3.5 percent in 2006, 3.25 percent in 2007, and 3 percent per year thereafter. In FY 2013, the State committed to phasing out all growth in the local share of Medicaid costs over a three year period. The takeover of local Medicaid costs by the State saved local districts nearly \$3.7 billion in FY 2020 including nearly \$2.0 billion from counties outside of New York City. Over the life of the Financial Plan (FY 2019 through FY 2023) the State will assume more than \$20 billion in Medicaid expenditures that would have otherwise been borne by local districts.

State Financial Plan Multi-Year Projections

LOCAL GOVERNMENT SAVINGS STATE TAKEOVER OF LOCAL MEDICAID COSTS (2005 CAP AND GROWTH TAKEOVER) FY 2019 to FY 2023 (in dollars)					
County	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023

State Financial Plan Multi-Year Projections

Health Care Transformation Fund

In September 2017, Fidelis Care (a nonprofit insurer associated with the Catholic Diocese of New York) agreed to sell substantially all its assets to Centene Corporation (under Sections 510 and 511-a of the Not-for-Profit Corporation Law “N-PCL”), a for-profit health insurer based in St. Louis, Missouri, in order to enter New York’s health insurance marketplace. Consistent with previous transactions of similar nature in New York, the transaction was subject to regulatory approval by DOH, DFS and the Office of the Attorney General. The transaction included the health care companies’ agreement to contribute an estimated \$2 billion in both direct payments and taxes over five years.

The funds are expected to be used over the next five years to offset State costs for health care transformation activities, including enhancing access to affordable quality health care and health care related services for the poor, disabled, disadvantaged, elderly and/or underserved people of the State, and/or to assist populations with any unmet health care related needs including, but not limited to, those associated with the social determinants of health.

Following the completion of all regulatory approvals, the initial \$1 billion direct payment from Fidelis Care was deposited into the HCTF¹⁸ in July 2018. Future conversion proceeds expected to be deposited to the HCTF include \$468 million in FY 2020, followed by a \$118 million in both FY 2021 and FY 2022, and \$68 million in FY 2023. The direct payments to the HCTF do not include the impact of increased insurance tax receipts from Centene or higher Medicaid provider rates paid to Centene, which are reflected in the General Fund.

Capital Projects	(90)	(90)	0	0	0
Closing Balance	513	314	0	0	0

DOB expects to transfer HCTF funds to the General Fund to offset State costs for eligible health care transformation activities, including capital investments, debt restructuring activities, housing and other social purposes. The actual transfers will be reported in future Financial Plan Updates, as appropriate.

¹⁸ The HCTF was created pursuant to Part FFF of Chapter 59 of the Laws of 2018 to account for receipts such as those associated with the Fidelis- Centene sale. Moneys in HCTF shall be available for transfer to any other fund of the State as authorized and directed by the Director of the Budget to support health care delivery.

Essential Plan

The EP is a health insurance program which receives Federal subsidies authorized through the ACA. The FY 2015 Enacted Budget authorized the State to participate in the EP, which includes health insurance coverage for certain legally residing immigrants previously receiving State-only Medicaid coverage. Individuals who meet the EP eligibility standards are enrolled through the NYSOH insurance exchange, with the cost of insurance premiums subsidized by the State and Federal governments. The Exchange – NYSOH – serves as a centralized marketplace to shop for, compare, and enroll in a health plan. More than 740,000 New Yorkers have enrolled since the EP launched in January 2016.

ESSENTIAL PLAN (millions of dollars)									
	FY 2019 Current	FY 2020 Proposed	Change	FY 2021 Projected	Change	FY 2022 Projected	Change	FY 2023 Projected	Change
TOTAL ALL FUNDS SPENDING	4,943	4,969	0.5%	5,013	0.9%	5,023	0.2%	5,027	0.1%
State Operating Funds	87	84	-3.4%	79	-6.0%	76	-3.8%	72	-5.3%
Local Assistance	0	0	0.0%	0	0.0%	0	0.0%	0	0.0%
State Operations	87	84	-3.4%	79	-6.0%	76	-3.8%	72	-5.3%
Federal Operating Funds	4,856	4,885	0.6%	4,934	1.0%	4,947	0.3%	4,955	0.2%

The multi-year Financial Plan reflects a mix of factors, including stabilizing enrollment trends and growth in the Federal marketplace premium index for base program expenses. This change in the premium index generates a higher Federal reimbursement rate, eliminating EP program costs for the State and allowing for the local assistance program to be fully Federally financed. State savings associated with the EP local assistance program are managed within the total available resources of the Medicaid Global Cap.

In FY 2018, the President took unilateral Executive action to withhold CSR payments, threatening low-cost health insurance coverage for income eligible recipients when purchasing a QHP or EP coverage through the NYSOH, New York’s official health plan marketplace. Despite the Federal withholding of CSR payments, which amount to 25 percent of the Federal funding for the EP, the Executive Budget supported this program. However, recent actions by the Trump Administration in response to litigation brought by the State will allow the State to recoup some of the withheld EP funding through changes to the reimbursement methodology. The Executive Budget continues to reflect support for the EP program.

State Financial Plan Multi-Year Projections

Public Health/Aging Programs

Public Health includes the Child Health Plus (CHP) program that finances health insurance coverage for children from low-income families, up to the age of 19; the General Public Health Work (GPHW) program that reimburses local health departments for the cost of providing certain public health services; the Elderly Pharmaceutical Insurance Coverage (EPIC) program that provides prescription drug insurance to seniors; and EI that pays for services to infants and toddlers under the age of three with disabilities or developmental delays. Many public health programs, such as EI and GPHW programs, are run by county health departments that are reimbursed by the State for a share of program costs. State spending projections do not include the county share of public health costs. In addition, a significant portion of HCRA spending is included under the Public Health budget.

The State Office for the Aging (SOFA) promotes and administers programs and services for New Yorkers 60 years of age and older. SOFA primarily oversees community-based services (including in-home services and nutrition assistance) provided through a network of county Area Agencies on Aging (AAA) and local providers.

PUBLIC HEALTH AND AGING (millions of dollars)									
	FY 2019 Current	FY 2020 Proposed	Change	FY 2021 Projected	Change	FY 2022 Projected	Change	FY 2023 Projected	Change
TOTAL STATE OPERATING FUNDS	1,685	1,698	0.8%	1,891	11.4%	2,008	6.2%	2,028	1.0%

All Other	369	299	-19.0%	306	2.3%	306	0.0%	305	-0.3%
Aging	129	141	9.3%	146	3.5%	152	4.1%	157	3.3%

The Public Health budget maintains average annual growth over the multi-year Financial Plan of 4.8 percent and reflects increased support to local governments for services administered on behalf of the State, partly offset by program restructuring and administrative efficiencies. Increased CHP spending over the multi-year Financial Plan reflects enrollment that continues to increase at a strong pace. A one-time claims correction increased State costs by \$50 million in FY 2019. The increase in FY 2020 reflects the September 2019 phase down of enhanced Federal support currently provided through the ACA. Growth in FY 2021 reflects the full annual impact of the expiration of enhanced Federal support and increased enrollment.

In addition to on-going program support, the FY 2020 Executive Budget includes \$6.8 million to help reduce the risk of child exposure to lead paint by lowering the acceptable blood lead level from 15 µg/dl to 5 µg/dl and support increased local enforcement and prevention costs through the GPHW program. Additionally, the Budget supports a five percent rate increase for EI services provided by licensed physical therapists, occupational therapists, and speech-language pathologists to improve access to care and expand service delivery for infants and toddlers with disabilities and their families. To offset the aforementioned statewide program costs and new investments, the Executive Budget Financial Plan modifies reimbursement of certain public health funding for New York City. The rate realignment of the NYC GPHW program will generate savings of \$27 million in FY 2020 and \$54 million annually thereafter. Additional Public Health savings of \$16 million will be generated by shifting the Traumatic Brain Injury Program, Off-Track Betting retirees health insurance, and Nursing Home Transition and Diversion waiver under the Medicaid Global Cap.

The FY 2020 Executive Budget Financial Plan includes SOFA savings realized by eliminating the planned 2.9 percent FY 2020 increase in the Human Services Cost of Living increase, resulting in \$5 million in annual savings for FY 2020 through FY 2023. These savings are offset by a \$15 million investment in the Expanded In-Home Services for the Elderly Program (EISEP) program to address locally-identified capacity needs in NYSOFA support services to maintain the elderly in their communities, support family and friends in their caregiving roles, and delay future Medicaid costs by intervening with less intensive services earlier.

State Financial Plan Multi-Year Projections

HCRA Financial Plan

HCRA was established in 1996 to help fund a portion of State health care activities. Extensions and modifications to HCRA have financed new health care programs, such as CHP. HCRA has also provided additional funding for the health care industry, including investments in worker recruitment and retention, and the Doctors Across New York program. HCRA authorization is extended through FY 2020, pursuant to legislation included in the FY 2018 Enacted Budget.

HCRA receipts include surcharges and assessments on hospital revenues, a “covered lives” assessment paid by insurance carriers, and a portion of cigarette tax revenues. In total, HCRA resources are used to fund roughly 25 percent of the State share of Medicaid, as well as CHP, EPIC, Physician Excess Medical Malpractice Insurance, and Indigent Care payments (the latter of which provides funding to hospitals serving a disproportionate share of individuals without health insurance).

All Other	194	195	164	147	129
ANNUAL OPERATING SURPLUS/(DEFICIT)	(15)	0	0	0	0
CLOSING BALANCE	0	0	0	0	0

¹ NYSOH spending will be financed with available HCRA resources through the Medicaid program.

Total HCRA receipts are forecast to grow modestly in total over the multi-year plan, in relation to increased surcharge collections generated, as well as continued growth in utilization levels due to expanded coverage through the ACA and a new 20 percent excise tax on vapor products. Projected increases in surcharges are partly offset by declines in estimated covered lives assessments and cigarette tax collections, attributable to declining taxable consumption.

Total HCRA disbursements are commensurate with the multi-year revenue forecast. The Executive Budget Financial Plan reflects continued FY 2020 HCRA funding for a number of programs and initiatives. Specifically, the continuation of the SHIN-NY/All-Payer Claims Databases (APCD) infrastructure development initiative, estimated at \$40 million annually, which improves the informational and data capabilities associated with claiming records; \$892 million for Hospital Indigent Care, which assists providers in paying for uncompensated services provided; and the continuation of the EPIC program, which supplements income-eligible seniors for their out-of-pocket Medicare Part D drug plan costs. Over the multi-year Financial Plan period, the most substantial area of spending growth is within the CHP program, based on the expiration of the enhanced Federal resources provided through the ACA in September 2019. Due to substantiated claims of strong year-over-year enrollment growth, estimated outyear spending growth is \$196 million in FY 2021, \$109 million in FY 2022 and \$14 million in FY 2023.

HCRA is expected to remain in balance over the multi-year projection period. Under the current HCRA appropriation structure, spending reductions will occur if resources are insufficient to meet spending levels. Any such spending reductions could affect General Fund Medicaid funding or HCRA programs. Conversely, any unanticipated balances or excess resources in HCRA are expected to fund Medicaid costs that would otherwise be paid from the General Fund.

Mental Hygiene

The Department of Mental Hygiene is comprised of the Office for People with Developmental Disabilities (OPWDD), Office of Mental Health (OMH), Office of Alcoholism and Substance Abuse Services (OASAS), the Developmental Disabilities Planning Council (DDPC), and the Justice Center for the Protection of People with Special Needs (Justice Center). Services are administered to adults with serious mental illness; children with serious emotional disturbances; individuals with developmental disabilities and their families; persons with chemical dependencies; and individuals with compulsive gambling problems.

These agencies provide services directly to their clients through State-operated facilities, and indirectly through community service providers. The costs associated with providing these services are supported by reimbursement from Medicaid, Medicare, third-party insurance, and State funding. Patient care revenues are pledged first to the payment of debt service on outstanding mental hygiene bonds, which were issued to finance infrastructure improvements at State mental hygiene facilities, with the remaining revenue used to support State operating costs.

MENTAL HYGIENE (millions of dollars)									
	FY 2019	FY 2020		FY 2021		FY 2022		FY 2023	
	Current	Proposed	Change	Projected	Change	Projected	Change	Projected	Change

SUBTOTAL BEFORE ADJUSTMENTS	3,829	4,012	4.8%	4,422	10.2%	4,691	6.1%	4,949	5.5%
Total Global Cap Adjustments ¹	(1,653)	(2,034)	-23.0%	(1,923)	5.5%	(2,201)	-14.5%	(2,201)	0.0%
OPWDD Medicaid	(1,653)	(1,814)	-9.7%	(1,703)	6.1%	(1,981)	-16.3%	(1,981)	0.0%
OMH Medicaid	0	(220)	0.0%	(220)	0.0%	(220)	0.0%	(220)	0.0%

¹ Adjustments reflect OPWDD and OMH programmatic spending that is paid for with available resources under the Medicaid Global Cap. There are no budgetary reductions or impacts to mental hygiene program spending as a result of these interactions.

Local assistance spending accounts for approximately 44 percent of total mental hygiene spending from State Operating Funds and is projected to grow by an average rate of 6.6 percent in the outyears. The main factors driving this level of growth are: enhancements in community mental health services; enhancements in community-based employment and residential opportunities for individuals with disabilities; and new or increased funding for not-for-profit providers for growth in employee wages related to minimum wage increases.

The FY 2020 Executive Budget Financial Plan includes approximately \$183 million, or 4.8 percent, in increased local assistance funding for the mental hygiene agencies. Roughly \$56 million will be used to support the incremental pay standards of minimum wage and related fringe benefit increases associated with the transition to a \$15 an hour living wage. Other increases include investments to leverage up to \$120 million in additional OPWDD funding, which will allow for the development of new certified housing supports in the community, support more independent living, provide more day program and employment options, and increase respite availability. The Financial Plan also includes additional OMH funding to support ongoing community-based services expansion and enhanced funding to existing residential programs.

The FY 2020 Executive Budget Financial Plan also reflects increased support for OASAS to continue to enhance prevention, treatment and recovery programs targeted toward chemical dependency, residential service opportunities and public awareness activities.

The funding increase is offset by a technical shift of program expenses to the Medicaid Global Cap (\$440 million), as a greater share of OPWDD and OMH Medicaid spending will be funded with available Global Cap resources. These technical adjustments have no impact on mental hygiene service delivery or operations.

Social Services

Office of Temporary and Disability Assistance (OTDA)

OTDA local assistance programs provide cash benefits and supportive services to low-income families. The State’s three main programs include Family Assistance, Safety Net Assistance and Supplemental Security Income (SSI). The Family Assistance program, financed by the Federal government, provides time-limited cash assistance to eligible families. The Safety Net Assistance program, financed by the State and local districts, provides cash assistance for single adults, childless couples, and families that have exhausted their five-year limit on Family Assistance imposed by Federal law. The State SSI Supplementation program provides a supplement to the Federal SSI benefit for the elderly, visually handicapped, and disabled persons.

TEMPORARY AND DISABILITY ASSISTANCE (millions of dollars)									
	FY 2019 Current	FY 2020 Proposed	Change	FY 2021 Projected	Change	FY 2022 Projected	Change	FY 2023 Projected	Change
TOTAL STATE OPERATING FUNDS	1,155	1,343	16.3%	1,351	0.6%	1,355	0.3%	1,358	0.2%
SSI	661	663	0.3%	667	0.6%	667	0.0%	667	0.0%
Public Assistance Benefits	381	535	40.4%	541	1.1%	541	0.0%	541	0.0%
Public Assistance Initiatives	11	28	154.5%	24	-14.3%	24	0.0%	24	0.0%
All Other	102	117	14.7%	119	1.7%	123	3.4%	126	2.4%

DOB’s caseload models project a total of 532,164 public assistance recipients in FY 2020. Approximately 201,673 families are expected to receive benefits through the Family Assistance program in FY 2020, a decrease of 2.2 percent from FY 2020. The Safety Net caseload for families is projected at 117,755 in FY 2020, a decrease of 2.3 percent from FY 2019. The caseload for single adults/childless couples supported through the Safety Net program is projected at 212,716 in FY 2020, an increase of 0.6 percent from FY 2019.

SSI spending is projected to increase slightly over the course of the multi-year Financial Plan, as caseload is expected to level off. Public assistance benefits will increase due to a variety of factors, including the expansion of New York City HIV/AIDS Services Administration (HASA) benefits to public assistance recipients living in New York City, and increased costs associated with an increase in Safety Net caseload for singles. Other spending growth includes increased spending on homeless services and prevention and the Response to Human Trafficking program. The Executive Budget also proposes a restructuring of financing for the Family Assistance program, shifting 10 percent of costs previously financed by Federal TANF to NYC to align with the funding structure for the Emergency Assistance for Families program.

Office of Children and Family Services (OCFS)

OCFS provides funding for foster care, adoption, child protective services, preventive services, delinquency prevention, and child care. OCFS oversees the State’s system of family support and child welfare services administered by local social services departments and community-based organizations. Specifically, child welfare services, which are financed jointly by the Federal government, the State, and local districts, are structured to encourage local governments to invest in preventive services for reducing out-of-home placement of children. In addition, the Child Care Block Grant, which is also financed by a combination of Federal, State and local sources, supports child care subsidies for public assistance and low-income families.

CHILDREN AND FAMILY SERVICES (millions of dollars)									
	FY 2019	FY 2020	FY 2021		FY 2022		FY 2023		Change
	Current	Proposed	Change	Projected	Change	Projected	Change	Projected	
TOTAL STATE OPERATING FUNDS	1,691	1,488	-12.0%	1,606	7.9%	1,660	3.4%	1,660	0.0%
Child Welfare Service	506	491	-3.0%	501	2.0%	501	0.0%	501	0.0%
Foster Care Block Grant	384	384	0.0%	393	2.3%	403	2.5%	403	0.0%
Adoption	148	148	0.0%	157	6.1%	157	0.0%	157	0.0%
Child Care	290	143	-50.7%	244	70.6%	263	7.8%	263	0.0%
Youth Programs	90	99	10.0%	92	-7.1%	92	0.0%	92	0.0%
Medicaid	85	89	4.7%	95	6.7%	99	4.2%	99	0.0%
Adult Protective/Domestic Violence	45	48	6.7%	51	6.3%	54	5.9%	54	0.0%
Committees on Special Education	22	24	9.1%	26	8.3%	29	11.5%	29	0.0%
All Other	121	62	-48.8%	47	-24.2%	62	31.9%	62	0.0%

FY 2020 OCFS State Operating Funds spending is projected to decrease from FY 2019 due to several factors, including utilization of TANF to offset state child care and Advantage After-School costs, reducing Pay For Success program spending based on participation and spending to date, and the planned deferral of the Human Services COLA in FY 2020. Growth in the outyears is primarily attributable to a decrease in TANF dollars supporting child care, which is offset by increased General Fund support for the program.

Transportation

In FY 2020, the State expects to provide almost \$5.8 billion in operating aid to mass transit systems, including over \$2.3 billion in off-budget aid to the MTA (not included in the table below). This aid is funded mainly from various dedicated taxes and fees. The MTA, the nation’s largest transit and commuter rail system, receives the majority of the mass transit aid - totaling \$5.3 billion in FY 2020.

The MTA receives additional, exclusive operating support from the MTA Financial Assistance Fund, authorized in May 2009 to collect regional taxes and fees imposed within the Metropolitan Commuter Transportation District (MCTD). Pursuant to legislation enacted in December 2011, the MTA payroll tax was eliminated for all elementary and secondary schools and small business operators within the MCTD. The General Fund provides additional annual support to the MTA, subject to appropriation, to partially offset this revenue loss.

TRANSPORTATION (millions of dollars)									
	FY 2019	FY 2020		FY 2021		FY 2022		FY 2023

Dedicated Mass Transit	683	696	1.9%	747	7.3%	876	17.3%	1,027	17.2%
AMTAP	260	66	-74.6%	66	0.0%	66	0.0%	66	0.0%
All Other	0	0	0.0%	0	0.0%	0	0.0%	0	0.0%

Projected operating aid to the MTA and other transit systems reflects the current receipts forecast and timing associated with the availability of resources. The Financial Plan includes revised spending estimates for transit assistance in each year that reflect the most recent revenue forecast assumptions.

The Executive Budget includes legislation directing various supplemental fees and taxes levied on driver licenses, motor vehicle registration, taxis, and passenger car rentals, to be remitted directly to the MTA without legislative appropriation. This will eliminate the pass through of these fees and taxes, will ensure more timely receipt by the MTA, consistent with treatment of mobility tax collections. Beginning in FY 2020, the Financial Plan will no longer include these new supplemental fees and taxes or associated local assistance payments. The MTA will receive over \$2.2 billion from Mobility Tax resources in FY 2020.

Local Government Assistance

Direct aid to local governments includes the AIM program, which was created in FY 2006 to consolidate various unrestricted local aid funding streams; miscellaneous financial assistance for certain counties, cities, towns, and villages; and efficiency-based incentive grants to local governments.

LOCAL GOVERNMENT ASSISTANCE - AIM PROGRAM (millions of dollars)											
	FY 2019		FY 2020			FY 2021		FY 2022		FY 2023	
	Current	Proposed	Change	Projected	Change	Projected	Change	Projected	Change		
TOTAL STATE OPERATING FUNDS	724	672	-7.2%	704	4.8%	704	0.0%	704	0.0%		
Big Four Cities	429	429	0.0%	429	0.0%	429	0.0%	429	0.0%		
Other Cities	218	218	0.0%	218	0.0%	218	0.0%	218	0.0%		
Towns and Villages	68	9	-86.8%	9	0.0%	9	0.0%	9	0.0%		
Restructuring/Efficiency	9	16	77.8%	48	200.0%	48	0.0%	48	0.0%		

The Executive Budget proposes to eliminate AIM for 846 towns and 480 villages that rely on AIM for less than 2 percent of total expenditures. The affected municipalities would instead receive county internet sales tax in an amount equal to the AIM reduction. Counties are expected to receive additional sales tax from the Executive proposed internet fairness conformity tax.

State Operating Funds spending for the various efficiency and restructuring grants within the AIM program is projected to increase from FY 2019 to FY 2021 due to potential awards from the Financial Restructuring Board for Local Governments.

Agency Operations

Agency operating costs consist of Personal Service (PS), Non-Personal Service (NPS), and General State Charges (GSCs). PS includes the salaries of State employees of the Executive, Legislative, and Judicial branches, as well as the salaries of temporary/seasonal employees. NPS includes real estate rentals, utilities, contractual payments (e.g., consultants, IT, and professional business services), supplies and materials, equipment, and telephone service. GSCs, which are discussed separately, reflect the cost of fringe benefits (e.g., pensions and health insurance) provided to State employees and retirees of the Executive, Legislative and Judicial branches, and certain fixed costs paid by the State, such as taxes on public lands and litigation. Certain agency operating costs of DOT and DMV are included in Capital Projects Funds and are not reflected in State Operating Funds. The PS estimates reflect current negotiated collective bargaining agreements.

Approximately 94 percent of the State workforce is unionized. The largest unions include CSEA, which represents office support staff and administrative personnel, machine operators, skilled trade workers, and therapeutic and custodial care staff; PEF, which represents professional and technical personnel (attorneys, nurses, accountants, engineers, social workers, and institution teachers); UUP, which represents faculty and nonteaching professional staff within the State University system; and NYSCOPBA, which represents security personnel (correction officers, safety and security officers).

The following table presents certain variables used in preparing the spending projections for agency operations.

FORECAST OF SELECTED PROGRAM MEASURES AFFECTING PERSONAL SERVICE AND FRINGE BENEFITS					
	FY 2019 Current	Forecast			
		FY 2020 Projected	FY 2021 Projected	FY 2022 Projected	FY 2023 Projected
Negotiated Base Salary Increases ¹

¹ Reflects current collective bargaining agreements with settled unions. Does not reflect potential impact of future negotiated labor agreements. ² Contract contains "reopener" language which allows this union to reopen negotiations if any other State bargaining unit receives a general salary increase exceeding 1.5 percent in FY 2017 and in FY 2018. ³ Reflects workforce that is subject to direct Executive control. ⁴ Before amortization contribution rate reflects normal and administrative costs, contributions for the Group Life Insurance Plan (GLIP), and Chapter 41 of 2016 veterans' pension credit legislation. ⁵ After amortization contribution rate additionally includes new amortization, if any, and payments on prior amortizations.					

State Financial Plan Multi-Year Projections

Operating costs for PS/NPS are projected to increase over the Financial Plan period, from \$19.4 billion in FY 2019 to \$20.8 billion in FY 2023. Most Executive agencies are expected to hold spending at FY 2019 levels. The increases in the outyears of the Financial Plan are driven mainly by juvenile justice reform, labor agreements, growth in SUNY operating costs, including costs of the recently settled UUP contract, and an additional administrative payroll in FY 2021.

STATE OPERATING FUNDS - PERSONAL SERVICE / NON-PERSONAL SERVICE COSTS					
(millions of dollars)

State Financial Plan Multi-Year Projections

In addition to growth across many agencies for collective bargaining agreements, the most significant annual changes to FY 2020 spending for agency operations include:

- **Mental Hygiene.** Cost increases are driven primarily by continued delivery in State-operated program settings.
- **Children and Family Services.** Higher spending is mainly driven by additional funding to support raising the age of criminal responsibility from 16 to 18 by October 1, 2019. The increases are offset by a modification to the youth facility billings process.
- **Transportation.** Increases reflect a larger amount of operating costs related to snow and ice removal, and bus, truck and rail inspection which have been reclassified from the DHBTF to the General Fund beginning in FY 2019.
- **General Services.** The Executive Budget shifts certain Business Services Center (BSC) and other operational expenses to an Internal Service Fund to simplify BSC operations by merging funding sources.

Workforce

In FY 2020, \$14 billion, or 13.7 percent, of the State Operating Funds budget is projected to be spent on PS costs. This funding supports roughly 97,500 FTE employees under direct Executive control; individuals employed by SUNY and CUNY (46,464) and Independent Agencies (18,051); employees paid on a non-annual salaried basis; and overtime pay. Roughly 60 percent of all Executive agency PS spending occurs in the mental hygiene agencies and Department of Corrections and Community Supervision (DOCCS).

STATE OPERATING FUNDS

Statewide Total	14,052	162,047
¹ FTEs represent the number of annual-salaried full-time filled positions (e.g., one FTE may represent a single employee serving at 100 percent full-time, or a combination of employees serving at less than full-time that, when combined, equal a full-time position). The reported FTEs do not include non-annual salaried positions, such as positions filled on an hourly, per-diem or seasonal basis.		
² CUNY employees are funded primarily through an agency trust fund that supports an additional 13,258 FTEs, which are excluded from this table.		
³ Legislative employees who are nonannual salaried are excluded from this table.		

General State Charges

The State provides a variety of fringe benefits to its current and former employees, including health insurance, pensions, the Social Security payroll tax, workers' compensation coverage, unemployment insurance, survivors' benefits, and dental and vision benefits (some of which are provided through union-specific Employee Benefit Funds). GSCs also pay for certain statewide fixed costs, including taxes on State-owned lands, payments in lieu of taxes (PILOT) (for the City of Albany) and judgments / settlements awarded in the Court of Claims. Many of these payments are mandated by statute or collective bargaining agreements.

Employee fringe benefits paid through GSCs are financed from the General Fund in the first instance, and then partially reimbursed by revenue collected from agency fringe benefit assessments.

GSC spending is projected to increase at an average annual rate of 5.6 percent over the multi-year Financial Plan period (\$512 million) and 9.6 percent in FY 2020 (\$806 million).

Growth in the health insurance program of \$111 million (2.6 percent) is reflective of medical inflation and current enrollment levels. Workers' compensation costs are increasing by \$101 million due to underlying growth in the average weekly wage used for benefit calculations and medical costs (\$51 million / 8.9 percent), and a reduction available in reserve funds to offset costs (\$50 million). Overall pension costs are projected to remain relatively stable due to improved investment returns and ongoing savings from Tier 5 and Tier 6 pension reforms. Social Security spending is also relatively stable due to steady workforce levels.

GENERAL STATE CHARGES (millions of dollars)

Growth in GSC spending in FY 2020 reflects a \$500 million repayment of amortized pension costs due in FY 2021 through FY 2023. The accelerated repayment would save approximately \$33 million in interest expense. DOB will evaluate fiscal conditions before executing the accelerated amortization repayment.

In addition, the FY 2020 estimate includes gap-closing savings of approximately \$173 million included in the Executive Budget Financial Plan. The savings are primarily driven by \$63 million in interest savings achieved by paying the majority of the State pension bill in April 2019, rather than on a monthly basis as previously assumed. Over the multi-year Financial Plan period, outyear pension costs reflect expected investment performance, projected growth in salary base, and assumptions about future normal and administrative costs. Pension costs also reflect repayment of prior-year amortization, costs for Chapter 41 of 2016 (Veteran's pension credit legislation), and other adjustments.

NYSHIP costs have increased by approximately 14 percent over the past three fiscal years -- from \$3.20 billion in FY 2016 to \$3.67 billion in FY 2018. The Executive Budget includes three proposals to help restrain this growth.

The first proposal would eliminate the taxpayer subsidy for high-income state retirees who pay Medicare Part B IRMAA. This regressive subsidy provides retirees earning over \$85,000 per year greater State taxpayer subsidies than lower income retirees. The reimbursement of these costs, which were originally intended by the Federal government to have wealthier retirees pay a fairer share of Medicare costs, would no longer be provided. Eliminating this subsidy is estimated to save \$12.4 million in FY 2021 (\$2.9 million in FY 2020 due to the lag in reimbursement).

The second proposal would establish a floor for state reimbursement of the Medicare Part B standard premium. In CY 2019, New York taxpayers are reimbursing the standard premium for new and existing retirees at the amount of \$135.50 per month, consistent with CY 2019 Federal program costs. Any future increases in reimbursement above this level would be subject to the annual budget process. The cost of this reimbursement is increasing from \$207 million in CY 2018 to \$249 million in CY 2019. This proposal will save \$2.3 million in FY 2020, and \$12.3 million in FY 2021 if the subsequent budget does not authorize a funding increase.

The third proposal would create a sliding scale for retiree health insurance coverage. Currently, taxpayers support lifetime health coverage for State retirees with more than 10 years of service. This proposal would create a sliding scale of subsidies that begin at ten years of service, and gradually increase until they are no different than current levels once an individual reaches 30 years of service. This would be effective for new employees who begin State service on or after April 1, 2019. Since this proposal affects future employees, no savings are expected until April of 2029, but a 5 percent reduction in the State's OPEB liability (\$4 billion) is anticipated.

The Executive Budget also proposes to establish interest rates paid on court judgements by public and private entities at a variable market-based interest rate equal to the average one-year constant maturity treasury yield. This is the same rate utilized by the Federal court system. The current fixed rate of as much as 9 percent annually was established in 1981 when interest rates were at 15 percent to avoid unnecessary taxpayer costs. Payment of a prevailing market rate will help ensure that neither side in a lawsuit will be disadvantaged by an interest rate that is above or below what otherwise could be earned while cases are being adjudicated. It will provide mandate relief for local governments and lower State taxpayer costs by \$6 million.

State Financial Plan Multi-Year Projections

Transfers to Other Funds (General Fund Basis)

General Fund transfers help finance debt service for bonds that do not have dedicated revenues, SUNY operating costs, certain capital initiatives, and a range of other activities.

¹ Represents the temporary use of Extraordinary Monetary Settlementment fund balances to pay for capital projects in the first instance. These advances will be repaid in the following year when the State reimburses the capital spending from bond proceeds.

A portion of the capital and operating expenses of DOT and DMV are funded from DHBTF, which receives various dedicated tax and fee revenues, including statutory allocations of PBT, motor fuel tax, and HUT. The Financial Plan includes transfers from the General Fund that effectively subsidize DHBTF expenses, as the cumulative expenses of the fund (DOT and DMV capital and operating expenses, and certain debt service on transportation bonds) routinely exceed current and projected revenue deposits and bond proceeds.

General Fund transfers to other funds are expected to total \$5.7 billion in FY 2020, a \$841 million increase from FY 2019. The change is mainly due to capital projects transfers and includes the timing of reimbursing General Fund capital advances made in prior fiscal years (\$650 million) and an increase in transfers to DHBTF in FY 2020 (\$265 million) to support debt service payments related to DHBTF bonds.

Debt Service

The State pays debt service on all outstanding State-supported bonds. These include General Obligation bonds, for which the State is constitutionally obligated to pay debt service, as well as certain bonds issued by State public authorities, such as the Empire State Development Corporation (ESD), DASNY, and the New York State Thruway Authority (NYSTA), the payment obligation on which is subject to appropriation. Depending on the credit structure, debt service is financed by transfers from the General Fund, dedicated taxes and fees, and other resources such as patient income revenues.

DEBT SERVICE SPENDING PROJECTIONS (millions of dollars)									
	FY 2019 Current	FY 2020 Proposed	Change	FY 2021 Projected	Change	FY 2022 Projected	Change	FY 2023 Projected	Change
General Fund	804	537	-33.2%	762	41.9%	653	-14.3%	642	-1.7%
Other State Support	5,171	5,157	-0.3%	6,279	21.8%	6,410	2.1%	6,706	4.6%
State Operating/All Funds Total	5,975	5,694	-4.7%	7,041	23.7%	7,063	0.3%	7,348	4.0%

Total State Operating/All Funds debt service is projected to be \$5.7 billion in FY 2020, of which \$537 million is paid from the General Fund via transfers, and \$5.2 billion is paid from other State funds supported by dedicated tax receipts. The General Fund finances debt service payments on General Obligation and service contract bonds. Debt service for the State’s revenue bonds is paid directly from other dedicated State funds, subject to appropriation, including PIT and Sales Tax bonds, DHBTB bonds, and mental health facilities bonds.

The Financial Plan estimates for debt service spending have been revised to reflect a number of factors, including bond sale results to date, refunding savings, and the adjustment of debt issuances to align with projected bond-financed capital spending. Debt service spending estimates also reflect the prepayment in FY 2018 of \$594 million in debt service costs due in FY 2019, as well as a planned prepayment of \$765 million in FY 2019 for debt service costs due in FY 2020.

FY 2019 Year-To-Date Operating Results

FY 2019 Year-To-Date Operating Results

This is a summary of preliminary operating results for the first nine months of FY 2019 (April through December 2018) compared to: (a) results for the prior fiscal year (April through December 2017), (b) the “initial” projections set forth in the FY 2019 Enacted Budget Financial Plan, and (c) the most recent “updated” projections set forth in the FY 2019 Mid-Year Financial Plan Update. The summary of spending results compared to estimates is focused on the State Operating Funds basis, which is the 2 percent growth benchmark measure.

Summary of General Fund Operating Results

Monetary settlements continue to affect the State’s cash position. The table below summarizes the receipts and disbursements variances from the initial and updated estimates, excluding monetary settlements. The discussion of balances, receipts, and disbursements that follow this table also excludes the receipts and use of monetary settlements, unless otherwise noted.

² Non-tax receipts exclude the monetary settlements received by the General Fund less amounts retained by the Department of Law in other funds to support operational costs.
³ Transfers/Uses exclude the use of monetary settlements to support transfers from the General Fund to other funds (e.g., Dedicated Investment Infrastructure Fund).
⁴ Includes gross value of all settlements received/expected by the State, including amounts retained by the Department of Law in other funds to support operational costs.

FY 2019 Year-To-Date Operating Results

Results Compared to Enacted and Updated Estimates

The General Fund closing balance at the end of December was \$1.8 billion (\$590 million below the initial estimate and \$266 million above the updated estimate).

PIT collections were lower than expected, with respect to both the initial and revised plans, primarily due to a combination of lower December current estimated payments and underestimated transfers from the Revenue Bond Tax Fund to the General Fund. Business tax collections were lower than projected in both the initial and revised plans, primarily attributable to lower audit receipts, and the timing of insurance and corporate franchise tax payments.

Local assistance spending was higher than expected, mainly due to Medicaid, partly offset by lower spending in several areas, including School Aid, social services and mental hygiene. Operational spending fell below estimates. General Fund transfers to support capital spending did not occur as planned.

Extraordinary Monetary Settlements

The State ended December 2018 with a balance of \$4.8 billion in monetary settlement funds held in the General Fund. The balance is higher than planned and reflects the receipt of unplanned settlement moneys and slower utilization.

The table below summarizes the variances from the initial and updated estimates, including monetary settlements.

FY 2019 Year-To-Date Operating Results

All Governmental Funds -- Results Compared to Prior Year

All Funds receipts through December 2018 were \$3.2 billion higher than during the same period in the prior year. This growth was comprised of higher Federal grants and miscellaneous receipts, offset by reduced taxes. Spending also increased for all major fund categories with the largest growth seen in Medicaid, Capital and Federal spending.

Receipts

PIT tax receipts decreased by \$1.5 billion (4.4 percent) due to a significant timing-related decline in current estimated payments related to the cap on SALT deductions, and strong growth in Property Tax Relief credits and Property Tax STAR credits payments, partially offset by moderate growth in withholding receipts, and a decline in total current Tax Year 2017 refunds as the result of a nearly \$500 million year-over-year increase in the FY 2018 January to March administrative refund cap.

The decline in all other taxes includes the direct remittance of the PMT collections to the MTA beginning in FY 2019, which previously passed through the State and was thus included in the FY 2018 receipts (\$963 million), as well as lower estate tax payments due to the receipt of three super-large estate tax payments through December in FY 2019 at a significantly lower total value, compared to three through the same period in FY 2018. The declines were partly offset by higher Consumption/User tax collections including growth in sales tax and corporate franchise tax receipts.

Miscellaneous receipts were \$1 billion (4.9 percent) higher in the current year mainly due to the receipt of a \$1 billion payment from Fidelis Care pursuant to the sale of substantially all its assets to Centene Corporation; unplanned extraordinary settlement moneys (\$297 million); HCRA receipts (\$142 million); and revenues deposited into the newly created Charitable Gifts Trust Fund (\$93 million). Lower bond proceeds reimbursements (\$933 million), primarily associated with ESDC, partly offset the higher receipts.

Federal grants were \$4 billion higher and follow the increase in Federal operating aid disbursements described below.

Spending

State Operating Funds spending totaled \$69.3 billion, an increase of \$1.7 billion (2.4 percent) compared to the prior year. Growth in Medicaid (\$1.8 billion) and School Aid (\$405 million) was partially offset by lower aggregate spending in all other local assistance programs (\$368 million).

Increased Medicaid spending was largely driven by: Increased claiming for rate changes that were processed later in this fiscal year (\$1 billion); Federal Part D Clawback (\$151 million); Timing of various program costs (\$100 million), ACA reimbursements to local governments (\$90 million), Community First Choice (\$139 million); and other offline payments; audit collections (\$81 million); Resolution of CMS deferrals (\$248 million); and underspending in the EP (\$82 million) associated with the timing of Federal receipts.

The increase in School Aid spending was largely due to an increase in General Aid payments (\$474 million), the timing of SUFPK aid payments (\$231 million), and Medicaid payments (\$47 million). These increases were partially offset by lower spending for Teachers' Retirement (\$221 million) and School Aid Lottery payments (\$134 million).

FY 2019 Year-To-Date Operating Results

The decline in all other local assistance spending was primarily attributable to direct flow of the PMT collections to the MTA, which previously passed through the State and were included in the FY 2018 results (\$905 million). This decline was partially offset by increased spending for the MTA Subway Action Plan (\$194 million), TAP (\$133 million), public assistance benefits (\$96 million), and the Special Education Summer School program (\$70 million).

Spending growth for executive agency operations occurred primarily in transportation (\$163 million), which includes certain operating costs that were moved from the DHBTF to the General Fund beginning in the current year, partially offset by decreased spending across multiple agencies including DOCCS, health and gaming. Operating spending for elected officials and University systems increased due to personal service costs associated with collectively bargained retroactive payments.

Higher fringe benefits spending (\$53 million) included planned cost increases for the State's share of employee health insurance and Workers' Compensation payments, offset by lower pension costs and other timing-related transactional adjustments.

Lower debt service spending (\$441 million) is attributable to the prepayment of FY 2019 obligations at the end of FY 2018 as well as a shift in principal payments from the beginning of the fiscal year to later in the year due to refundings.

Capital Projects Fund spending increased by \$1 billion primarily due to expenses for the MTA (\$463 million), expansion of the Jacob Javits Convention Center (\$316 million), DOH initiatives (\$140 million), and broadband expansion (\$69 million).

Growth in Federal operating aid spending (\$3.6 billion) was driven by increases in several programs including:

- Medicaid (\$1.8 billion higher) reflecting programmatic growth and increases in Federal Share funding.
- Social Services (\$1 billion higher) primarily attributable to the timing of payments related to Child Care (\$666 million), Public Assistance benefits (\$184 million), Flexible Fund for Family Services (\$112 million), and the Home Energy Assistance Program (HEAP) (\$63 million) programs relative to the same period in the prior year.
- EP (\$272 million higher) due to enrollment growth.
- Medicaid Administration (\$254 million higher) attributable to the resolution of FY 2016 CMS deferrals.
- School Aid (\$138 million higher) driven by increases in Federal Every Student Succeeds Act (ESSA) grants, partially offset by reduced spending in school breakfast and lunch meal reimbursement and Title III English Language Acquisition State Grants.

FY 2019 Year-To-Date Operating Results

All Governmental Funds -- Results Compared to Plan

The State ended December 2018 with an All Funds closing balance of \$12.4 billion, higher than both estimates (\$2.8 billion above the initial estimate and \$1.2 billion higher than the updated estimate).

1. Includes the Essential Plan

FY 2019 Year-To-Date Operating Results

Receipts

Through December 2018, PIT collections were lower than both forecasts due to weaker than expected Tax Year 2018 current estimated payments. Consumption/Use Tax collections exceeded both forecasts due to higher sales tax base growth. Lower than projected business tax receipts were primarily driven by the timing of insurance tax payments and lower than projected audit receipts.

Miscellaneous Receipts exceeded the initial projections mainly due to the receipt of unplanned monetary settlements (\$572 million), higher HCRA and lottery receipts. These higher receipts were offset by the timing of bond proceed reimbursements, primarily for ESD projects which are expected to be reimbursed with a bond sale in January. Compared to the plan, miscellaneous receipts were in line with projections.

Federal grants were higher than both estimates (\$3 billion and \$742 million, respectively), driven by Federal operating aid disbursements, as well as the timing of reimbursements for program costs initially financed by the State and later reimbursed with Federal funding.

Spending

Total State Operating Funds spending was \$34 million higher than initial estimates and \$208 million (0.3 percent) higher than updated estimates. The following discussion of the variances is focused on the comparison to Enacted Budget estimates.

Higher local assistance spending (\$519 million) is driven mainly by the following large variances:

- Medicaid (\$1.4 billion higher) includes increased claims attributable to timing-related changes to managed care and managed long-term care rate packages (\$1.2 billion), certain Nursing Home payments (\$70 million), and lower than anticipated pharmacy rebates (\$172 million).
- Social Services spending (\$314 million lower) was slower than expected for Child Welfare Services (\$225 million), public assistance benefit payments (\$48 million), and Youth Programs (\$20 million).
- School Aid (\$256 million lower) underspending in Excess Cost aid set-asides for students with disabilities (\$153 million), General School Aid payments (\$109 million), and slower than anticipated spend-out of various claims-based programs (\$82 million); partially offset by higher spending on the Employment Preparation Education program (\$61 million) and the State Share Medicaid (\$56 million) related to an increase in the Medicaid reimbursement rate for the School Supportive Health Services program.

- Other variances include mental hygiene (\$100 million lower) due primarily to the timing of agency payment activity; transportation (\$66 million lower); education spending (\$54 million lower), largely related to preschool special education payments and Fiscal Stabilization grants; and Public Health (\$51 million lower), attributable to GPHW, Roswell Park Cancer Institute (RPCI) and Physician Excess Medical Malpractice.

Agency operations spending was \$151 million lower than planned. Lower spending for Executive agencies was primarily attributable to Medicaid Administration costs, DOCCS, and EP. SUNY and Judiciary personal service spending was higher than expected due to retroactive salary increases. Lower NPS spending in the University Systems was primarily from SUNY operations.

GSCs were \$251 million lower than initial estimates, primarily due to timing of reimbursements for operations supported by Federal and capital funding.

Capital spending was \$2.2 billion below initial projections mainly due to the timing of economic development grant awards (\$606 million). Additional underspending occurred in Transportation (\$566 million) attributable to slower than projected spending for large scale DOT capital projects; Health and Social Welfare (\$502 million) driven by the timing of spending for housing programs (\$340 million) and health care facility transformation (\$160 million); Education (\$297 million) related to lower than anticipated Smart School claims; and lower than anticipated spending for Parks and Environment (\$165 million).

Growth in Federal operating aid spending (\$2.6 billion) was driven by increases in several programs, including:

- Medicaid (\$1.5 billion higher) reflecting increased claims (\$1.7 billion), partially offset by lower spending in the Balanced Incentive Program (BIP) (\$30 million).
- Social Services (\$399 million higher) primarily attributable to timing of payments related to Child Care (\$634 million); offset by underspending in Flexible Fund for Family Services (\$76 million), public assistance benefit payments and Title XX (\$54 million each), HEAP (\$35 million), and Supplemental Nutrition Assistance Program benefits (\$14 million).
- Public Health (\$313 million higher) driven by the CHP program as a result of increased enrollment beyond expectations and higher state operation costs.
- All Other Education (\$235 million higher) associated with higher spending on Federal Individuals with Disabilities in Education Act (IDEA) flow-through grants (\$205 million).

FY 2019 Year-To-Date Operating Results

- Medicaid Administration (\$145 million higher) due to local assistance related to the resolution of FY 2016 CMS deferrals (\$280 million), offset by lower NPS disbursements attributable to timing of contract payments.
- School Aid (\$166 million lower) mainly driven by Federal ESSA grants (\$108 million) and reimbursement for school breakfast and lunch meals (\$58 million).

Compared to updated estimates, spending variances were generally consistent with the initial estimates described above, except for GSCs, capital projects and Federal Funds, which varied to a lesser degree compared to the Plan, due to timing adjustments reflected in the Mid-Year Update.

Fiscal Impact on Local Governments

Fiscal Impact on Local Governments

The Executive Budget Five-Year Financial Plan included a summary of the estimated fiscal impact on municipalities supplemented with detailed tables. The tables are again included in this Financial Plan update to reflect Executive amendments.

Included in the Executive amendments is a proposal to ensure any AIM base level grant adjustments are offset by the additional revenue from *Wayfair* and Marketplace sales tax collections. This amendment would require counties to use such additional sales tax revenue to provide a payment equal to the value of the AIM base level grant to any affected town or village to make them whole. The State will implement the additional *Wayfair* and Marketplace sales tax requirements starting June 1 of this year as opposed to September 1, the date originally used in the Executive Budget. With these changes, the estimated positive impact on municipalities has increased to \$72.2 million in local fiscal years ending in 2019 and remains at nearly \$1.3 billion in local fiscal years ending in 2020.

Financial Plan Tables and Accompanying Notes

Financial Plan Tables and Accompanying Notes

The notes to the Financial Plan tables herein should be read in conjunction with the tables that follow.

Note 1 — Basis of Accounting

Pursuant to law, all Financial Plan tables presented herein are prepared on the cash basis of accounting, unless otherwise noted. Under the cash basis of accounting, revenues are recognized when received, and spending is recorded when cash is disbursed.

Note 2 — Fund Types and Perspectives

The State records its transactions in the following fund types:

Governmental Funds

General Fund - This is the major operating fund of the State. It receives all State income not earmarked for a particular program or activity and not specified by law to be deposited in another fund. State income for Financial Plan purposes consists of moneys (taxes, fees, and miscellaneous receipts including certain repayments of State advances) deposited to the credit of the General Fund or transferred from other funds during the fiscal year.

Special Revenue - These funds account for State receipts from specific revenue sources and are legally restricted to disbursement for specified purposes. This governmental fund type is divided into two classifications: (1) State Special Revenue Funds; and (2) Federal Special Revenue Funds. An example of a State Special Revenue Fund is the Conservation Fund which finances a number of State environmental programs. An example of a Federal Special Revenue Fund is the Health and Human Services Fund which finances various social services programs, including Medicaid and public assistance. Although any earmarked revenue fund is treated as a Special Revenue Fund for cash-basis budgeting and reporting purposes, some are combined with the General Fund for purposes of reporting on the basis of GAAP.

Debt Service - All tax-financed State debt service on long-term debt and payments on certain lease-purchase or other contractual obligations are paid from Debt Service funds. These account for the accumulation of money for, and the payment of principal and interest on, general long-term debt. Lease-purchase payments for Health and Mental Hygiene facilities under contractual agreements with public authorities are also paid from funds classified as Debt Service funds. Debt service on highway bonds supported by dedicated highway revenues is also reflected in this fund type. Sources of revenue for this fund type include transfers from the General Fund, dedicated taxes, and other revenues.

Capital Projects - These funds finance a variety of capital construction costs including: (a) planning, land acquisition, design, construction, construction management and supervision, and equipment costs; (b) highway, parkway and rail preservation projects; (c) outdoor recreation and environmental conservation projects; (d) buildings and other capital facilities required by various State departments and agencies; (e) payments to local governments to help finance their capital programs, including highway, parkway, bridge, mass transportation, aviation, economic development, port development, community college, community and State mental health, outdoor recreation, State-assisted housing, and environmental quality; and (f) advances for capital construction costs reimbursable by public authorities, instrumentalities of the State, the Federal government or local governments. Sources of revenue for this fund type include transfers from other State funds, including the General Fund and Special Revenue Funds, dedicated taxes and other revenues, reimbursement of advances, bond proceeds, and Federal capital grants.

State Operating Funds

The State Funds operating budget is a broader measure of spending for operations (as distinct from capital purposes) that is funded with State resources and comprises the General Fund and other State-supported activities financed by dedicated revenues in State Special Revenue Funds, as well as Debt Service funds accounting for the payment of debt service on all tax-financed State long-term debt.

Proprietary Funds

Internal Service Funds - Account for the financing of goods or services supplied by one State agency to another State agency or other governmental entities on a cost-reimbursement basis.

Enterprise Funds - Account for operations that are similar to private business enterprises.

The Internal Service funds and Enterprise funds are treated as Proprietary funds for cash-basis budgeting and reporting purposes, and are combined with the General Fund for purposes of reporting on a GAAP basis.

Fiduciary Funds

Private-Purpose Trust Funds - Account for all trust arrangements under which principal and income benefit individuals, private organizations, or other governments.

Pension Trust Fund - Accounts for the cash-basis results of operations for the administrative portion of the State's Common Retirement Fund. It does not reflect investment activity, balances, or other assets available to this Fund. In addition, pension contributions and payments to retirees are excluded since these payments are not required to be appropriated.

Agency Funds - Account for funds held by the State in a purely custodial capacity. Cash is held temporarily until disbursements are made to individuals, private organizations, or other governments.

Note 3 — Disbursement Descriptions

The State's Financial Plan and reporting include only those payments made pursuant to an appropriation and paid from funds available in the State Treasury. All State spending is classified in one of the following categories:

Local Assistance Grants - Include payments to counties, cities, towns, villages, school districts and other local entities, as well as certain financial assistance to, or on behalf of, individuals and nonprofit organizations. Certain disbursements from capital projects funds, including payments to local government units and public authorities, are recorded as local assistance.

PS (Personal Service) - Includes the payment of salaries and compensation for State employees.

NPS (Non-Personal Service) - Includes payments for operational costs such as miscellaneous contractual obligations, supplies and materials, travel, rentals and repairs, utilities, postage and shipping, printing, and telephone.

GSCs (General State Charges) - Includes costs mandated by statute, collective bargaining agreements or court order. Charges in this category can be further subdivided into the following:

Fringe Benefits. Contributions to pension systems, the employer's share of Social Security contributions, employer contributions toward the cost of health insurance, workers' compensation and unemployment insurance, and contributions to union employee benefit funds which provide vision care and other services.

Fixed Costs. For State PILOT programs, as well as payments for local assessments on State-owned land, judgments against the State pursuant to the Court of Claims Act, defenses by private counsel, or alternatively payments on behalf of State officers and employees in civil judicial proceedings.

Debt Service - Includes payments made for tax-financed State debt service on long-term debt contractual-obligation and lease-purchase arrangements with several public authorities and municipalities and lease-purchase payments for Health and Mental Hygiene facilities.

Capital Projects - Includes payments made for the acquisition or construction of the State's capital facilities. Included in this category are planning, land acquisition, design, construction, engineering services, and equipment costs; highway, parkway and rail preservation projects; and outdoor recreation and environmental conservation projects. Advances are made for capital construction costs reimbursable by public authorities, the Federal or local governments, or from the proceeds of State bond and note sales.

Bond Proceeds - Includes the proceeds of General Obligation Bonds and short-term notes issued in the form of commercial paper or Bond Anticipation Notes (BANs) and are stated net of notes redeemed from the proceeds of long-term bonds or reissued notes.

Operating Transfers - Constitutes legally authorized transfers from a fund receiving revenues, to a fund through which disbursements will ultimately be made.

Note 4 — Reservations of General Fund Balance

Funds of the General Fund may be legally segregated for specific future use or informally reserved for specified purposes. The following funds of the General Fund are established in law:

Tax Stabilization Reserve - Created to provide a reserve to finance a cash-basis operating deficit in the General Fund at the end of the fiscal year, and to make temporary loans to the General Fund during the year. Annual deposits may not exceed 0.2 percent of General Fund spending, and the balance may not exceed 2 percent of General Fund spending. These amounts may be borrowed by the General Fund temporarily and repaid within the same fiscal year. They may also be borrowed to cover an operating deficit at year end, but these loans must be repaid within six years in no fewer than three annual installments.

Rainy Day Reserve - Created pursuant to law to account for funds set aside for use during economic downturns or in response to a catastrophic event, as defined in the law. The economic downturn clause is triggered after five consecutive months of decline in the State's composite index of business cycle indicators. The reserve may have a maximum balance equal to 5 percent of projected General Fund spending during the fiscal year immediately following the then-current fiscal year.

Contingency Reserve - Created pursuant to law to provide a reserve to fund extraordinary needs arising from litigation against the State. These amounts may be used for payment of judgments against the State where the amount is in excess of \$25 million and such payments are not previously appropriated, or emergency payments relating to natural or physical disasters, or to make payments for the enhancement of the State's economy.

Community Projects - Created pursuant to law to finance discretionary, usually local, projects ("member items") sponsored by individual legislators and the Governor. In previous years, the Budget included lump sum appropriations for the Governor, Senate and the Assembly, to be designated for various grants, awards and contracts with local governments, not-for-profit organizations and community groups. The FY 2019 Enacted Budget includes no new appropriations.

The following funds of the General Fund are reserved for specified or undesignated purposes:

Debt Management - Reserved for a) payment of principal, interest, or related expenses; b) retiring or defeasing existing State-supported debt obligations, including accrued interest; and c) funding of capital projects, equipment, or similar expenses that would otherwise be financed with debt.

Undesignated Fund Balance - From time to time, DOB will informally designate unrestricted balances in the General Fund for specific purposes. These amounts are typically identified with the phrase "reserved for." For example, due to the nature of the timing of labor agreements, DOB will informally reserve balances for possible prior-year costs for unions without current contracts.

Extraordinary Monetary Settlements - Includes the balance of Extraordinary Monetary Settlements after planned uses.

Note 5 — Items Affecting Annual Comparability

Mental Hygiene Fund Reclassification

Beginning in FY 2019, spending from two State Special Revenue Fund accounts, the Mental Hygiene Program Fund and Patient Income Account, is reclassified to the General Fund to improve reporting transparency by eliminating large transfers between funds. The reclassification moves local assistance and operations spending, as well as the supporting revenue, into the General Fund, and eliminates transfers from the General Fund to the two mental hygiene State Special Revenue Fund accounts. In addition, roughly \$1.4 billion of fringe benefit spending associated with Mental Hygiene agencies will move from the respective agencies to the central GSCs budget.

DOT/DMV Operating Cost Reclassification

Beginning in FY 2019, certain DOT and DMV operating costs related to snow and ice removal, bus, truck and rail inspection, and DMV regulatory activities are reclassified from the DHBTF to the General Fund. In the General Fund, the increased operating spending is offset by an identical reduction in the transfer to the DHBTF. The reclassification is intended to align operating and capital functions with their revenue sources.

MTA Financial Assistance Fund

The Executive Budget includes legislation directing various supplemental fees and taxes levied on driver licenses, motor vehicle registration, taxis, and passenger car rentals, to be remitted directly to the MTA without legislative appropriation. This will eliminate the pass through of these fees and taxes, will ensure more timely receipt by the MTA, and is consistent with treatment of mobility tax collections. In FY 2020, total off-budget resources totaled \$1.9 billion in supplemental taxes and fees, and \$1.6 billion in PMT receipts. Beginning in FY 2020, the Financial Plan will no longer include these new supplemental fees and taxes or associated local assistance payments.

The Metropolitan Commuter Transportation Mobility Tax is imposed on certain employers and self-employed individuals engaging in business within the MCTD. Through FY 2018, the State collected these taxes and fees on behalf of, and disbursed the entire amount to, the MTA. The FY 2019 Enacted Budget included legislation directing that Mobility Tax collections be remitted directly to the MTA. This eliminated the pass through of this tax and ensures more timely receipt by the MTA. The State Financial Plan no longer includes new tax receipts or their associated local assistance payments beginning in FY 2019. In FY 2019 the PMT receipts and disbursements that have been excluded are estimated at approximately \$1.5 billion and \$1.6 billion, respectively.

Changes to the Medicaid Program

Since January 2006, the State has paid any annual Medicaid increases above a fixed level that otherwise would have been paid by local social services districts. The statutory indexing provisions were amended through legislation to implement a three-year phased takeover of the local social services districts' share of all growth above the previous year's enacted levels beginning on April 1, 2013 for County Fiscal Year 2013, with the State assuming all growth in County Fiscal Year 2015.

STAR

STAR spending in FY 2019 and FY 2020 is affected by the conversion of STAR benefits to State PIT credits. The conversion of STAR benefits to PIT credits has no impact on the value of the STAR benefits received by taxpayers. It does, however, decrease the level of reported PIT receipts and reported disbursements for STAR on a State Operating Funds basis by an identical amount (estimated at \$937 million in FY 2019 and \$1.2 billion in FY 2020).

Superstorm Sandy

In October 2012, Superstorm Sandy caused widespread flooding, power failures, and wind damage to public and private property in New York City, Long Island, and other downstate areas. Public infrastructure including mass transit systems, public schools, and municipal buildings sustained serious damage. The Financial Plan reflects Federal aid which will flow to local governments, public authorities, and not-for-profits over the multi-year Plan period to continue the State's recovery from Superstorm Sandy.

Federal Health Care Transformation

The ACA, effective January 1, 2014, is intended to provide access to health insurance coverage to ensure appropriate access to care, and to restrain escalating health care costs. The Financial Plan reflects the impact of the ACA in a number of ways including, but not limited to, the benefit of lower costs associated with the State share of Medicaid as a result of enhanced Federal funding provided for Medicaid costs and program expansion. In addition, beginning in FY 2015, DOH assumed new costs associated with operating the NYSOH insurance exchange, which is the State's single point of access insurance marketplace, in accordance with the ACA, and has begun implementing a new information system designed to improve health insurance claiming.

On April 14, 2014, Governor Andrew M. Cuomo announced that terms and conditions were finalized between the State and Federal governments, allowing the State to reinvest \$8 billion in Federal savings generated by MRT reforms. The waiver amendment will address critical health care issues statewide and allow for comprehensive reform through a DSRIP program. This program will promote community-level collaborations and focus on system reform, specifically a goal to achieve a 25 percent reduction in avoidable hospital use over five years, and clinical and population health improvements. The DSRIP program expires in FY 2021.

The EP is a health insurance program authorized through the ACA. The FY 2016 Enacted Budget authorized the State's option to participate in the EP. In April 2015, the State began phasing in certain legally residing immigrants who were receiving State-only Medicaid coverage. Individuals who meet the eligibility standards of the EP are enrolled through the NYSOH insurance exchange, with the cost of insurance premiums subsidized by the State and Federal governments.

Note 6 – State Funding of SUNY Operating Support

Effective with the 2013 academic year that began in July 2012, all General Fund support for SUNY operations is transferred from the General Fund to the State University Income special revenue fund, from which all university operations are funded.

Note 7 – Off-Budget Transactions

These represent certain capital spending that is not reported in cash spending results but is reported in the State's GAAP Financial Statements. This spending is related to programs which are financed directly from bond proceeds on deposit at various public authorities, rather than from a STIP or General Fund loan.

Note 8 – General Fund/HCRA Combined Gap

Current HCRA authorization ends March 31, 2020. HCRA is projected to remain balanced over this period. Any unforeseen shortfall would need to be financed by the General Fund or HCRA programs.

Note 9 – Statewide Cash Flow Administration

OSC invests General Fund moneys, bond proceeds, and other funds not immediately required to make payments through STIP, which is comprised of joint custody funds (Governmental Funds, Internal Service Funds, Enterprise Funds and Private Purpose Trust Funds), as well as several sole custody funds, including the Tobacco Settlement Fund.

OSC is authorized to make short-term loans from STIP to cover temporary cash shortfalls in certain funds and accounts, including the General Fund, that result from the timing of receipts and disbursements. The Legislature authorizes the funds and accounts that may receive loans each year, based on legislation submitted annually. Loans may be granted only for amounts that the Director of the Budget certifies are "receivable on account" or can be repaid from the current operating receipts of the fund (i.e., loans cannot be granted in expectation of future revenue enhancements).

The General Fund is authorized to borrow resources temporarily from STIP for up to four months, or to the end of the fiscal year, whichever period is shorter. The State last used this authorization in April 2011 when the General Fund needed to temporarily borrow a minimal amount of funds from STIP for a period of five days. The amount of resources that can be borrowed by the General Fund is limited to the available balances in STIP, as determined by the State Comptroller. Available balances include money in the State’s governmental funds and a relatively small amount of other money belonging to the State. Several accounts in Debt Service Funds and Capital Projects Funds that are part of All Governmental Funds are excluded from the balances deemed available in STIP. These excluded funds consist of bond proceeds and money obligated for debt service payments.

Note 10 – Transfer Eliminations

The Special Revenue Funds and Capital Projects Funds include transfers of resources between Federal and State accounts within each fund. In some instances, Federal aid that is initially deposited into a Federal account is transferred to State accounts where the aid is used to support the programs it is intended to fund. To avoid recording spending twice, initially as the transfer of resources to another account and subsequently when payments are made, these transfers are eliminated in these funds. The transfer eliminations are consistent with the State Comptroller’s accounting practices shown in Exhibit A of the Comptroller’s Annual Report to the Legislature.

Note 11 – Temporary Loans Summary

The total outstanding loan balance as of March 31, 2018 was \$3.1 billion, comprising of activities that are financed initially by advances for bond-reimbursable capital spending pending receipt of bond proceeds) the State pending Federal receipts, State Special Revenue Funds; and Proprietary Funds. The loan balance as of March 31, 2017 was \$2.8 billion.

The total loan balance typically increases throughout the State fiscal year, reaching its peak between the second and third quarters. The spike reflects mainly the payment of lottery aid for education, which is financed in large part by a loan that is repaid over the course of the year as lottery revenues are received.

TEMPORARY LOANS OUTSTANDING (millions of dollars)			
	March 31		Annual Change
	2017	2018	
Total Loans Outstanding	2,759	3,091	332
State Special Revenue Funds	298	313	15
Federal Funds	980	1,190	210
Capital Funds	1,246	1,286	40
Proprietary Funds	235	302	67

Note 12 — Adherence to 2 Percent Spending Benchmark

The line on the Financial Plan tables labeled “Adherence to 2% Spending Benchmark” is the savings estimated from limiting annual spending growth in future years to 2 percent (calculation based on FY 2018 unaudited results), assuming that the Governor continues to propose, and the Legislature continues to enact, a Budget in each fiscal year that restricts State Operating Funds spending growth to 2 percent. The “Net General Fund Surplus (Deficit)” calculation assumes that all savings from holding spending growth to 2 percent are made available to the General Fund.

Note 13 - List of Extraordinary Monetary Settlements Received/Expected

From the beginning of FY 2015, the State received or is currently expecting the following Extraordinary Monetary Settlements:

- BNP Paribas S.A. and BNP Paribas S.A., New York Branch (collectively "BNPP") paid nearly \$3.6 billion pursuant to (a) a June 29, 2014 consent order between the New York State DFS and BNPP and (b) a June 30, 2014 plea agreement between BNPP and the New York County District Attorney (DANY) in connection with conduct by BNPP which violated U.S. national security and foreign policy, and raised serious safety and soundness concerns for regulators. BNPP's conduct included obstructing governmental administration, failing to report crimes and misconduct, offering false instruments for filing, and falsifying business records.
- BNPP paid a \$350 million civil monetary penalty pursuant to a May 24, 2017 consent order between BNPP and DFS. This consent order pertains to BNPP's significant and material failure with respect to implementing effective controls over its foreign exchange trading business.
- Credit Suisse AG paid a \$715 million civil monetary penalty pursuant to a May 18, 2014 consent order between DFS and Credit Suisse AG. This consent order pertained to Credit Suisse AG's decades-long operation of an illegal cross-border banking business whereby Credit Suisse AG knowingly and willfully (a) aided thousands of U.S. clients in opening and maintaining undeclared accounts, and (b) concealed offshore assets and income from the IRS and New York authorities.
- Credit Suisse Securities (USA) LLC paid the State \$30 million pursuant to a settlement agreement between the Office of the Attorney General of the State of New York and Credit Suisse Securities, to settle investigations into false statements and omissions made in connection with the marketing of dark pools and other high-speed electronic equities trading services.

- Credit Suisse AG and Credit Suisse AG, New York Branch (together, “Credit Suisse”) paid a \$135 million civil monetary penalty pursuant to a November 13, 2017 consent order between Credit Suisse and DFS. This consent order pertains to Credit Suisse’s failure to comply with laws and regulations designed to combat improper, unsafe, and unsound conduct in the foreign exchange trading business.
- Commerzbank AG New York Branch and Commerzbank AG (collectively “Commerzbank”) paid a \$610 million civil monetary penalty pursuant to a March 12, 2015 consent order between Commerzbank and DFS. This consent order pertained to Commerzbank’s transactions on behalf of Iran, Sudan, and a Japanese corporation which engaged in accounting fraud in violation of New York State Banking Law and regulations. Additionally, Commerzbank AG paid \$81.7 million in fines and forfeiture payments pursuant to a Deferred Prosecution Agreement between Commerzbank, the New York County District Attorney’s Office and the United States Department of Justice. This Deferred Prosecution Agreement pertained to Commerzbank’s actions in moving more than \$250 million through the U.S. financial system primarily on behalf of Iranian and Sudanese customers in violation of U.S. sanctions, by concealing the illegal nature of these transactions and deceiving U.S. banks that processed the illegal wire payments.
- Deutsche Bank AG and Deutsche Bank AG New York Branch (collectively “Deutsche Bank”) paid a \$600 million civil monetary penalty in accordance with an April 23, 2015 consent order between Deutsche Bank and DFS. This consent order pertained to Deutsche Bank’s manipulation of benchmark interest rates including (a) the London Interbank Offered Rate, (b) the Euro Interbank Offered Rate and (c) the Euroyen Tokyo Interbank Offered Rate, in violation of New York State Banking Law and regulations.
- Deutsche Bank paid an additional \$200 million civil monetary penalty pursuant to a November 3, 2015 consent order between DFS and Deutsche Bank. This consent order pertained to Deutsche Bank’s use of non-transparent methods and practices to conduct more than 27,200 U.S. dollar clearing transactions, valued at over \$10.86 billion, on behalf of Iranian, Libyan, Syrian, Burmese, and Sudanese financial institutions and other entities subject to U.S. economic sanctions, including entities on the Specially Designated Nationals List of the U.S. Treasury Department’s Office of Foreign Assets Control.
- In January 2017, Deutsche Bank paid an \$18.5 million monetary penalty in accordance with a 2016 settlement agreement between Deutsche Bank and the Office of the Attorney General of the State of New York. This settlement agreement pertained to Deutsche Bank’s material misstatements and omissions in various written materials disseminated to clients and potential clients with respect to Deutsche bank’s routing technology.

- On February 7, 2017, the State received a \$425 million fine from Deutsche Bank in accordance with a consent order between Deutsche Bank and DFS. The consent order addresses compliance deficiencies at Deutsche Bank that allowed bank traders and offshore entities to improperly and covertly transfer more than \$10 billion out of Russia through security trading schemes known as "mirror trades."
- Barclays paid the State \$635 million, which included (a) a \$485 million civil monetary penalty in accordance with a May 2015 consent order between Barclays and DFS, and (b) a \$150 million civil monetary penalty in accordance with a November 2015 consent order between Barclays and DFS. The May 2015 consent order pertained to Barclays' attempted manipulation of benchmark foreign exchange rates and other manipulative conduct in violation of New York State Banking Law and regulations. The November 2015 consent order pertained to Barclays' automated electronic foreign exchange trading misconduct.
- Barclays Capital Inc. paid the State \$35 million pursuant to a settlement agreement between the Office of the Attorney General of the State of New York and Barclays Capital Inc. to settle investigations into false statements and omissions made in connection with the marketing of their dark pools and other high-speed electronic equities trading services.
- Credit Agricole paid \$459 million, which included (a) a \$385 million civil monetary penalty pursuant to an October 2015 consent order between DFS and Credit Agricole, and (b) an asset forfeiture of \$74 million pursuant to a deferred prosecution agreement with the New York County District Attorney's office. Both the consent order and deferred prosecution agreement pertained to Credit Agricole's processing billions of dollars of payments on behalf of certain sanctioned parties.
- The Bank of Tokyo-Mitsubishi UFJ, Ltd. (BTMU) paid a \$315 million civil monetary penalty pursuant to a November 18, 2014 consent order between DFS and BTMU. This consent order pertained to BTMU's wrongful actions in misleading DFS concerning BTMU's U.S. dollar-clearing services conducted on behalf of sanctioned Sudanese, Iranian, and Burmese parties. Previously, BTMU paid a \$250 million civil monetary penalty pursuant to a June 19, 2013 consent order between DFS and BTMU. Such consent order pertained to BTMU's unlawful clearance through the New York Branch and other New York-based financial institutions of approximately 28,000 U.S. dollar payments, valued at approximately \$100 billion, on behalf of certain sanctioned parties.
- Bank of America (BofA) paid \$300 million pursuant to an August 18, 2014 settlement agreement to remediate harms resulting from BofA's violations of State law regarding the packaging, origination, marketing, sale, structuring, arrangement, and issuance of residential mortgage-backed securities and collateralized debt obligations. The settlement agreement is the result of investigations by Federal and State entities into BofA Corporation, Bank of America, N.A., and BofA Mortgage Securities, as well as their current and former subsidiaries and affiliates.

- Standard Chartered Bank, New York Branch (SCB NY) paid \$300 million pursuant to an August 19, 2014 consent order between DFS and SCB NY for failure to fully comply with a September 21, 2012 consent order between the parties. The August 19, 2014 consent order pertained to SCB NY's use of ineffective risk management systems for the identification and management of risks related to compliance with the Bank Security Act (BSA) and anti-money laundering (AML) laws, rules, and regulations. Such risks included U.S. dollar-clearing for clients of SCB United Arab Emirates and SCB Hong Kong, among others.
- Morgan Stanley paid \$150 million pursuant to a 2016 settlement agreement between the Office of the Attorney General and Morgan Stanley. This settlement agreement pertained to harms to the State resulting from Morgan Stanley's creation, packaging, marketing, underwriting, sale, structuring, arrangement, and issuance of residential mortgage-backed securities in 2006 and 2007.
- Bank Leumi paid a \$130 million civil monetary penalty pursuant to a December 22, 2014 consent order between DFS and Bank Leumi. This consent order pertained to Bank Leumi's (a) knowing and willful operation of a wrongful cross-border banking business which assisted U.S. clients in concealing offshore assets and evading U.S. tax obligations, and (b) misleading DFS about Bank Leumi's improper activities.
- Ocwen Financial (Ocwen) paid a \$100 million civil monetary penalty and another \$50 million as restitution to current and former Ocwen borrowers pursuant to a December 19, 2014 consent order between DFS and Ocwen. This consent order pertained to, among other things, numerous and significant violations of a 2011 agreement between Ocwen and DFS which required Ocwen to adhere to certain servicing practices in the best interest of borrowers and investors. The \$100 million payment is to be used by the State for housing, foreclosure relief, and community redevelopment programs supporting New York's housing recovery. The \$50 million restitution payment will be used to make \$10,000 payments to current and former Ocwen borrowers in New York whose homes were foreclosed upon by Ocwen between January 1, 2009 and December 19, 2014. The balance of the \$50 million will then be distributed equally among borrowers who had foreclosure actions filed against them by Ocwen between January 1, 2009 and December 19, 2014, but in which Ocwen did not complete such foreclosure action.
- Citigroup Inc. (Citigroup) paid \$92 million pursuant to a July 2014 settlement agreement to remediate harms to the State resulting from the packaging, marketing, sale, structuring, arrangement, and issuance of residential mortgage-backed securities and collateralized debt obligations. The settlement agreement is the result of investigations into Citigroup by Federal and State entities.
- Goldman Sachs Group, Inc. and Goldman Sachs and Co. (collectively "Goldman") paid a \$50 million civil monetary penalty pursuant to an October 2015 consent order between DFS and Goldman. This consent order pertained to Goldman's failure to implement and maintain adequate policies and procedures relating to post-employment restrictions of former government employees.

- Goldman Sachs Group, Inc. as well as its current and former subsidiaries (collectively “Goldman Sachs”), paid the State \$190 million pursuant to an April 2016 settlement agreement between the Office of the Attorney General and Goldman Sachs. This settlement agreement pertained to the marketing, structuring, arrangement, underwriting, issuance, and sale of residential mortgage-backed securities by Goldman Sachs in 2006 and 2007.
- American Life Insurance Company (ALICO), Delaware American Life Insurance Company (DelAm), and MetLife, Inc. (MetLife) (collectively “MetLife Parties”) paid \$50 million as a civil fine pursuant to a March 31, 2014 consent order between DFS and MetLife Parties. This consent order pertained to a DFS investigation into whether ALICO and DelAm conducted an insurance business in New York without a New York license, and aided other insurers in conducting businesses in New York without a New York license.
- American International Group, Inc. (AIG) paid a \$35 million civil monetary penalty pursuant to an October 31, 2014 consent order between DFS and AIG. This consent order pertained to a DFS investigation which uncovered former subsidiaries ALICO and DelAm (a) solicited, insurance business in New York without a license and (b) made intentional misrepresentations and omissions to DFS concerning such activities.
- PricewaterhouseCoopers LLP (PwC) paid \$25 million pursuant to an August 14, 2014 settlement agreement between DFS and PwC to (a) resolve the DFS’s investigation of PwC’s actions in performing certain consulting services for the Tokyo Branch of The Bank of Tokyo-Mitsubishi UFJ, Ltd. in 2007 and 2008, and (b) establish the basis for a constructive relationship between the parties that will better protect investors and the public.
- AXA Equitable Life Insurance Company (AXA) paid a \$20 million civil fine pursuant to a March 17, 2014 consent order between DFS and AXA. The consent order pertained to whether AXA properly informed DFS regarding the implementation of its “AXA Tactical Manager” strategy.
- Promontory Financial Group, LLC (Promontory) paid the State \$15 million pursuant to an August 18, 2015 agreement between DFS and Promontory. This agreement pertained to Promontory’s performance of regulatory compliance work for Standard Chartered Bank wherein Promontory failed to meet DFS’s requirements for consultants performing such regulatory compliance work.
- New Day Financial LLC Fulton, Maryland (New Day) paid a \$1 million civil monetary penalty pursuant to a November 18, 2015 consent order between the DFS and New Day. The consent order pertained to New Day’s violation of the Nationwide Multistate Licensing System and Registry Rules of Conduct and New York Mortgage Banking Laws.

- The NYS Attorney General announced that Volkswagen AG, Audi and Porsche Affiliates (collectively, “Volkswagen”) paid the State \$32 million in monetary recoveries in accordance with a series of proposed settlement agreements between the Office of the Attorney General (amongst others) and Volkswagen. This settlement agreement pertains to Volkswagen’s violations of emissions standards and state consumer protection laws. Additionally, the State will receive, and the Department of Environmental Conservation (DEC) will administer, approximately \$128 million for air quality improvement programs in New York.
- Volkswagen AG, Audi AG, Volkswagen Group of America, Inc. (d/b/a Volkswagen of America, Inc. or Audi of America, Inc.), Audi of America, L.L.C., and Volkswagen Group of America Chattanooga Operations LLC (collectively “Volkswagen”) will pay \$157.4 million pursuant to a March 29, 2017 Second Partial Settlement Agreement between Volkswagen and Dr. Ing. h.c. F. Porsche AG and Porsche Cars North America, Inc. (together, “Porsche”) (Volkswagen and Porsche together, “Defendants”) and the Attorneys General of the states of Connecticut, Delaware, Maine, New York, Oregon, Rhode Island, Vermont, and Washington, and the commonwealths of Massachusetts and Pennsylvania. The Second Partial Settlement Agreement resolves any claims or potential claims against defendants for their use of “Defeat Devices” in certain vehicles made pursuant to (a) Federal, State and/or local environmental laws, rules and/or regulations, including but not limited to, laws, rules and/or regulations regarding (i) mobile source emissions, (ii) certification, (iii) reporting of information, inspection and maintenance of vehicles, and/or (iv) anti-tampering provisions, and (b) with the exception of Vermont, claims that could be brought for injunctive relief and/or restitution or other monetary payments to consumers under applicable consumer protection, unfair trade, or deceptive acts and practices laws, rules and/or regulations, as well as common law and equitable claims to the extent not previously resolved under the First Partial Settlement Agreement. New York State has been allocated \$32.5 million of the \$157.4 million settlement to be paid by Volkswagen and may, consistent with State law and at its sole discretion, use all or a portion of its allocation for any environmentally beneficial purpose.
- Mega International Commercial Bank Co., LTD. and Mega International Commercial Bank Co. LTD. – New York Branch (collectively “Mega Bank”) paid the State a \$180 million monetary penalty in accordance with an August 19, 2016 consent order between DFS and Mega Bank. This consent order pertains to Mega Bank’s failure to maintain effective complaint and compliance programs, its failure to report the discovery of certain misconduct, and for other violations of New York State Banking Law.
- Agricultural Bank of China Limited and Agricultural Bank of China, New York Branch (collectively “Agricultural Bank of China”) paid the State a \$215 million civil monetary penalty pursuant to a consent order between DFS and Agricultural Bank of China. This consent order pertained to Agricultural Bank of China’s serious and persistent compliance failures which indicate a fundamental lack of recognition of the need for a rigorous compliance infrastructure, and inadequate attention to the state of compliance.

Financial Plan Tables and Accompanying Notes

- PHH Mortgage and PHH Homes Loans, LLC (collectively “PHH Mortgage”) paid a \$28 million penalty in accordance with a 2016 consent order between PHH Mortgage and DFS. This consent order pertained to PHH Mortgage’s failure to (a) maintain books, accounts, records, and files in an appropriate manner, (b) adequately and accurately disclose certain fees, and (c) comply with other laws and regulations.
- Intesa Sanpaola S.p.A. and Intesa Sanpaola S.p.A. New York Branch (collectively “Intesa Bank”) paid the State a \$235 million civil monetary penalty pursuant to a consent order between DFS and Intesa Bank. This consent order pertains to compliance failures by Intesa Bank in 2005-06 and over the past several years, and Intesa Bank’s use of non-transparent practices from 2002-06 to process payments on behalf of Iranian clients and other entities.
- Habib Bank Limited and Habib Bank Limited, New York Branch (together “Habib Bank”) paid a \$225 million civil monetary penalty pursuant to a September 7, 2017 consent order between Habib Bank and DFS. This consent order pertains to Habib Bank’s failure to comply with laws and regulations designed to combat money laundering, terrorist financing, and other illicit financial transactions.
- Cigna Health and Life Insurance Company (Cigna) paid a \$2 million civil penalty pursuant to a November 14, 2017 consent order between Cigna and DFS. This consent order pertains to Cigna’s violation of laws and regulations by selling stop-loss and fully-insured health insurance policies out of state to New York-based small groups with employees in the State.
- Western Union Financial Services, Inc. (Western Union) paid a \$60 million civil monetary penalty pursuant to a January 4, 2018 consent order between Western Union and DFS. This consent order pertains to Western Union’s willful failure to comply with laws and regulations designed to combat money laundering and other illicit financial transactions.
- UBS Securities LLC and UBS Real Estate Securities Inc. (collectively, "UBS") will pay \$41 million to New York State and another \$189 million in consumer relief credits in New York State pursuant to a March 20, 2018 settlement agreement between UBS and the New York State Office of the Attorney General. This settlement agreement pertains to UBS's creation, packaging, structuring, arrangement, underwriting, issuance, marketing and sale of residential mortgage-backed securities prior to January 1, 2009.
- RBS Financial Products Inc. f/k/a Greenwich Capital Financial Products, Inc. (RBS) will pay \$100 million to New York State and another \$400 million in consumer relief credits in New York State pursuant to a March 6, 2018 settlement agreement between RBS and the New York State Office of the Attorney General. This settlement agreement pertains to RBS's creation, packaging, structuring, arrangement, underwriting, issuance, marketing and sale of residential mortgage-backed securities prior to January 1, 2009.

- Bank of America Corporation and Merrill Lynch, Pierce, Fenner and Smith Incorporated (collectively, "BofAML") will pay a \$42 million penalty to the State of New York pursuant to a March 22, 2018 settlement agreement between BofAML and the Office of the Attorney General of the State of New York. This settlement agreement pertains to BofAML's fraudulent conduct in connection with its electronic trading practices.
- Nationstar Mortgage LLC (Nationstar) paid a \$5 million penalty pursuant to an April 11, 2018 consent order between Nationstar and DFS. This consent order pertains to Nationstar's violations of laws, regulations and applicable industry guidance, including (a) failure to obtain authorization for the use of multiple domain names, (b) failure to maintain books, records and customer files, (c) failure to fund mortgage loans within the timeframe set forth in various loan or other documents for individual borrowers, (d) operation of two branch locations without authorization, (e) failure to maintain required documentation in servicing files, (f) failure to maintain a schedule of fees on its website, (g) failure to submit quarterly reports in a timely manner, and (h) failure to file multiple 90-day pre-foreclosure notices.
- The Goldman Sachs Group, Inc. (Goldman Sachs) paid a \$54.8 million civil monetary penalty pursuant to a May 1, 2018 consent order between Goldman Sachs and DFS. This consent order pertains to Goldman Sachs conducting business in an improper, unsafe, and unsound manner by failing to implement effective controls over its foreign exchange business.
- Lockton Affinity, LLC and Lockton Companies, LLC (collectively, "Lockton") paid a \$7 million civil monetary penalty pursuant to a May 2, 2018 consent order between Lockton and DFS. This consent order pertains to brokerage, administration, solicitation and marketing of insurance coverage that violated New York State laws and regulations, and submission of inaccurate affidavits required by the insurance law pertaining to excess lines insurance coverage.
- William Penn Life Insurance Company of New York (William Penn) paid a \$6.3 million civil penalty pursuant to a May 3, 2018 consent order between William Penn and DFS. This consent order pertains to unapproved reinsurance transactions in 2014 through 2018, and materially inaccurate statements to DFS regarding such reinsurance transactions.
- Chubb Group Holdings Inc. and Illinois Union Insurance Company (collectively, "Chubb") paid a \$1.3 million civil monetary penalty pursuant to a May 7, 2018 consent order between Chubb and DFS. This consent order pertains to Chubb's issuance of insurance policies in New York State, or policies otherwise covering New York State residents, which may not be offered in the New York State excess line market. Chubb also issued liability insurance coverage to New York residents that failed to contain required liability insurance policy provisions.

- Deutsche Bank AG and Deutsche Bank AG New York Branch (collectively, Deutsche Bank), paid a \$205 million civil monetary penalty pursuant to a June 20, 2018 consent order between Deutsche Bank and DFS. This consent order pertains to Deutsche Bank conducting business in an improper, unsafe, and unsound manner by failing to implement effective controls over its foreign exchange business.
- Athene Life Insurance Company of New York (“Athene”) paid a \$15 million civil monetary penalty pursuant to a June 28, 2018 consent order between Athene and DFS. This consent order pertains to Athene’s failure to provide required information to about 15,000 policyholders from 2015 to 2017.
- American Family Life Assurance Company of New York paid a \$176,890 civil penalty pursuant to a July 2, 2018 consent order between American Family Life Assurance Company of New York and DFS. This consent order pertains to violations of New York State Insurance laws and regulations in connection with the life, annuities and accident and health insurance business.
- Transamerica Financial Life Insurance Company paid a \$762,700 civil penalty pursuant to a July 2, 2018 consent order between Transamerica Financial Life Insurance Company and DFS. This consent order pertains to violations of New York State Insurance laws and regulations in connection with the life, annuities and accident and health insurance business.
- Wells Fargo & Company (“Wells Fargo”) will pay \$65 million penalty pursuant to an October 18, 2018 Settlement Agreement between Wells Fargo and the Office of the Attorney General of the State of New York. This Settlement Agreement pertains to Wells Fargo’s representations to investors regarding its cross-selling business model and publicly reported cross-sell metrics. This payment has not been reflected as the disposition of the funds by the Attorney General is not yet known.
- Mashreqbank, psc and Mashreqbank, psc, New York Branch (together, “Mashreqbank) paid a \$40 million penalty pursuant to an October 10, 2018 Consent Order between Mashreqbank and DFS. This consent order pertains to Mashreqbank’s (a) failure to maintain an effective and compliant AML program, and (b) failure to maintain and make available appropriate books, accounts and records reflecting all transactions and actions. Aetna Health, Inc., Aetna Health Insurance Company of New York and Aetna Life Insurance Company (hereinafter “Aetna”) paid a \$1.95 million civil penalty pursuant to a December 12, 2018 consent order between Aetna and DFS. This consent order pertains to Aetna’s business practices and fulfillment of their obligations to policyholders and claimants.

- Oscar Insurance Corporation (hereinafter "Oscar Insurance") paid a \$576,950 civil penalty pursuant to a December 12, 2018 consent order between Oscar Insurance and DFS. This consent order pertains to Oscar Insurance's (a) failure to make a determination for prospective and concurrent utilization reviews within the required time; (b) failure to include an accurate and detailed explanation of the clinical rationale for denials in the adverse determination notices; and (c) failure to include forfeiture language in the explanation of benefit statements.
- Wells Fargo & Company ("Wells Fargo") paid a \$65 million penalty pursuant to an October 18, 2018 settlement agreement between Wells Fargo and the Office of the Attorney General of the State of New York. This settlement agreement pertains to Wells Fargo's representations to investors regarding its cross-selling business model and publicly reported cross-sell metrics in violation of law.
- Conduent Education Services, LLC, f/k/a Xerox Education Services, LLC, f/k/a and d/b/a ACS Education Services, Inc. (hereinafter "ACS") paid \$1 million in penalties pursuant to a January 4, 2019 consent order between ACS and DFS. This consent order pertains to ACS's repeated or persistent fraudulent, illegal or deceptive conduct in the servicing of Federally-guaranteed student loans.
- Barclays Bank PLC and Barclays Bank PLC, New York Branch (together, "Barclays") paid a \$15 million penalty pursuant to a December 18, 2018 consent order between Barclays and DFS. This consent order pertains to Barclays' (a) failure to implement effective governance and controls with respect to its whistleblowing program; and (b) failure to report on the use of Federal law enforcement resources secured through incomplete or inaccurate information provided to a Federal agency, in order to investigate a non-threatening or non-exigent whistleblower complaint.
- Société Générale SA and Société Générale, New York Branch (together, "Société Générale") paid a \$95 million civil monetary penalty pursuant to a November 19, 2018 consent order between Société Générale and DFS. This consent order pertains to Société Générale's persistent, uncorrected, and serious deficiencies in its Secrecy Act/Anti-Money Laundering compliance program that went uncorrected for multiple examination cycles.

- Société Générale SA and Société Générale, New York Branch (together, "Société Générale") paid a \$325 million penalty pursuant to a November 19, 2018 consent order between Société Générale and DFS. This consent order pertains to Société Générale's (a) unsafe and unsound manner of conducting business; (b) failure to maintain an effective and compliant OFAC compliance program; (c) false entries in the books, reports, and statements and omissions of material with the intent to deceive or mislead; (d) failure to maintain and make available, at the New York Branch, appropriate books, accounts and records reflecting all transactions and actions; (e) failure to submit a report immediately upon discovering fraud, dishonesty, making of false entries and omission of true entries, or other misconduct; and (f) failure to submit a report of one or more incidents that appear to relate to a plan or scheme that would be of interest to similar organizations located in the same area or throughout the state.
- Société Générale SA paid the New York County District Attorney's Office pursuant to a November 18, 2018 deferred prosecution agreement between Société Générale SA and the Office of the United States Attorney for the Southern District of New York. This deferred prosecution agreement pertains to Société Générale SA's violation of U.S. economic sanctions, which caused both affiliated and unaffiliated U.S. financial institutions to process transactions that otherwise should have been rejected, blocked or stopped for investigation. The State will receive \$77.649 million of the payment.
- FedEx Corporation, FedEx Ground, Federal Express Corporation, FedEx Freight, and FedEx Corporate Services, Inc. (together, "FedEx") paid \$35 million pursuant to a December 27, 2018 Settlement Agreement between FedEx, the City of New York, and the People of the State of New York. This settlement agreement pertains to FedEx's alleged shipment of illegal cigarettes.
- The Standard Chartered Bank and Standard Chartered Bank, New York Branch (together, "Standard Chartered") paid a \$40 million civil monetary penalty pursuant to a January 29, 2019 Consent Order between Standard Chartered and the New York State DFS. This consent order pertains to Standard Chartered's unsafe, unsound, and improper conduct, and its failure to implement effective controls over its foreign exchange business.
- The Metropolitan Life Insurance Company paid a \$19.75 million civil penalty pursuant to a January 28, 2019 Consent Order between the Metropolitan Life Insurance Company and the New York State DFS. This consent order pertains to Metropolitan Life Insurance Company's pension risk transfer group annuity operations.

Note 14 – List of Settlement Uses (Prior to FY 2020 Executive Budget)

The following purposes were identified in past budgets and are expected to continue to be funded with Extraordinary Monetary Settlement funds reappropriated in FY 2019:

- **Thruway Stabilization (\$2.0 billion).** The \$2.0 billion investment will support both the New NY Bridge project and other transportation infrastructure needs for the rest of the Thruway system.
- **Upstate Revitalization Program (\$1.7 billion).** Awarded \$1.5 billion in 2015 to the three Upstate regions selected as Upstate Revitalization Initiative (URI) best plan awardees. An additional \$200 million (\$170 million from Extraordinary Monetary Settlements) was provided in 2016 to support projects in the remaining four eligible Upstate regions.
- **Health Care/Hospitals (\$725 million).** Provides \$680 million in grants to health care providers to facilitate mergers, consolidation, acquisition, or other significant corporate restructuring activities. The Plan also funds capital expenses of RPCI (\$15.5 million); a community health care revolving loan (\$19.5 million); and IT and other infrastructure costs associated with the inclusion of behavioral health sciences in the Medicaid Managed Care benefit package (\$10 million).
- **Affordable and Homeless Housing (\$640 million).** Settlement funds will augment the multi-year investment in affordable housing development and services (\$590 million), and provide housing opportunities for individuals and families who are homeless or at risk of homelessness (\$50 million). Funds will be invested over five years to create new housing opportunities for individuals and families in need of supportive services, as well as to assist vulnerable populations in securing stable housing.
- **Broadband Initiative (\$500 million).** Funds the New NY Broadband Fund Program to expand the availability and capacity of broadband across the State, or development of other telecommunication infrastructure. This program is intended to expand the creation of high-speed networks and promote broadband adoption.
- **Buffalo Billion Phase II (\$400 million).** The Financial Plan reflects an additional investment of \$400 million from Extraordinary Monetary Settlement funds to support the second phase of the Buffalo Billion initiative, which totals \$500 million.
- **Life Sciences (\$320 million).** The Financial Plan reflects the commitment of \$320 million from Extraordinary Monetary Settlement funds to support the State's multi-year \$620 million Life Sciences Initiative. The State will provide \$220 million to support state-of-the-art laboratory space, equipment, and technology. Furthermore, \$100 million will be provided in investment capital for early stage life science firms, which is expected to be matched by private sector partners.

- **MTA Capital Plan (\$315 million).** Includes \$250 million for the MTA Penn Station Access project, which will open a new Metro-North link directly into Penn Station. The project is expected to provide enhanced system resiliency, improvements in regional mobility, and construction of four new Metro-North stations in the Bronx. An additional \$65 million paid in FY 2018 was also provided for the MTA's 2015-2019 Capital Program.
- **Resiliency, Mitigation, Security, and Emergency Response (\$250 million).** Provides funding for preparedness and response efforts related to severe weather events, as well as efforts to prevent, prepare for, and respond to acts of terrorism, other public safety and health emergencies, and natural and manmade disasters. Additionally, funding has been used for counterterrorism efforts in New York City, including increased security and anti-terror exercises at nine MTA-operated bridges and tunnels.
- **Transportation Capital Plan (\$200 million).** Provides funding for transportation infrastructure projects across the State.
- **Municipal Restructuring and Consolidation Competition (\$170 million).** Includes \$20 million in funding for a municipal consolidation competition to encourage the reduction of costs through a competitive process administered by the Department of State (DOS). This funding is in addition to \$150 million for the first Downtown Revitalization Initiative, and for municipal restructuring to assist and encourage local governments and school districts to implement shared services, cooperation agreements, mergers, and other actions that are intended to reduce operating costs and property tax burdens.
- **Transformative Economic Development Projects (\$150 million).** Includes funds to promote economic development in Nassau and Suffolk counties.
- **Environmental Protection Fund (EPF) (\$120 million).** This \$120 million and other EPF resources provide dedicated funding to communities throughout New York State to improve the environment, respond to problems caused by climate change, and reduce greenhouse gas emissions.
- **Infrastructure Improvements (\$115 million).** Funding for infrastructure improvements to support transportation, upstate transit, rail, airport, port, and other projects.
- **Downtown Revitalization Round Two (\$100 million).** The Downtown Revitalization Initiative funds housing, economic development, transportation, and community projects to attract and retain residents, visitors, and businesses to downtowns.
- **Economic Development (\$85 million).** Funding for economic development with the intention of creating jobs, strengthening and diversifying economies, and generating economic opportunities across the State, including investments in infrastructure.

- **Southern Tier/Hudson Valley Farm Initiative (\$50 million).** Funding to help landowners in the Southern Tier and Hudson Valley maintain and develop farming, agricultural, and related businesses.
- **Empire State Poverty Reduction Initiative (ESPRI) (\$25 million).** The ESPRI will bring together State and local government, nonprofits, and community groups to design and implement coordinated solutions for addressing poverty in 16 municipalities: Albany, Binghamton, the Bronx, Buffalo, Elmira, Hempstead, Jamestown, Newburgh, Niagara Falls, Oneonta, Oswego, Rochester, Syracuse, Troy, Utica, and Watertown.
- **Non-MTA Transit (\$20 million).** Funds will be directed by the DOT toward upstate and downstate public transportation systems other than the MTA to defray the costs of capital projects or acquisitions.

Extraordinary Monetary Settlements - Cash Flow Management

Since 2015, the receipt of \$11.8 billion in Extraordinary Monetary Settlements has increased the State's cash on hand and improved its liquidity position. A large portion, \$8.3 billion, of the Extraordinary Monetary Settlements has been enacted, or is proposed for capital projects that are expected to spend over multiple years. This has provided the flexibility to use these cash resources temporarily to support capital spending and avoid issuing debt immediately, saving on interest costs. Accordingly, the Financial Plan continues to assume that Extraordinary Monetary Settlements will temporarily be used for two different purposes:

1. Use \$1.3 billion to fund bond-financed capital disbursements. As shown in the table below, settlement resources were used to pay for \$1.3 billion of capital spending in FY 2018 to support higher education, transportation, and economic development. This advance from settlement funds will be repaid when the State reimburses this capital spending with bond proceeds in FY 2018 (\$800 million) and FY 2019 (\$500 million).
2. Meet initial capital funding requirements for the Javits expansion project. As shown in the table below, spending for the Javits expansion will be supported by settlement fund balances in the first instance, beginning in FY 2018. Subsequently, these expenses will be reimbursed from bond proceeds from planned issuances in FYs 2020 and 2021.

Note: This table reflects certain capital spending that is not reported in actual cash spending results, but is reported in the State's GAAP Financial Statements. This spending is related to programs which are financed directly from bond proceeds that are on deposit at various public authorities rather than from a short-term loan from the Short-Term Investment Pool or cash from the General Fund.

NOTE 1: Cash disbursements can vary from the level of appropriation authority due to intra-year transfers or suballocation, changes in the amount/timing of carry-out spending, and the use of agency appropriation interchange authorization. Appropriation amounts include new authority, reappropriations, and other amendments, but do not include carry-in authority from prior years which is subject to lapse.

NOTE 2: Special statewide appropriation authority is available to all State agencies to meet funding needs during emergencies, and for the Federal Government's share of costs resulting from natural or man-made natural disasters in advance of the availability of Federal reimbursement.

NOTE 3: The State maintains two-year appropriations for Medicaid programs. The Medicaid appropriation also includes authorization for Medicaid spending that is expected to occur outside of DOH.

NOTE 1: Cash disbursements can vary from the level of appropriation authority due to intra-year transfers or suballocation, changes in the amount/timing of carry-out spending, and the use of agency appropriation interchange authorization. Appropriation amounts include new authority, reappropriations, and other amendments, but do not include carry-in authority from prior years which is subject to lapse.

NOTE 2: Special statewide appropriation authority is available to all State agencies to meet funding needs during emergencies, and for the Federal Government's share of costs resulting from natural or man-made natural disasters in advance of the availability of Federal reimbursement.

NOTE 3: The State maintains two-year Medicaid appropriations along with authorization for Medicaid spending outside of DOH.
